Corruption and Anticorruption in Modern China Qiang Fang, Xiaobing Li, 2018-12-20 *Corruption and Anti Corruption in Modern China* collects essays from the scholars in their fields and examines the ongoing corruption in China by addressing this important topic from a historical perspective through a cooperative interdisciplinary research effort among Chinese American scholars interested in the subject Their scholarship makes a significant contribution through multi faceted components from different fields such as history economics political science criminal justice and popular culture The authors introduce and explore the theory and practice of policy patterns political systems and social institutions by identifying key issues in Chinese government and society contained within the larger framework of the international sphere This book describes a historical transition when the Chinese Communist Party CCP maintained its forceful control of cities while the middle class reluctantly sacrificed its rights in exchange for retaining their economic benefits To survive market economy the party leadership became more flexible and was able to adapt to economic and social change The CCP governments in our research responded to the rising demands and expectations of the society They were willing and able to cope with the middle class by making a few compromises and following certain legal procedures in exchange for continuing political support These practical compromises characterized a new political culture in PRC history since 1949 The book voices the complaints and resentments in the cities and interprets government policies and legal practices It emphasizes the consequence for governance human rights and commercial rule of law all of which threatens the legitimacy of the CCP It also suggests an important evolution of the CCP The reform movement since the 1980s has not yet contributed significantly to the country's democratic transformation or to its social stability The leaders in the 1990s focused on liberal economic reform while discouraging and even stifling political reform As a result economic interest groups successfully established an alliance with CCP officials to control economic policy making and to share political governance In the 2010s Chinese leaders have paid special attention to political scandals corruption and mismanagement in the government and in the Party Flourishing Fasts Nikolas Broy, 2025-12-02 *Flourishing Feasts* is the first book to explore the socioreligious history of the Zhaijiao vegetarian sects that originated in China during the Ming and Qing dynasties and are still active in Taiwan today Through

historical analysis and ethnographic fieldwork Broy shows their engagement in political economic legal and cultural affairs

The Troublesome Legacy of Commissioner Lin Joyce A. Madancy, 2020-03-23 In 1908 a very public crusade against opium was in full swing throughout China and the provincial capital and treaty port of Fuzhou was a central stage for the campaign This the most successful attempt undertaken by the Chinese state before 1949 to eliminate opium came at a time when according to many historians China's central state was virtually powerless This volume attempts to reconcile that apparent contradiction The remarkable albeit temporary success of the anti opium campaign between 1906 and 1920 is as yet largely unexplained How these results were achieved how that progress was squandered and why China's opium problem proved so tenacious are the questions that inspired this volume The attack on this social problem was led by China's central and provincial authorities aided by reformist elites and seemingly supported by most Chinese The anti opium movement relied on the control and oversight provided by a multilayered state bureaucracy the activism and support of unofficial elite led reform groups the broad nationalistic and humanitarian appeal of the campaign and the cooperation of the British government The extent to which the Chinese state was able to control the pace and direction of the anti opium campaign and the evolving nature of the political space in which elite reformers publicized and enforced that campaign are the guiding themes of this analysis

Quest for Power Stephen R. Halsey, 2015-10-12 China's late imperial history has been framed as a long coda of decline played out during the Qing dynasty Reappraising this narrative Stephen Halsey traces the origins of China's current great power status to this so called decadent era when threats of war with European and Japanese empire triggered innovative state building and statecraft

Chinese Complaint Systems Qiang Fang, 2013-01-25 Complaint systems have existed in China for many years and in 2004 a debate took place in the People's Republic of China PRC over the Letters and Visits System xinfang zhidu which was designed to allow people to register complaints with the upper levels of the government However both parties generally overlooked several different complaint systems that had preceded the Letters and Visits System during China's history Indeed despite the rich heritage of numerous complaint systems throughout China's past most studies of complaint systems in China have paid little attention to the origins development practices impact and nature of similar institutions in the longue durée of Chinese history Presenting a comprehensive study of complaint systems in Chinese history from early times to the present this important book fills the gap in existing literature on complaint systems in China Drawing on primary sources Qiang Fang analyses the significance of continuities and changes in historical complaint systems for contemporary China where the state continues to be nominally strong but actually fragile Unlike other major theories of popular resistance to the state in China such as everyday resistance rightful resistance and resistance as legal rights this book develops the theory that behind Chinese complaint systems there was a mentality of natural resistance that has been deeply embedded in Chinese culture political philosophy and folk religion for millennia Given this history Fang concludes that it is likely that some form of complaint system will continue to exist and

by helping to mitigate the increasing demands of the Chinese state on the Chinese will serve to strengthen the state An essential contribution understanding the strengths weaknesses and various roles of the Letters and Visits System in contemporary China as well as the systems that have preceded it throughout China s long history this book will be of huge interest to students and scholars of Chinese history politics and law **Ecclesiastical Colony** Ernest P. Young, 2013-03-05 The French Religious Protectorate was an institutionalized and enduring policy of the French government based on a claim by the French state to be guardian of all Catholics in China The expansive nature of the Protectorate s claim across nationalities elicited opposition from official and ordinary Chinese other foreign countries and even the pope Yet French authorities believed their Protectorate was essential to their political prominence in the country This book examines the dynamics of the French policy the supporting role played in it by ecclesiastical authority and its function in embittering Sino foreign relations In the 1910s the dissidence of some missionaries and Chinese Catholics introduced turmoil inside the church itself The rebels viewed the link between French power and the foreign run church as prejudicial to the evangelistic project The issue came into the open in 1916 when French authorities seized territory in the city of Tianjin on the grounds of protecting Catholics In response many Catholics joined in a campaign of patriotic protest which became linked to a movement to end the subordination of the Chinese Catholic clergy to foreign missionaries and to appoint Chinese bishops With new leadership in the Vatican sympathetic to reforms serious steps were taken from the late 1910s to establish a Chinese led church but foreign bishops their missionary societies and the French government fought back During the 1930s the effort to create an indigenous church stalled It was less than halfway to realization when the Chinese Communist Party took power in 1949 *Ecclesiastical Colony* reveals the powerful personalities major debates and complex series of events behind the turmoil that characterized the nineteenth and early twentieth century experience of the Catholic church in China

