Life is Messy: A Memoir Susie Munson Weinacht, **Us, After: A Memoir of Love and Suicide** Rachel Zimmerman, 2024-06-30 This poignant soul baring memoir is truly one of the most moving accounts of grief loss and resilience that I've read Tara Parker Pope The Washington Post Masterfully written and compelling Zimmerman's book is a marvelous feat I stayed up all night reading it Deesha Philyaw author The Secret Lives of Church Ladies Us After is one of the best memoirs I have read in a very long time It is poetic and lyrical unflinching and a testament to the strength of the human soul We bleed for Zimmerman and her two daughters We laugh and cry with them And ultimately we marvel at their strength and resilience Buzz Bissinger author Friday Night Lights When a state trooper appeared at Rachel Zimmerman's door to report that her husband had jumped to his death off a nearby bridge she fell to her knees unable to fully absorb the news How could the man she married a devoted father and robotics professor at MIT have committed such a violent act How would she explain this to her young daughters And could she have stopped him A longtime journalist she probed obsessively believing answers would help her survive She interviewed doctors suicide researchers and a man who jumped off the same bridge and lived Us After examines domestic devastation and resurgence digging into the struggle between public and private selves life's shifting perspectives the work of motherhood and the secrets we keep In this memoir Zimmerman confronts the unimaginable and discovers the good in what remains **Forgotten Hero: A Memoir** Kathleen
