Of Human Sovereignty

Anja Mihr, Mark Gibney

Of Human Sovereignty:

Of human sovereignty Arthur Freud, **The Sovereignty of Human Rights** Patrick Macklem, 2015-08-20 The Sovereignty of Human Rights advances a legal theory of international human rights that defines their nature and purpose in relation to the structure and operation of international law Professor Macklem argues that the mission of international human rights law is to mitigate adverse consequences produced by the international legal deployment of sovereignty to structure global politics into an international legal order The book contrasts this legal conception of international human rights with moral conceptions that conceive of human rights as instruments that protect universal features of what it means to be a human being The book also takes issue with political conceptions of international human rights that focus on the function or role that human rights plays in global political discourse It demonstrates that human rights traditionally thought to lie at the margins of international human rights law minority rights indigenous rights the right of self determination social rights labor rights and the right to development are central to the normative architecture of the field *Definition and development of human rights and popular sovereignty in Europe* Council Of Europe, European Commission for Democracy through Law, 2011-04-20 What role do the people play in defining and developing human rights This volume explores the very topical issue of the lack of democratic legitimisation of national and international courts and the question of whether rendering the original process of defining human rights more democratic at the national and international level would improve the degree of protection they afford The authors venture to raise the crucial question When can a democratic society be considered to be mature enough so as to be trusted to provide its own definition of human rights obligations Divine Sovereignty and Human Responsibility D. A. Carson, 2002-01-07 Both theology and philosophy wrestle with the tension that exists between the sovereignty of God and human response In Christianity this tension is particularly acute as God is understood to be both omnipotent and benevolent This tension underlies numerous other questions about the nature of God the meaning of human freedom and choice the concept of divine repentance the reign of God and supremely the significance of the incarnation Dr Carson brings clear scholarly insights and finely honed exegetical skills to this all pervasive issue seeing it not so much as a problem to be solved as a framework to be explored He examines the sovereignty responsibility themes in the Old Testament intertestamental literature and in the theology of John's gospel and concludes with a reflection on the theological implications for ministry and mission today **Parliamentary Sovereignty and the Human Rights Act** Alison L Young, 2008-12-05 The Human Rights Act 1998 is criticised for providing a weak protection of human rights The principle of parliamentary legislative supremacy prevents entrenchment meaning that courts cannot overturn legislation passed after the Act that contradicts Convention rights This book investigates this assumption arguing that the principle of parliamentary legislative supremacy is sufficiently flexible to enable a stronger protection of human rights which can replicate the effect of entrenchment Nevertheless it is argued that the current protection should not be strengthened If correctly interpreted the

Human Rights Act can facilitate democratic dialogue that enables courts to perform their proper correcting function to protect rights from abuse whilst enabling the legislature to authoritatively determine contestable issues surrounding the extent to which human rights should be protected alongside other rights interests and goals of a particular society This understanding of the Human Rights Act also provides a different justification for the preservation of Dicey's conception of parliamentary sovereignty in the UK Constitution

Human Rights, State Sovereignty and Medical Ethics Claude Cahn, 2014-10-16 Human Rights State Sovereignty and Medical Ethics Examining Struggles Around Coercive Sterilisation of Romani Women examines the mobilized use by people and groups of the international human rights law framework to move legal policy and ultimately social change at national and local level One particular case study is examined in detail efforts by Romani women in the Czech Republic and Slovakia to secure legal remedy for coercive sterilization International legal aspects of these cases are examined in detail The book concludes by endeavouring to answer questions concerning the nature of international law and the evolution of the post World War II international human rights framework the structure of national sovereignty and the potential impact of both on human autonomy

The Development of Human Rights Law by the Judges of the International Court of Justice Shiv R.S. Bedi, 2007-01-18 The jurisprudence of the International Court of Justice generally demonstrates that no rule of international law can be interpreted and applied without regard to its innate values and the basic principles of human rights Through its case law the ICJ has made immense contributions to the development of human rights law and in so doing continues to provide solutions to mounting international problems such as terrorism and unilateral use of force Part I of the book argues that the legislative spirit of contemporary international law lies in the doctrine of human rights and that the spirit of human rights doctrine lies in the principle of human dignity Furthermore it argues that the processes of international legislation and international adjudication are inseparable and that there is no norm of international law which does not intertwine the fundamental principle of human dignity with human rights doctrine Hence human rights law is more a school of law than merely a normative branch of international law and the ICJ's willingness to engage in the development of human rights law depends upon which judicial ideology its judges subscribe to In order to evaluate how this human rights spirit is manifested or occasionally not manifested through the vast jurisprudence of the ICJ Parts II and III critically examine the Court's principal contentious and advisory cases in which it has treated human rights questions The legal reasoning of the Court and the opinions appended to its decisions by its individual judges are analysed in light of the principle of human dignity and the doctrine of human rights

Negotiating Sovereignty and Human Rights Michaelene Cox, 2016-04-22 Providing an overview of institutional developments and innovations in human rights politics this volume discusses some of the most important current and emerging human rights issues It takes stock of the initiatives policy responses and innovations of past years to identify some of the challenges that will likely require bold and innovative solutions The contributors focus on actors and or issues that are outside the mainstream of

international human rights politics the chapters address issues that have only emerged as an important part of the international human rights agenda and generated much advocacy diplomacy and negotiations since the end of the Cold War These issues include the International Criminal Court the norm of Responsibility to Protect R2P the proliferation of small arms and light weapons and its human rights impact truth commissions and the rights of persons with disabilities The contributions offer a direct challenge to entrenched notions of state sovereignty and represent a departure from established ways of policy making

International Encyclopedia of Human Geography, 2019-11-29 International Encyclopedia of Human Geography Second Edition Fourteen Volume Set embraces diversity by design and captures the ways in which humans share places and view differences based on gender race nationality location and other factors in other words the things that make people and places different Questions of for example politics economics race relations and migration are introduced and discussed through a geographical lens This updated edition will assist readers in their research by providing factual information historical perspectives theoretical approaches reviews of literature and provocative topical discussions that will stimulate creative thinking Presents the most up to date and comprehensive coverage on the topic of human geography Contains extensive scope and depth of coverage Emphasizes how geographers interact with understand and contribute to problem solving in the contemporary world Places an emphasis on how geography is relevant in a social and interdisciplinary context

Between Cosmopolitan Ideals and State Sovereignty R. Tinnevelt, G. Verschraegen, 2006-10-26 Between Cosmopolitan Ideals and State Sovereignty explores how philosophers and political theorists have recast principles of justice and human rights in the light of challenges posed by globalization It discusses ethical issues that arise at a global level and considers whether human rights and sovereignty can ever be reconciled

The SAGE Handbook of Human Rights Anja Mihr, Mark Gibney, 2014-07-21 The SAGE Handbook of Human Rights will comprise a two volume set consisting of more than 50 original chapters that clarify and analyze human rights issues of both contemporary and future importance The Handbook will take an inter disciplinary approach combining work in such traditional fields as law political science and philosophy with such non traditional subjects as climate change demography economics geography urban studies mass communication and business and marketing In addition one of the aspects of mainstreaming is the manner in which human rights has come to play a prominent role in popular culture and there will be a section on human rights in art film music and literature Not only will the Handbook provide a state of the art analysis of the discipline that addresses the history and development of human rights standards and its movements mechanisms and institutions but it will seek to go beyond this and produce a book that will help lead to prospective thinking

Handbook of Human Security Mary Martin, Taylor Owen, 2013-11-07 This Handbook will serve as a standard reference guide to the subject of human security which has grown greatly in importance over the past twenty years Human security has been part of academic and policy discourses since it was first promoted by the UNDP in its 1994 Human Development Report

Filling a clear gap in the current literature this volume brings together some of the key scholars and policy makers who have contributed to its emergence as a mainstream concept including Nobel prize winner Amartya Sen and Sadako Ogata who jointly chaired the 2001 Commission on Human Security Drawing upon a range of theoretical and empirical analyses the Handbook provides examples of the use of human security in policies as diverse as disaster management arms control and counter terrorism and in different geographic and institutional settings from Asia to Africa and the UN It also raises important questions about how the concept might be adapted and operationalised in future Over the course of the book the authors draw on three key aspects of human security thinking Theoretical issues to do with defining human security as a specific discourse Human security from a policy and institutional perspective and how it is operationalised in different policy and geographic contexts Case studies and empirical work Featuring some of the leading scholars in the field the Routledge Handbook of Human Security will be essential reading for all students of human security critical security conflict and development peace and conflict studies and of great interest to students of international security and IR in general

The Sovereign Human Being Valentin Jeutner, 2024-10-31 Sovereign is who decides and who decides is responsible The book develops these two arguments by comparing Carl Schmitt's and Dietrich Bonhoeffer's theories of sovereignty Carl Schmitt was an influential jurist of Nazi Germany Dietrich Bonhoeffer was a Lutheran priest hanged for his involvement in a plot to assassinate Adolf Hitler In many ways the two men could not be more different But they both struggled with the question of how to maintain order and how to prevent violence at times of crisis In this considered work Jeutner brings these two thinkers into careful dialogue They both agreed that order is established not by appealing to existing norms or general principles but by an individual's sovereign decision Ascribing sovereignty to individuals communicates that they always have a choice and that they are always responsible for these choices Thus it is not just powerful individuals who have the choice to bring wars to an end or who can combat climate change This exploratory work reveals that by making sovereign decisions ordinary individuals too can work towards the peaceful resolution of conflicts or reduce their carbon footprint Making such sovereign decisions is not easy for individuals who are taught to follow orders and norms For this reason this book supplements the comparative analysis of Schmitt and Bonhoeffer with an action guiding decision making framework While the proposed framework departs from Schmitt's and Bonhoeffer's theses by recognizing the agency responsibility and sovereignty of all individuals Jeutner argues that this acknowledgement of the universal sovereignty of individuals is the only way to bring about the orderly and peaceful world of which Schmitt and Bonhoeffer dream