particular and how women affected the course of these events For instance did women have a 1911 revolution A socialist revolution If so what did those revolutions look like Which women had them Hershatte uses two key themes to frame her analysis The first is the importance of women s visible and invisible labor The labor of women in domestic and public spaces shaped China s move from empire to republic to socialist nation to rising capitalist power The second is the symbolic work performed by gender itself What women should do and be was a constant topic of debate during China s transformation from empire to weak state to partially occupied territory to nascent socialist republic to reform era powerhouse What sorts of concerns did people express through the language of gender How did that language work and why was it so powerful Drawing on decades of Hershatte s groundbreaking scholarship and mastery of a range of literatures this beautifully written book will be essential reading for all students of China s modern history **Like Cattle and Horses** S. A. Smith,2002-04-09 Exploration of the development of national and class identities among Shanghai workers claiming that nationalism had a greater hold on working class identity between 1895 and 1927 than class consciousness **Zheng Guanying** Guo Wu,2010 Guo Wu is an assistant professor of modern Chinese history at Allegheny College He holds a PhD from the State University of New York at Albany an MA from Georgia State University and a BA from Beijing Language University China Dr Wu is the author of several research articles on modern Chinese political thought and contemporary Chinese film Book Jacket The Religious Question in Modern China Vincent Goossaert,David A. Palmer,2011-04-15 Recent events from strife in Tibet and the rapid growth of Christianity in China to the spectacular expansion of Chinese Buddhist organizations around the globe vividly demonstrate that one cannot understand the modern Chinese world without attending closely to the question of religion The Religious Question in Modern China highlights parallels and contrasts between historical events political regimes and cultural movements to explore how religion has challenged and responded to secular Chinese modernity from 1898 to the present Vincent Goossaert and David A Palmer piece together the puzzle of religion in China not by looking separately at different religions in different contexts but by writing a unified story of how religion has shaped and in turn been shaped by modern Chinese society From Chinese medicine and the martial arts to communal temple cults and revivalist redemptive societies the authors demonstrate that from the nineteenth century onward as the Chinese state shifted the religious landscape consistently resurfaced in a bewildering variety of old and new forms The Religious Question in Modern China integrates historical anthropological and sociological perspectives in a comprehensive overview of China s religious history that is certain to become an indispensable reference for specialists and students alike *Proletarian China* Ivan Franceschini,Christian Sorace,2022-06-07 A century of complex relations between Communists and workers in China In 2021 the Chinese Communist Party celebrated a century of existence Since the Party s humble beginnings in the Marxist groups of the Republican era to its current global ambitions one thing has not changed for China s leaders their claim to represent the vanguard of the Chinese working class Spanning from the night classes for workers organised by student activists in Beijing

in the 1910s to the labour struggles during the 1920s and 1930s from the turmoil of the Cultural Revolution to the social convulsions of the reform era to China's global push today this book reconstructs the contentious history of labour in China from the early twentieth century to this day and beyond This will be achieved through a series of essays penned by scholars in the field of Chinese society politics and culture each one of which will revolve around a specific historical event in a mosaic of different voices perspectives and interpretations of what constituted the experience of being a worker in China in the past century Contributors Corey Byrnes Craig A Smith Xu Guoqi Zhou Ruixue Lin Chun Elizabeth J Perry Tony Saich Wang Kan Gail Hershatter Apo Leong S A Smith Alexander F Day Yige Dong Seung Joon Lee Lu Yan Joshua Howard Bo renlund S rensen Brian DeMare Emily Honig Po chien Chen Yi hung Liu Jake Werner Malcolm Thompson Robert Cliver Mark W Frazier John Williams Christian Sorace Zhu Ruiyi Ivan Franceschini Chen Feng Ben Kindler Jane Hayward Tim Wright Koji Hirata Jacob Eyferth Aminda Smith Fabio Lanza Ralph Litzinger Jonathan Unger Covell F Meyskens Maggie Clinton Patricia M Thornton Ray Yep Andrea Piazzaroli Longobardi Joel Andreas Matt Galway Michel Bonnin A C Baecker Mary Ann O Donnell Tiantian Zheng Jeanne L Wilson Ming sho Ho Yueran Zhang Anita Chan Sarah Biddulph Jude Howell William Hurst Dorothy J Solinger Ching Kwan Lee Chlo Froissart Mary Gallagher Eric Florence Junxi Qian Chris King chi Chan Elaine Sio Ieng Hui Jenny Chan Eli Friedman Aaron Halegua Wanning Sun Marc Blecher Huang Yu Manfred Elfstrom Darren Byler Carlos Rojas Chen Qiufan
