Lowell A Study Of Industrial Development:

Lowell Margaret Terrell Parker,1940 The Lower Merrimack River Valley Peter M. Molloy,1976 **Lowell,**
Massachusetts Lowell Historic Canal District Commission,1977 **The Irony of Victory** Marc S. Miller,1988 Mill
Power Paul Marion,2014-09-08 Mill Power documents the making of a national park that changed the concept of what a
national historical park could be For a time in the 1800s Lowell was Massachusetts s cosmopolitan must see second city The
city s industrial model was as high tech then as Silicon Valley is today It drew the attention of luminaries like Charles
Dickens Congressmen Davy Crockett and Abraham Lincoln feminist sociologist Harriet Martineau and abolitionist Frederick
Douglass This insider s account of the creative bold community driven process to establish the park explains why today
Lowell National Historical Park is renowned as the partnership park The park s establishment was an integral piece of an
urban revival strategy that has made Lowell the subject of scores of newspaper articles magazine profiles TV and radio
reports scholarly papers and book chapters Historic Preservation magazine has hailed the park as the premier rehabilitation
model for gritty cities worldwide The Lowell story has much to teach the mid sized cities of the nation and the world Mill
Power frames the Lowell comeback in its historical context and brings together the people who dreamed wrote designed
pushed and cheered a new national park into existence along with those who came after with the charges of shaping the
ideas into material form The volume features 100 photos many of them showing the before and after story of this
revitalization **The Sea Captain's Wife** Martha Hodes,2011-02-07 A finalist for the Lincoln Prize The Sea Captain s Wife
comes surprisingly and movingly alive Tina Jordan Entertainment Weekly Award winning historian Martha Hodes brings us
into the extraordinary world of Eunice Connolly Born white and poor in New England Eunice moved from countryside to
factory city worked in the mills then followed her husband to the Deep South When the Civil War came Eunice s brothers
joined the Union army while her husband fought and died for the Confederacy Back in New England a widow and the mother
of two Eunice barely got by as a washerwoman struggling with crushing depression Four years later she fell in love with a
black sea captain married him and moved to his home in the West Indies Following every lead in a collection of 500 family
letters Hodes traced Eunice s footsteps and met descendants along the way This story of misfortune and defiance takes up
grand themes of American history opportunity and racism war and freedom and illuminates the lives of ordinary people in the
past A Library Journal Best Book of the Year and a selection of the Book of the Month Club Literary Guild and Quality
Paperback Book Club *The Papers of Henry Clay* Henry Clay, The Papers of Henry Clay span the crucial first half of the
nineteenth century in American history Few men in his time were so intimately concerned with the formation of national
policy and few influenced so profoundly the growth of American political institutions The year 1837 found Henry Clay hard at
work in a successful effort to organize and strengthen the new Whig party In his attempt to provide for it an ideological core
he emphasized restoration of the Bank of the United States distribution of the treasury surplus to the states continued

adherence to his Compromise Tariff Act of 1833 and federal funding of internal improvements The achievement of these goals Clay reasoned would mitigate the severe impact of the Depression of 1837 and sweep the Whigs into the White House in 1840 Soon after the election of 1836 Clay began running again for the presidency By 1838 it was clear to him that he would have to come to grips politically with the long muted slavery question This he did in February 1839 in a Senate speech that was so proslavery anti abolitionist and racially extremist that it cost him the Whig presidential nomination at the Harrisburg convention in December 1839 William Henry Harrison was nominated in his stead and won handily But one month after his inauguration Harrison died and Vice President John Tyler a states rights Democrat turned Whig was elevated to the presidency Senator Clay emerged from his disappointment at Harrisburg as the acknowledged leader of the Whig party and further unified it in a wide ranging assault on the Tyler administration s refusal to support Whig principles By the end of 1843 Tyler had been broken the Whig party was Clay s to lead and the Kentuckian was again in the presidential lists Confident that 1844 would surely be his year Clay unfortunately failed to see the formation and growth of the black cloud that was Texas annexation Publication of this book was assisted by a grant from the National Historical Publications and Records Commission *The Cotton Dust Papers* Charles Levenstein, Gregory Delaurier, Mary Lee Dunn, 2018-02-06 The Cotton Dust Papers is the story of the 50 year struggle for recognition in the U S of this pernicious occupational disease The authors contend that byssinosis could have and should have been recognized much sooner as a great deal was known about the disease as early as the 1930s Using mostly primary sources the authors explore three instances from the 1930s to the 1960s in which evidence suggested the existence of brown lung in the mills yet nothing was done What the story of byssinosis makes clear is that the economic and political power of private owners and managers can hinder and shape the work of health investigators **SR-213 Construction, Chelmsford, Lowell and Dracut, Middlesex County**, 1976 **Monthly Labor Review** ,1940 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews
