Of Preachers And Pagans:

Of Preachers and Pagans David Davis, 2003-03-23 The men were removed from Shadyvale and dropped into the hell of World War II combat leaving only those males who were very young or past military age Stalwart teens served the needs of the community and the warriors waiting wives In Shadyvale a war of a different sort erupted and the conflict that no one intended or expected dealt murder rape sexual abuse by clergy attempted murder kidnapping justifiable homicide marital infidelity and simple physical assault as village residents acted as their circumstances and true natures compelled them On this fateful field of conflict the pious poseurs perished and the profane prospered in a love that was humble patient chaste and enduring

Preaching and Paganism Albert Parker Fitch, 1920

Pagan Christianity? Frank Viola, George Barna, 2010-09-30 Have you ever wondered why we Christians do what we do for church every Sunday morning Why do we dress up for church Why does the pastor preach a sermon each week Why do we have pews steeples and choirs This ground breaking book now in affordable softcover makes an unsettling proposal most of what Christians do in present day churches is rooted not in the New Testament but in pagan culture and rituals developed long after the death of the apostles Coauthors Frank Viola and George Barna support their thesis with compelling historical evidence and extensive footnotes that document the origins of modern Christian church practices In the process the authors uncover the problems that emerge when the church functions more like a business organization than the living organism it was created to be As you reconsider Christ's revolutionary plan for his church to be the head of a fully functioning body in which all believers play an active role you'll be challenged to decide whether you can ever do church the same way again

Medieval East Central Europe in a Comparative Perspective Gerhard Jaritz, Katalin Szende, 2016-05-12 Medieval East Central Europe in a Comparative Perspective draws together the new perspectives concerning the relevance of East Central Europe for current historiography by placing the region in various comparative contexts The chapters compare conditions within East Central Europe as well as between East Central Europe the rest of the continent and beyond Including 15 original chapters from an interdisciplinary team of contributors this collection begins by posing the question What is East Central Europe with three specialists offering different interpretations and presenting new conclusions The book is then grouped into five parts which examine political practice religion urban experience and art and literature The contributors question and explain the reasons for similarities and differences in governance and strategies for handling allies enemies or subjects in particular ways They point out themes and structures from town planning to religious orders that did not function according to political boundaries and for which the inclusion of East Central European territories was systemic The volume offers a new interpretation of medieval East Central Europe beyond its traditional limits in space and time and beyond the established conceptual schemes It will be essential reading for students and scholars of medieval East Central Europe

A Mirror for the Church David Dunn-Wilson, 2005 It might be assumed that Christian preachers have always proclaimed the same unchanging message in

the same unchanging way to similarly comprised and receptive congregations But this assumption is far from accurate Throughout history the style and subject matter of sermons have repeatedly changed to meet the shifting needs of congregations molded by contemporary events A Mirror for the Church explores this dynamic as it developed in the early church In examining sermons preached during the first five centuries of church history David Dunn Wilson answers some important questions Who were the first preachers What did they preach about and what methods did they use What kinds of people made up the first congregations and how did they relate to the world around them In the process Dunn Wilson uncovers the homiletic themes that remained constant in early church history and shows how preachers and their churches adapted to waves of social change He also suggests ways in which the priorities of the early church might inform preaching and Christian practice today *The Conversion of the Pagan World* Paolo Manna, 1921 *A treatise of three conversions of England from paganism to Christian religion ... The first two parts. By N. D. author of the Ward-word* Robert Parsons, 1688

Masters of Preaching Ray E. Atwood, 2013-12-19 Who were Catholicism's greatest orators What was the key to their effectiveness Was it mere scholastic ability or spiritual inspiration The answer is both In this follow up work Father Ray E Atwood examines the lives, theologies and preaching examples of the Church's greatest preachers This book tells the story in biographical form of Catholic preaching from the Old Testament through today concluding with the homilies of Benedict XVI Masters of Preaching takes the reader around the world in search of homiletic gems Readers will learn about the stories of familiar figures such as Saint Gregory the Great and less familiar figures such as Monsignor Francis Friedl Readers will also discover how these men moved their congregations to deeper faith and greater understanding of the mysteries of salvation Two appendices at the end of the book serve as a terrific resource for those looking for practical illustrations of lectionary themes This book is an excellent resource for anyone interested in the subjects of public speaking and Church history

