Williams, 2022-07-13 This book is a study of the role of writers in social revolutions It explores how writing and writers have shaped revolutions and how they continue to do so It also investigates the connection between writers and radicals outlining some of the historical political social and intellectual connections between writers and revolution Overall this is a book of political theory literary theory and political action it is a call for writers to work towards Socialism **Lu Xun's Revolution** Gloria Davies, 2013-04-08 Recognized as modern China's preeminent man of letters Lu Xun 1881-1936 is revered as the nation's conscience a writer comparable to Shakespeare or Tolstoy Gloria Davies's vivid portrait gives readers a better sense of this influential author by situating the man Mao Zedong hailed as the sage of modern China in his turbulent time and place **Amiri Baraka** Jerry Watts, 2001-08 In a chapter sure to prove controversial Watts links Baraka's famous misogyny to an attempt to bury his own homosexual past **BOOK JACKET** **Ideology and Revolution in Southeast Asia 1900-1980** Clive J Christie, Clive J. Christie, 2012-12-06 The concept of Asian Values has recently been emphasized by East and South East Asian political leaders These leaders have argued that European political values have exercised an unhealthy hegemony over the international system not only because of global influence exercised by European ideas during the colonial period but because of Anglo Saxon dominance over the world orders that were set up in the aftermath of both the First and Second World Wars This book considers the interaction between indigenous Asian values and European ideology and the influence this relationship had on the nationalist and revolutionary movements of Southeast Asia that dominated the political systems of Southeast Asia in the period 1945-1975 *Ideology and Revolution in Southeast Asia, 1900-1980* Clive J. Christie, 2001 Drawing on books speeches documents and statements issued by key individuals and political and cultural movements in South East Asia between 1900-1975 this book is an ideological history of South East Asia **A Companion to Modern Chinese Literature** Yingjin Zhang, 2015-08-13 This wide ranging Companion provides a vital overview of modern Chinese literature in different geopolitical areas from the 1840s to now It reviews major accomplishments of Chinese literary scholarship published in Chinese and English and brings attention to previously neglected important areas Offers the most thorough and concise coverage of modern Chinese literature to date drawing attention to previously neglected areas such as late Qing Sinophone and ethnic minority literature Several chapters explore literature in relation to Sinophone geopolitics regional culture urban culture visual culture print media and new media The introduction and two chapters furnish overviews of the institutional development of modern Chinese literature in Chinese and English scholarship since the mid twentieth century Contributions from leading literary scholars in mainland China and Hong Kong add their voices to international scholarship Whither Class? Xueping Zhong, 2025-02-24 This book argues that the revolutionary anti-revolutionary counter-revolutionary and post

revolutionary dialectics in modern Chinese history since the early 20th century characterizes modern and contemporary Chinese literature the most Central to these dialectics are issues of class The book contends that one cannot fully understand modern and contemporary Chinese literature without understanding the class character of Chinese revolutionary and counter revolutionary struggles including literary practices and their various contradictions Considering literature via the notion of the event and focusing on three specific historical junctures this project explores how as a major cultural form literature has played an outsize role in China s struggle for liberation and quest for modernity It highlights the need to understand class and the extent to which it shapes literary and artistic forms and expressions as well as the on going debates over the relationship between politics and aesthetics
