New Meanings Of Death:

New Meanings of Death Herman Feifel, 1977 Personal Meanings of Death Franz R. Epting, Robert A. Neimeyer, 1984
First published in 1984 Routledge is an imprint of Taylor Francis an informa company The Meaning of Death Kai Horsthemke, 2024-07-23 If death is the cessation of life then as a concept it draws its meaning from the preceding life While death and dying are inextricably connected dying is still a part of life unlike death The Meaning of Death A Philosophical Investigation analyzes death and dying the biotechnical quest for immortality the afterlife and the rationality of self chosen death Assuming eternal life will one day become possible Kai Horsthemke argues that immortality is not obviously desirable and that even if the right to life in principle includes the right to eternal life it must also include the right to self determined dying and death Although there is no creationist basis for existence and the finality of death remains a universal inevitable prospect this need not undermine confidence in the personal and transpersonal value of human activities Life is valuable not only because of its uniqueness and unrepeatability but also because it is finite The meaning of death is essentially that it gives meaning to life **Death and the Quest for Meaning** Stephen Strack, Herman Feifel, 1997 Essays in tribute to pioneering researcher Herman Feifel cover all aspects of thanatology the study of death and dying and the care of the dying and bereaved Topics include the role of the caregiver the process of grief religious and spiritual perspectives how children cope with death and assisted death Of interest to social workers nurses psychotherapists physicians clergy and educators Annotation copyrighted by Book News Inc Portland OR **Encyclopedia of Death and Dying** Glennys Howarth, Oliver Leaman, 2003-12-16 In recent years there has been a massive upsurge in academic professional and lay interest in mortality This is reflected in academic and professional literature in the popular media and in the proliferation of professional roles and training courses associated with aspects of death and dying Until now the majority of reference material on death and dying has been designed for particular disciplinary audiences and has addressed only specific academic or professional concerns There has been an urgent need for an authoritative but accessible reference work reflecting the multidisciplinary nature of the field This Encyclopedia answers that need The Encyclopedia of Death and Dying consolidates and contextualizes the disparate research that has been carried out to date The phenomena of death and dying and its related concepts are explored and explained in depth from the approaches of varied disciplines and related professions in the arts social sciences humanities medicine and the sciences In addition to scholars and students in the field from anthropologists and sociologists to art and social historians the Encyclopedia will be of interest to other professionals and practitioners whose work brings them into contact with dying dead and bereaved people It will be welcomed as the definitive death and dying reference source and an essential tool for teaching research and independent study **Facing Death: Images, Insights, and Interventions** Sandra L. Bertman, 2016-01-08 Facing Death is a unique handbook for educators healthcare professionals and counselors It uses materials from the visual arts excerpts from poetry fiction drama and examples from

popular culture to sensitize the reader to important universal issues confronting the dying and those responsible for their care *Encyclopedia of Death & Human Experience* Clifton D. Bryant, Dennis L. Peck, 2009-07-15 This two volume Encyclopdia through multidisciplinary and international contributions and perspectives organizes defines and clarifies more than 300 death related concepts *Death Anxiety Handbook: Research, Instrumentation, And Application* Robert A. Neimeyer, 2015-12-22 Presenting a broad coverage of this major area of studies on death and dying this book provides a systematic presentation of the six most widely used and best validated measures of death anxiety threat and fear These chapters consider the available data on the psychometric properties of each instrument and summarize research using them and also supply a copy of the instrument with scoring keys to facilitate their use In addition other chapters make use of the instrumentation by pursuing questions of applied significance in various health care settings nursing homes psychotherapy death education near death experiences persons with AIDS experiences of bereaved young adults An introductory chapter introduces the major philosophical and psychological theories of the causes and consequences of death anxiety in adult life and a closing chapter gives an overview of death education and how this affects attitudes towards death and dying **The Routledge Companion to Death and Dying** Christopher Moreman, 2017-05-18 Few issues apply universally to people as poignantly as death and dying All religions address concerns with death from the handling of human remains to defining death to suggesting what happens after life The Routledge Companion to Death and Dying provides readers with an overview of the study of death and dying Questions of death mortality and more recently of end of life care have long been important ones and scholars from a range of fields have approached the topic in a number of ways Comprising over fifty two chapters from a team of international contributors the companion covers funerary and mourning practices concepts of the afterlife psychical issues associated with death and dying clinical and ethical issues philosophical issues death and dying as represented in popular culture This comprehensive collection of essays will bring together perspectives from fields as diverse as history philosophy literature psychology archaeology and religious studies while including various religious traditions including established religions like Christianity Judaism Islam Hinduism and Buddhism as well as new or less widely known traditions such as the Spiritualist Movement the Church of Latter Day Saints and Ra lianism The Routledge Companion to Death and Dying is essential reading for students and researchers in religious studies philosophy and literature **Dying** Hannelore Wass, Robert A. Neimeyer, 2018-10-24 This work provides an up to date examination of the ways people face dying and bereavement In this third edition previous chapters are throroughly revised and new contributors expand areas that have changed significantly Reflecting the field s complex interdisciplinary character the chapters cover such diverse areas as psychology nursing medicine AIDS family studies sociology education philosophy law religion the humanities and political science whilst highlighting thanatology s core psychological and therapeutic caregiving dimensions First the text offers broad examinations of death systems from the vantage points of various cultural historical and disciplinary perspectives The second

section represents the core of the book offering detailed surveys of the data of death dying and bereavement as they relate to different phases of our encounter with death as an abstract possibility and concrete reality Next are chapters addressing a cluster of death related issues and challenges that confront us at both a societal and individual level such as AIDS and finally the volume closes with a few reflections on the complexity of contemporary thanatology framing some issues and recommendations that deserve greater attention by scholars researchers policy makers and practitioners Also included is a comprehensive resource bibliography on the topic This text is intended to be of use as a resource for all those interested in reading about death studies both professionals and students alike

Living, Dying, Death, and Bereavement (Volume Two) David E. Balk, 2020-10-21 This two volume book offers extensive interviews with persons who have made significant contributions to thanatology the study of dying death loss and grief The book's in depth conversations provide compelling life stories of interest to clinicians researchers and educated lay persons and to specialists interested in oral history as a means of gaining rich understandings of persons' lives Several disciplines that contribute to thanatology are represented in this book such as psychology religious studies art literature history social work nursing theology education psychiatry sociology philosophy and anthropology The book is unique no other text offers such a comprehensive insightful and personal review of work in the thanatology field The salience of thanatology is obvious when we consider several topics including the aging demographics of most countries the leading causes of death the devastation of COVID 19 the realities of how most persons die the growth both of hospice and of efforts within medicine to ensure that a good death becomes the norm of medical practice and increases in the number of countries and states permitting physician assisted suicide This second volume includes conversations with 16 thanatologists a rich extensive bibliography an index of names and subjects and a biographical sketch of the author The experts interviewed in this volume include Danai Papadatou Holly Prigerson Jack Jordan Illene Cupit Heather Servaty Seib Irwin Sandler Simon Shimshon Rubin Carla Sofka Harold Ivan Smith and Phyllis Kosminsky
