The African Diaspora in the United States and Canada at the Dawn of the 21st Century John W. Frazier, Joe T. Darden, Norah F. Henry, 2010-09-01 Drawing on the work of social scientists from geographic historical sociological and political science perspectives this volume offers new perspectives on the African Diaspora in the United States and Canada It has been approximately four centuries since the first Africans set foot in North America and although it is impossible for any text to capture the complete Black experience on the continent the persistent legacy of Black inequality and the winds of dramatic change are inseparable parts of the current African Diaspora experience In addition to comparing and contrasting the experiences and geographic patterns of the African Diaspora in the United States and Canada the book also explores important distinctions between the experiences of African Americans and those of more recent African and Afro Caribbean immigrants

Revisiting Multiculturalism in Canada Shibao Guo, Lloyd Wong, 2015-12-01 In 1971 Canada was the first nation in the world to establish an official multiculturalism policy with an objective to assist cultural groups to overcome barriers to integrate into Canadian society while maintaining their heritage language and culture Since then Canada s practice and policy of multiculturalism have endured and been deemed as successful by many Canadians As well Canada s multiculturalism policy has also enjoyed international recognition as being pioneering and effectual Recent public opinion suggests that an increasing majority of Canadians identify multiculturalism as one of the most important symbols of Canada s national identity On the other hand this apparent successful record has not gone unchallenged Debates critiques and challenges to Canadian multiculturalism by academics and politicians have always existed to some degree since its policy inception over four decades ago In the current international context there has been a growing assault on and subsequent retreat from multiculturalism in many countries In Canada debates about multiculturalism continue to emerge and percolate particularly over the past decade or so In this

context we are grappling with the following questions What is the future of multiculturalism and is it sustainable in Canada How is multiculturalism related to egalitarianism interculturalism racism national identity belonging and loyalties What role does multiculturalism play for youth in terms of their identities including racialization How does multiculturalism play out in educational policy and the classroom in Canada These central questions are addressed by contributions from some of Canada's leading scholars and researchers in philosophy psychology sociology history education religious studies youth studies and Canadian studies The authors theorize and discuss the debates and critiques surrounding multiculturalism in Canada and include some very important case studies

An Economic Sociology of Immigrant Life in Canada Abdolmohammad

Kazemipur, 2004 Not long ago the integration of immigrants in host societies was perceived mostly in terms of assimilation an overly simplistic scenario based on which immigrants would learn the language and culture of the native population and the rest would just follow However the developments of the past two decades have shown just how complex this process can be This new book shows the diverse experiences of various groups of immigrants This book takes a fresh look at the experiences of immigrants to Canada The contents of the book are based on over five years of research the author has carried out in Canada and elsewhere using a variety of data sources from quantitative census data through specially designed survey information to materials derived from qualitative research The book is structured in such a way that it can be beneficial to a wide range of readers those interested in in depth examination of immigration issues those leaning more towards narrative texts and those looking only for general research trends and theoretical and policy implications Literature The Calm Before the Storm Preparing to Migrate to Canada Haves and Have nots Poverty Experiences of Immigrants The New Kid in Town Neighbourhood Poverty and Economic Performance What You Know and Who You Know Human Capital Social Capital and Immigrant Life Wrap up and Implications References Index

The Muslim Question in Canada Abdolmohammad

Kazemipur, 2014-05-20 To those who study the integration of immigrants in Western countries both Muslims and Canada are seen to be exceptions to the rule Muslims are often perceived as unable or unwilling to integrate mostly due to their religious beliefs Canada is portrayed as a model for successful integration This book addresses the intersection of these two types of exceptionalism through an empirical study of the experiences of Muslims in Canada Drawing on data from large scale surveys as well as face to face interviews Kazemipur draws a detailed picture of four major domains of immigrant integration institutional media economic and social communal His findings indicate that the integration of Muslims in Canada is not problematic in the institutional and media domains However there are serious problems the economic and social domains which need to be addressed A fresh account of the lives and experiences of Muslim immigrants in Canada this book gets at the roots of the so called Muslim question in Canada Replete with practical implications the analysis shows that instead of fixating on religion the focus should be on economic and social challenges faced by Muslims in Canada

The Changing

Canadian Population Barry Edmonston, Eric Fong, 2011-01-10 Current social and economic changes in Canada raise many

