In this brilliantly original book Camille Paglia identifies some of the major patterns that have endured in western culture from ancient Egypt and Greece to the present According to Paglia one source of continuity is paganism which undefeated by Judeo Christianity continues to flourish in art eroticism astrology and pop culture Others she says are androgyny sadism and the aggressive western eye which has created our art and cinema Paglia follows these and other themes from Nefertiti and the Venus of Willendorf to Apollo and Dionysus from Botticelli and Michaelangelo to Shakespeare and Blake and finally to Emily Dickinson who along with other major nineteenth century authors becomes a remarkable example of Romanticism turned into Decadence Paglia offers provocative views of literature art history psychology and religion She focuses for example on the amorality voyeurism and pornography in great art that have been ignored or glossed over by most critics She discusses sex and nature as brutal daemonic forces and she criticizes feminists for sentimentality or wishful thinking about the causes of rape violence and poor relations between the sexes She stressed the biologic basis of sex differences and sees the mother as an overwhelming force who condemns men to lifelong sexual anxiety from which they escape through rationalism and physical achievement She examines the culture and style of modern male homosexuals She demonstrates how much of western life art and thought is ruled by personality which she traces through recurrent types or personae such as the female vampire Medusa Lauren Bacall the pythoness the Delphic oracle Gracie Allen the beautiful boy Hadrian s Antinous Dorian Gray the epicene man of beauty Lord Byron Elvis Presley and the male heroine Baudelaire Woody Allen Her book will stimulate and awe readers everywhere      *Best Sellers* ,1977      **Catalog of Copyright Entries.
