Lsd Visions Or Nightmares:

LSD, Visions Or Nightmares Michael E. Trulson, 1988 The Haunting of Twentieth-Century America William J. Birnes, Joel Martin, 2011-09-13 In this sequel to *The Haunting of America* national bestselling authors Joel Martin and William J. Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America's fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America's political public and military policies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions UFOs that frightened the nation's military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians *The Haunting of Twentieth Century America* is a thrilling evidencebased exploration of the often unexpected influences of the paranormal on science medicine law the government the military psychology theology death and dying spirituality and pop culture At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied Rhino's Psychedelic Trip Alan Bisbort, Parke Puterbaugh, 2000-10 Readers are invited to take a time trip through the mind blowing era of psychedelics with this illustrated narrative peppered with personal recollections about rock music and radical culture Includes rare photos of players album covers and record labels 200 photos some in color Altered States D. E. Osto, 2016-04-26 In the 1960s Americans combined psychedelics with Buddhist meditation to achieve direct experience through altered states of consciousness As some practitioners became more committed to Buddhism they abandoned the use of psychedelics in favor of stricter mental discipline but others carried on with the experiment advancing a fascinating alchemy called psychedelic Buddhism Many think exploration with psychedelics in Buddhism faded with the revolutionary spirit of the sixties but the underground practice has evolved into a brand of religiosity as eclectic and challenging as the era that created it *Altered States* combines interviews with well known figures in American Buddhism and psychedelic spirituality including Lama Surya Das Erik Davis Geoffrey Shugen Arnold Sensei Rick Strassman and Charles Tart and personal stories of everyday practitioners to define a distinctly American religious phenomenon The nuanced perspective that emerges grounded in a detailed history of psychedelic religious experience adds critical depth to debates over the controlled use of psychedelics and drug induced mysticism The book also opens new paths of inquiry into such issues as re enchantment the limits of rationality the biochemical and psychosocial basis of altered states of consciousness and the nature of subjectivity **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1988 Cultural Encyclopedia of LSD, 2d ed. Wayne Glauesser, 2024-08-30 Albert Hofmann referred to lysergic acid diethylamide better known as LSD as his problem child The wonderful but worrisome psychedelic drug discovered by Hofmann both inspired and unsettled the world with the mischief of

Timothy Leary the acid tests of the Merry Pranksters and social experiments during the Summer of Love and Woodstock two events that altered popular music capturing headlines in the 1960s This second edition encyclopedia updates and adds more than 200 new entries from Hank Williams III and Tucker Carlson to dinosaurs New entries provide documentation of LSD s influence during the 1960s and address a recent resurgence of cultural relevance for the drug **Acid Hype** Stephen Siff,2015-05-15 Now synonymous with Sixties counterculture LSD actually entered the American consciousness via the mainstream Time and Life messengers of lumpen American respectability trumpeted its grand arrival in a postwar landscape scoured of alluring descriptions of drug use while lesser outlets piggybacked on their coverage with stories by turns sensationalized and glowing Acid Hype offers the untold tale of LSD s wild journey from Brylcreem and Ivory soap to incense and peppermints As Stephen Siff shows the early attention lavished on the drug by the news media glorified its use in treatments for mental illness but also its status as a mystical yet legitimate gateway to exploring the unconscious mind Siff s history takes readers to the center of how popular media hyped psychedelic drugs in a constantly shifting legal and social environment producing an intricate relationship between drugs and media experience that came to define contemporary pop culture It also traces how the breathless coverage of LSD gave way to a textbook moral panic transforming yesterday s refined seeker of truths into an acid casualty splayed out beyond the fringe of polite society *Substance Abuse* Sally Myers,Blanche Woolls,1991 *Drugs, Behavior, and Modern Society* Charles F. Levinthal,2002 Organized categorically and based on solid research Levinthal introduces many of the controversies related to drug use and abuse with a focus on health and prevention With a strong emphasis on prevention and education and interesting pedagogical features this book covers the effects of abuse from a biological psychological sociological and health perspective Solid research supports the frank and informative manner in which the material is presented to students The book addresses drug related topics in every aspect of life with information on inhalants over the counter drugs nicotine caffeine and more providing students with the tools to make intelligent decisions and interpret the many ways in which drugs affect their world A new Website accompanying this text provides a wealth of web links that will be useful for students wishing to further research a topic the website will also provide multiple choice questions for the student organized by chapter allowing the student to practice their test taking Critical Thinking questions have been added to the Point CounterPoint feature to enhance class discussion Solid coverage of emerging trends in the field like s **Das Drogentaschenbuch** Ralph Parnefjord,2005
