New Testament Theology and its Quest for Relevance Thomas R. Hatina, 2013-03-14 New Testament theology raises many questions not only within its own boundaries but also in relation to other fields such as history literary criticism sociology psychology history politics philosophy and religious studies But the overarching question concerns the relevance of two thousand year old writings in today's world How does one establish what is and is not relevant in the New Testament How does one communicate the ancient ideas presented in an alien language alien time and alien culture to a contemporary audience This book is intended to serve as a methodological introduction to the field of New Testament theology aimed at a range of readers undergraduate and Seminary students clergy and laypersons interested in the relevance of scripture It is a guide which aims to help readers understand how practitioners of New Testament theology have wrestled with the relationship between historical reconstruction of the New Testament and its interpretation in the modern world

The Word Among Us Terry L. Burden, 2022-07-19 *The Word Among Us* Theologies of the Hebrew Bible Old Testament is a topical approach to the study of the Judeo Christian Bible Each topic is a survey of the many theological themes we encounter in the Biblical narrative such as the theology of Biblical History Torah Moses Election Covenant Land Kingship Prophecy and many more Special topics include The Theology of the Fall of Israel Theology of Messianic Expectations and The Theology of Israel Of particular interest is The Theology of Story which introduces the story oriented literary discipline At the center of Biblical theology is the tragic fall of the Northern Kingdom of Israel in 722 B C E and the Southern Kingdom of Judah in 586 B C E From these periods many of the theological motifs such as covenant law and prophecy arise to address and to explain these tragedies in Israelite history The primary purpose of the present study is a better understanding of the theological function of these motifs or themes A theological function is the power of a Biblical narrative to constitute and to restore the Israelite people who were struggling to survive the late period of Biblical history A special feature of my study are the several promptings from Biblical topics of the many discussions that relate to the New Testament and Christian teachings My approach to the study of the Hebrew Bible Old Testament is unique among other introductions to the Hebrew Bible This book therefore is very important to both the Jewish and the Christian reader

Espinoza, James Riley Estep Jr., Shirley Morgenthaler, 2018-10-15 *Story Formation and Culture* brings together a myriad of scholars researchers and ministry leaders into conversation about how we can effectively nurture the spirituality of children Built around the three

themes of story formation and culture this volume blends cutting edge research and insights with attention to how we can bring theory into practice in our ministries with children The work of children s spiritual formation is often a marginalized component in the church s overall ministry This volume seeks to equip pastors leaders and scholars with cutting edge research and practices that effectively strengthen their ministries with children Edward Schillebeeckx and Interreligious Dialogue Edmund Kee-Fook Chia,2012-01-23 If Schillebeeckx had been Asian how would he have responded to the phenomenon of religious pluralism This book attempts to answer that question beginning with a dialogue with the Vatican Declaration Dominus Iesus and discerning how Schillebeeckx s methodology has been applied in Asian theology Employing the hermeneutical critical method Schillebeeckx asserts that the Word of God did not come down to us as it were vertically in a purely divine statement it must be interpreted In today s context of so many religions so many cultures and so many poor God s Word invites the church to be a sacrament of dialogue Through dialogue the church will be challenged by other religions and challenge them in return Christianity will then be put in its place as well as given the place which is its due

Why Tongues? The Initial Evidence Doctrine in North American Pentecostal Churches Kenneth Richard Walters,2019-08-26 The modern Pentecostal movement has been studied many times in relation to its theological and sociological background Previous studies however have not focused on the distinctivie doctrine of that movement the teaching that speaking in tongues is the initial physical evidence of the Baptism in the Holy Spirit Given that Pentecostals believe that this is a work of grace such a doctrine seems unlikely to arise as physical evidence is seldom required or looked for in the life of a believer in relation to any other area of grace This prompts the question of why such evidence was even being looked for And yet within a very short time of its proposal acceptance of this doctrine was so widespread as to become the hallmark of the movement Insistence on such a doctrine led to many being asked to leave their denominations and thus to the founding of other denominations This book attempts to answer the question Why And specifically Why Tongues *The College Student's Introduction To Theology* Thomas P. Rausch,2017-03-24 This book provides an introduction to the study of theology and its various methods of investigation While most theological texts focus on one facet of study The College Student s Introduction to Theology introduces the whole rich and complex area of

theological studies It is written from a Roman Catholic perspective but the book is consciously ecumenical in its approach Part I Foundations examines the nature of theology as both a science and a work of the Church and the resulting tension between theologians and bishops the Hebrew Scriptures and development of the New Testament canon and an overview of the Church history Part II Systematic Questions tackles Christian faith Christian anthropology moral theology and the sacramental and liturgical life of the Christian Part III Contemporary Issues introduces the concept and various expressions of spirituality the Second Vatican Council and two post conciliar issues ecumenism and feminism Contributors include Christopher Key Chapple PhD John R Connolly PhD Michael Downey PhD Mary M Garascia CPPS PhD Marie Ann Mayeski PhD Mary Milligan RSHM STD John R Popiden PhD Thomas P Rausch SJ PhD Herbert J Ryan SJ STD Jeffrey S Siker PhD and Daniel L Smith Christopher D Phil The Hibbert Journal ,1907 A quarterly review of religion theology and philosophy

Hearing God's Voice: Towards a Theology of Contemporary Pentecostal Revelatory Experience Tania M. Harris,2023-09-25 The revelatory experience or in common parlance hearing God s voice is prized by Pentecostal Charismatic Christians for its contribution to spirituality yet remains one of the most problematic areas of church life Theological tensions and pastoral fallout have plagued the experience since the time of the New Testament Drawing on the tools of practical theology this book presents the findings of a unique and ground breaking study among Australian Pentecostals With a theological framework modelled on New Testament practice and undergirded by the accountability of the local church many of the problems associated with revelatory experience can be addressed and the experience fully harnessed for kingdom purpose **The Bible And Contemporary Culture** Gerd Theissen,2007-01-01 An accessible introduction to the value of the Bible for a general education by a noted scholar **The Collected Works of Edward Schillebeeckx Volume 7** Edward Schillebeeckx,2014-09-25 Christ The Christian Experience in the Modern World focuses on the question of salvation for all people Using seven anthropological constants Schillebeeckx innovatively shows the social and political relevance of faith Inspired by liberation and feminist theologies he puts strong emphasis on human experience and on the importance of examining church teaching in its historical context This volume is a testimony of Schillebeeckx ground breaking attempt to rethink doctrine in the light of the research on the historical Jesus Instead of starting with Christianity s great creedal statements about Christ and the Trinity he focuses on the subjective experience of the first generations of believers as expressed in the New Testament This choice stirred considerable controversy and a Vatican investigation but inspired and still keeps to inspire readers in their personal approach to Christian faith **Future Grace, Revised Edition** John Piper,2012-09-18 Explore this stunning quality of God s grace It never ends In this revision of a foundational work John Piper reveals how grace is not only God s undeserved gift to us in the past but also God s power to make good happen for us today tomorrow and forever True life for the follower of Jesus really is a moment by moment trust that God is dependable and fulfills his promises This is living by faith in future grace which provides God s mercy provision

and wisdom everything we need to accomplish his good plans for us In Future Grace chapter by chapter one for each day of the month Piper reveals how cherishing the promises of God helps break the power of persistent sin issues like anxiety despondency greed lust bitterness impatience pride misplaced shame and more Ultimate joy peace and hope in life and death are found in a confident continual awareness of the reality of future grace
