Imagined Londons Pamela K. Gilbert, 2012-02-01 *Imagined Londons* explores the diverse ways that Britain's global city has been imagined and represented in literature history the arts and popular culture from the mid nineteenth century to the present day American and British contributors examine a variety of topics ranging from poetry to architecture from dance music to gay pornography from tube maps to the role of Bangladeshi communities in shaping contemporary London politics Broadly interdisciplinary and deeply attentive to London's historical diversity the book is unified by its attention to a single question How have the many imaginations and representations of London shaped and been shaped by history and culture The answers provided within this volume offer the chance to view London in surprising new ways **Lud Heat** Iain

Sinclair, 1995 Iain Sinclair's classic early text *Lud Heat* explores mysterious cartographic connections between the six Hawksmoor churches in London In a unique fusion of prose and poetry Sinclair invokes the mythic realm of King Lud who according to legend was one of the founders of London as well as the notion of psychic heat as an enigmatic energy contained in many of its places The book's many different voices including the incantatory whispers of Blake and Pound combine in an amalgamated shamanic sense that somehow works to transcend time The transmogrifying intonations and rhythms slowly incorporate new signs symbols and sigils into the poem that further work on the senses This was the work that set the psychogeographical tone for much of Sinclair's mature work as well as inspiring novels like *Hawksmoor* and *Gloriana* from his peers Peter Ackroyd and Michael Moorcock and Alan Moore's *From Hell* **Comparative Criticism:**
