Reclaiming the Future Jane Kelsey,2015-12-21 Jane Kelsey s exploration of the effects of globalisation on the New Zealand economy was eye opening when published in 1999 She offered a trenchantly expressed response to the neoliberal slogan of the time There is no alternative Kelsey s analysis remains a critical yardstick for current policies and an alternative perspective on the development of global relationships The recent global financial meltdown and subsequent recession give new relevance to her questions about globalisation s consequences for sovereignty and democracy Kelsey continues to offer a bold voice of challenge and critique pointing the way for open eyed engagement with the economic realities of the future

New Zealand Patrick Massey,1995-04-03 Before 1984 New Zealand was insulated by high levels of protectionism and with a degree of State intervention and regulation unparalleled elsewhere in the western world Since then New Zealand has experienced one of the most far reaching economic reform programmes of any developed economy The book describes and

analyses the radical economic reform programme undertaken in New Zealand since 1985 These reforms included deregulation of the financial sector removal of various forms of assistance to producers particularly in the agricultural sector increased import liberalisation radical tax reform a major overhaul of the public sector and the privatisation of state enterprises The book seeks to explain why a Labour Government embarked upon the sort of reform programme normally considered the preserve of right wing administrations elsewhere It argues that New Zealand s experience provides important lessons for policy makers elsewhere

French Welfare State Reform James Angresano,2011-01-01 This book explores an important emergent issue what types of reforms are required to enable welfare states to preserve sustainability For the purpose of this study a sustainable welfare state is one that can remain the guarantor against social risks and adverse economic trends for all segments of their respective societies and satisfy sound fiscal criteria such as the Maastricht requirement for all members of the EMU that their fiscal budget deficit does not exceed 3% of the GDP without imposing considerable financial burdens on future generations

Debt, Deficits, and Exchange Rates Helmut Reisen,1994-01-01 The collection of essays would provide an excellent supplement to course texts by emphasising the practical applications of theoretical ideas to contemporary international issues Nick Snowden The Economic Journal this volume provides an interesting collection of papers for those seeking a better understanding of the financial aspects of LDEs relations with the rest of the world and in particular for those wishing to explore the vastly different experience with foreign borrowing of East Asia on the one hand and Latin America on the other Ross McLeod Asian Pacific Economic Literature Debt Deficits and Exchange Rates presents recent work by Helmut Reisen on current international monetary problems in East Asia and Latin America Written over the last four years these papers are readily accessible and of immediate policy relevance Catalogue of Publications Documents and Reference Works ,1991

Asia-Pacific Financial Deregulation Gordon De Brouwer,Wisarn Pupphavesa,2002-03-11 Recent events in East Asia have highlighted the risks of volatility and contagion in a financially integrated world Countries in the region had been at the forefront of the movement towards increased integration but the crisis that struck Thailand in July 1997 and the rapidity with which it spread to other East Asian nations suggested that all was not well Weaknesses in domestic financial intermediation poor corporate governance and deficient government responses to large capital inflows all played a role in the build up of vulnerability Asia Pacific Financial Deregulation provides an insight into financial liberalisation and structural reform in the region generally and as illustrated by a number of countries Catalogue of Publications Organisation for Economic Co-operation and Development,1991