Augustine's Theology of Preaching Peter T. Sanlon, 2014-07-01 Scholarship has painted many pictures of Augustine the philosophical theologian the refuter of heresy or contributor to doctrines like Original Sin but the picture of Augustine as preacher says Sanlon has been seriously neglected When academics marginalize the *Sermones ad Populum* the real Augustine is not presented accurately In this study Sanlon does more however than rehabilitate a neglected view of Augustine How do the theological convictions that Augustine brought to his preaching challenge sustain or shape our work today By presenting Augustine's thought on preaching to contemporary readers Sanlon contributes a major new piece to the ongoing reconsideration of preaching in the modern day a consideration that is relevant to all branches of the twenty first century church [Women Preachers and Prophets through Two Millennia of Christianity](#) Beverly Mayne Kienzle, Pamela J. Walker, 2023-09-01 For nearly two millennia despite repeated prohibitions Christian women have preached Some have preached in official settings others have found alternative routes for expression Prophecy teaching writing and song have all filled a broad definition of preaching This anthology with essays by an international group of scholars from several disciplines

investigates the diverse voices of Christian women who claimed the authority to preach and prophesy The contributors examine the centuries of arguments grounded in Pauline injunctions against women's public speech and the different ways women from the early years of the church through the twentieth century have nonetheless exercised religious leadership in their communities Some of them based their authority solely on divine inspiration others were authorized by independent minded communities a few were even recognized by the church hierarchy With its lively accounts of women preachers and prophets in the Christian tradition this exceptionally well documented collection will interest scholars and general readers alike For nearly two millennia despite repeated prohibitions Christian women have preached Some have preached in official settings others have found alternative routes for expression Prophecy teaching writing and song have all filled a broad definition

Inexcusables: Salvation and the Virtues of the Pagans in the Early Modern Period Alberto Frigo, 2020-03-14 This thought provoking book deals with religious scholarship and important controversies of the early modern period specifically those relating to the question of the salvation of the pagans and the afterlife From the Reformation through the Renaissance and on to the seventeenth and eighteenth century this was a time when religious scholarship was updated with the discoveries of the New World and colonial expansion These chapters present new work shedding light on the interplay of philosophy and theology in key thinkers such as Montaigne Leibniz Bayle and Spinoza but also in less known authors such as Gianfrancesco Pico della Mirandola and Sebastian Castellio Readers will discover analysis of the reshaping of specific theological issues focussing on the reception of ancient philosophical traditions such as Platonism Aristotelianism Stoicism Epicureanism and scepticism The authors investigate the relationship between

the ethical models inspired by the heroes and philosophers of antiquity and the new philosophy Above all this book enables exploration of the ways in which discussions of the salvation and virtues of pagans intersected with the early modern reception of ancient philosophy including a reassessment of the question of the moral status of unbelievers in the early modern period Students and faculty working on early modern intellectual history will find that this book both inspires and enriches their knowledge Those with an interest in Renaissance humanism the history of early modern philosophy and science in theology or the history of religion will also appreciate the new contributions that it makes

Christianity and Paganism in the Fourth to Eighth Centuries Ramsay MacMullen, 1997-01-01 The slaughter of animals for religious feasts the tinkling of bells to ward off evil during holy rites the custom of dancing in religious services these and many other pagan practices persisted in the Christian church for hundreds of years after Constantine proclaimed Christianity the one official religion of Rome In this book Ramsay MacMullen investigates the transition from paganism to Christianity between the fourth and eighth centuries He reassesses the triumph of Christianity contending that it was neither tidy nor quick and he shows that the two religious systems were both vital during an interactive period that lasted far longer than historians have previously believed MacMullen explores the influences of paganism and Christianity upon each other In a rich discussion of the different strengths of the two systems he demonstrates that pagan beliefs were not eclipsed or displaced by Christianity but persisted or were transformed The victory of the Christian church he explains was one not of obliteration but of widening embrace and assimilation This fascinating book also includes new material on the Christian persecution of pagans over the centuries through methods that ranged from fines to crucifixion the mixture of motives in conversion the stubbornness of pagan resistance the difficulty of satisfying the demands and expectations of new converts and the degree of assimilation of Christianity to paganism
