Henry Wood Wilson

Loyalists Of Revolutionary Delaware:

The Loyalists of Revolutionary Delaware Harold Bell Hancock, 1977 **The Delaware Loyalists** Harold Bell Hancock, 1972 **The Loyalists of Revolutionary Delaware** Harold Bell Hancock, 1977 **The Loyalists of Delaware During the American Revolution** Henry Wood Wilson, 1935 *The Other Loyalists* Joseph S. Tiedemann, Eugene R. Fingerhut, Robert W. Venables, 2009-04-17 In *The Other Loyalists* we meet for the first time the ordinary people of the Middle Colonies who remained loyal to Britain during the American Revolution. The first important new scholarship in decades, these essays uncover the reasons why middle and lower class citizens chose to become Loyalists, how they participated in and endured the Revolution, and what happened to them because of their defeat. In unprecedented clarity, we are allowed to see the tragedy, violence, and suffering of places such as the lower Delaware and Hudson valleys, the Delmarva Peninsula, western Pennsylvania, and northern Virginia. This book fills an important void in our understanding of the American Revolution, reminding us that not all Loyalists were members of the elite and that their motivations were a complicated medley of political beliefs, religious convictions, and self-interest.

Proceedings of the House of Assembly of the Delaware State, 1781-1792, and of the Constitutional Convention of 1792 Claudia L. Bushman, Harold Bell Hancock, Elizabeth Moyne Homsey, 1988 This volume of the proceedings of Delaware's lower house completes the publication of Delaware's legislative papers, a project envisioned by Delawareans more than one hundred years ago.

Warner Mifflin Gary B. Nash, 2017-07-28 Warner Mifflin, energetic, uncompromising, and reviled, was the key figure connecting the abolitionist movements before and after the American Revolution. A descendant of one of the pioneering families of William Penn's Holy Experiment, Mifflin upheld the Quaker pacifist doctrine, carrying the peace testimony to Generals Howe and Washington across the blood-soaked Germantown battlefield and traveling several thousand miles by horse up and down the Atlantic seaboard to stiffen the spines of the beleaguered Quakers, harried and exiled for their neutrality during the war for independence. Mifflin was also a pioneer of slave reparations, championing the radical idea that after their liberation, Africans in America were entitled to cash payments and land or shared crop arrangements. Preaching restitution, Mifflin led the way in making Kent County, Delaware, a center of reparations doctrine. After the war, Mifflin became the premier legislative lobbyist of his generation, introducing methods of reaching state and national legislators to promote antislavery action. Detesting his repeated exercise of the right of petition and hating his argument that an all-seeing and affronted God would punish Americans for national sins, many Southerners believed Mifflin was the most dangerous man in America, a meddling fanatic who stirred the embers of sectionalism after the ratification of the Constitution of 1787. Yet he inspired those who believed that the United States had betrayed its founding principles of natural and inalienable rights by allowing the cancer of slavery and the dispossession of Indian lands to continue in the 1790s. Writing in beautiful prose and marshaling fascinating evidence, Gary B. Nash constructs a convincing case that Mifflin belongs in the Quaker antislavery pantheon with William Southeby, Benjamin Lay, John

Woolman and Anthony Benezet **The Loyalists in Revolutionary America, 1760-1781** Robert McCluer Calhoun, 1973
Comments on the personalities who criticized or opposed colonial resistance during the pre Revolutionary period and describes loyalist activity between 1776 and 1781 **Prisoners of Congress** Norman E. Donoghue II, 2023-06-13 In 1777 Congress labeled Quakers who would not take up arms in support of the War of Independence as the most Dangerous Enemies America knows and ordered Pennsylvania and Delaware to apprehend them In response Keystone State officials sent twenty men seventeen of whom were Quakers into exile banishing them to Virginia where they were held for a year Prisoners of Congress reconstructs this moment in American history through the experiences of four families the Drinkers the Fishers the Pembertons and the Gilpins Identifying them as the new nation s first political prisoners Norman E Donoghue II relates how the Quakers once the preeminent power in Pennsylvania and an integral constituency of the colonies and early republic came to be reviled by patriots who saw refusal to fight the English as borderline sedition Surprising vital and vividly told this narrative of political and literal warfare waged by the United States against a pacifist religious group during the Revolutionary War era sheds new light on an essential aspect of American history It will appeal to anyone interested in learning more about the nation s founding **The Philadelwareans, and Other Essays Relating to Delaware** John Andrew Munroe, 2004 This volume presents a varied sampling of the author s writings from the past sixty years along with some previously unpublished materials It begins with a long prologue that the author calls a literary autobiography and this story is continued and amplified in introductory notes that accompany each of the following items the relationship between Delaware and the city of Philadelphia This theme reappears in many guises in the background of other items as for example in a summary of New Castle s history in an investigation of an experiment in nonresident representation in Congress and in explanation of the unique importance of an early Wilmington collector of customs In the last essay previously unpublished the relationship is personalized in a reminiscence contributing to the autobiographical theme with which the book began at the University of Delaware