Racism and Anti-Racism in Canada David Este, 2020-07-10T00:00:00Z Multiculturalism is regarded as a key feature of Canada's national identity Yet despite an increasingly diverse population racialized Canadians are systematically excluded from full participation in society through personal and structural forms of racism and discrimination Race and Anti Racism in Canada provides readers with a critical examination of how racism permeates Canadian society and articulates the complex ways to bring about equity and inclusion both individual and systemically

The New Poverty in Canada Abdolmohammad Kazempur, Shivalingappa S. Halli, 2000 During the 1990s a new surge of poverty struck the western industrial nations including Canada Slower economic growth both at national and international levels globalization and the erosion of the welfare state contributed to this poverty surge Moreover there is a widespread perception that this poverty has become increasingly concentrated in certain neighbourhoods known as ghetto inner city poverty zone etc and that such neighbourhoods have become mostly the habitats of minority groups racial minorities in some societies immigrant groups in others This path breaking book examines the relationship between poverty and ethnicity in Canada The authors provide a comprehensive picture of Canadian cities with regard to the concentration of poverty and in particular examine whether there is an ethnic dimension associated with it They find a disturbing trend towards rising poverty levels during the 1990s with poverty tending to be concentrated in certain neighbourhoods Also certain ethnic groups especially visible minorities and those consisting mostly of recent immigrants seem to be doubly disadvantaged suffering not only from a general poverty due to economic factors but also factors related to their immigration status such as limited knowledge of the official languages and the mismatch of their skills and the demands of the labour market The authors compare the Canadian experience with that of the US and European countries examine various explanations and make suggestions for policy makers as to how to combat these disturbing trends

Protecting Multiculturalism John S. McCoy, 2018-06-14 In a post 9 11 sea of social and political discord one state stands apart As an increasingly powerful anti Islamic social movement rises in the West Canada alone remains a viable multicultural state Employing survey and statistical data as well as a series of interviews conducted with religious leaders and policy officials Protecting Multiculturalism explores public safety and security concerns while pointing out the successes pitfalls and sometimes countervailing effects of government measures on Muslims in Canada Engaging with debates surrounding the cultural accommodation of diverse communities John McCoy focuses on two inter

related themes at the heart of the crisis of multiculturalism social integration and national security Even in Canada McCoy argues Muslims can face acute xenophobia and racism problematic national security practices inimical politicians and other troubling warning signs Yet despite these challenges these diverse communities continue to display remarkable resilience An open minded and substantive reflection on the day to day realities for Muslim communities Protecting Multiculturalism seeks a way forward for the Canadian multicultural experiment a future that is marked by dignity and diversity in an increasingly fraught era

Solving Poverty Jim Silver, 2016-03-30T00:00:00Z Poverty in Canada's inner cities is deep complex racialized and often intergenerational In this collection of essays published over the past decade Jim Silver argues that urban poverty today includes not only low incomes but in all too many cases also poor housing poor health low educational achievement high levels of neighbourhood violence racism colonialism and social exclusion As a result many poor people experience low levels of self esteem and self confidence and may blame themselves which is reinforced by the dominant blame the victim discourse about poverty Silver argues that today's urban poverty is qualitatively different than the urban poverty of forty years ago and that there are no quick easy or one dimensional solutions In Solving Poverty Jim Silver a veteran scholar actively engaged in anti poverty efforts in Winnipeg's inner city for decades offers an on the ground analysis of this form of poverty Silver focuses particularly on the urban Aboriginal experience and describes a variety of creative and effective urban Aboriginal community development initiatives as well as other anti poverty initiatives that have been successful in Winnipeg's inner city In the concluding chapter Silver offers a comprehensive pan Canadian strategy to dramatically reduce the incidence of urban poverty in Canada

Canadian Democracy from the Ground Up Elisabeth Gidengil, Heather Bastedo, 2014-06-25 Canada is often held up as an example of a healthy democracy However the Canadian public is less enthusiastic about the way our democracy works Rather than focusing on institutional performance this book approaches the democratic deficit from the perspective of the Canadian public and assesses the performance of political leaders and the media in light of Canadians perceptions and expectations In doing so a number of chapters highlight the disjuncture between perceptions and performance For example governments do keep many of their election promises and media coverage is not as negative as we are apt to believe Similarly the book provides new insights into political apathy by drawing on focus group discussions that represent the first attempt to ask politically

marginalized Canadians why they have turned their backs on politics By introducing the voice of everyday Canadians this book adds a new perspective to political discussions in this country Canadian Democracy from the Ground Up is essential for anyone who would like to learn how to build a better democracy one that meets the expectations of the Canadian public