Agamben and the Politics of Human Rights John Lechte, 2013-05-23 Human rights are in crisis today Everywhere one looks there is violence deprivation and oppression which human rights norms seem powerless to prevent This book investigates the roots of the current crisis through the thought of Italian philosopher Giorgio Agamben Human rights theory and practice must come to grips with key problems identified by Agamben the violence of the sovereign state of exception and the reduction of humanity to bare life

Any renewal of human rights today must involve breaking decisively with the traditional coordinates of Western political thought and instead affirm a new understanding of life and political action

The Mirage of Dignity on the Highways of Human 'Progress' Lukman Harees, 2012-01-16 The Modern Man is hypocritically boasting of unprecedented material progress in a world where inter alia millions daily go to bed hungry die or get killed through unwanted wars and preventable causes live in inhumane conditions vulnerable being exploited with ever widening inequality and might still ruling over right in international relations even in the post UDHR era an indictment on the collective conscience of mankind Besides the flame of materialism has been devouring time tested moral values causing chaos within the basic unit in society the family and relegating Man and his dignity to the level of animals and even manipulating his identity Therefore questions arise Is Moral law fading are political economic systems and institutions like UN failing in realizing the lofty goal of affording due dignity basic rights and social justice humanity deserves Can the bystanders be mere onlookers anymore This book seeks to dispassionately survey the yawning gap between the rhetoric and the ground reality in bringing about dignity and social justice for humanity from bystanders perspective in the light of these questions and underlines the imperative need for moral progress to go hand in hand to make Man assume his due role as the trustee on earth It also exhorts bystanders to close ranks as human dignity champions rights defenders identity protectors against onslaughts from power hungry politicians mighty powers and vested interests This is the need of the times and what our future progeny demands

Political Theory and the Animal/Human Relationship Judith Grant, Vincent G. Jungkuz, 2016-03-31 Examines how the animal human divide has influenced power dynamics The division of life into animal and human is one of the fundamental schisms found within political societies Ironically given the immense influence of the animal human divide especially upon power dynamics the discipline in charge of theorizing and studying power political science and theory has had little to say about the animal human This book seeks to amend this vast oversight Acknowledging the complexity of the changing differences between animals and humans the contributors explore such topics as Marx Freud the animal and civilization dog breeding racism and democracy the meaningful silences of animals how sovereignty reconfigures the animal human and the paradoxical struggles against being dehumanized among immigrant workers in a slaughterhouse Political Theory and the Animal Human Relationship is necessary reading for anyone who wants to understand how power has been influenced by the animal human divide and what we can do about it

Non-Human Nature in World Politics Joana Castro Pereira, André Saramago, 2020-08-26 This book explores the interconnections between world politics and non human nature to overcome the anthropocentric boundaries that characterize the field of international relations By gathering contributions from various perspectives ranging from post humanism and ecological modernization to new materialism and post colonialism it conceptualizes the embeddedness of world politics in non human nature and proposes a reorientation of political practice to better address the challenges posed by climate change and the deterioration of the Earth s ecosystems The book is divided

into two main parts the first of which addresses new ways of theoretically conceiving the relationship between non human nature and world politics In turn the second presents empirical investigations into specific case studies including studies on state actors and international organizations and bodies Given its scope and the new perspectives it shares this edited volume represents a uniquely valuable contribution to the field *Human Rights in International Relations* David P.

Forsythe,2006-05-04 New edition of successful textbook surveying international human rights in an age of terrorism

Christianity 101 Gilbert Bilezikian,2009-07-13 You Mean to Say You Don t Know the Meaning of Monophysitism Hypostatic Union Infralapsarian Traducianism Chiliastic Pneumatomachian Cheer up You don t have to have thousand dollar vocabulary in order to grasp the priceless basics of Christianity Christianity 101 bridges the gap between biblical scholarship and people who want to understand the Christian faith This book presents eight basic doctrines of Christianity The Bible God Christ Holy Spirit Human Beings Redemption The Church and The Last Things in clear simple language that gives seasoned Christians a fresh understanding of the Bible and its teachings and puts new Christians on familiar terms with Christian doctrine Gilbert Bilezikian does not shape his analysis of these doctrines in the worn out rationalistic categories of older systematic theologies but in vibrant dynamic language designed to communicate biblical truths to contemporary believers

Seven Moralities of Human Resource Management T. Klikauer,2014-10-28 Seven Moralities of Human Resource Management analyses morality of HRM from the perspective of American psychologist Laurence Kohlberg This book examines and makes value judgements on whether or not HRM is moral from the viewpoint of Kohlberg s seven stages of morality as a follow up study of the author s 2012 book Seven Management Moralities

Of Human Sovereignty Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Of Human Sovereignty free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Of Human Sovereignty free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Of Human Sovereignty free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Of Human Sovereignty. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or

magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Of Human Sovereignty any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Of Human Sovereignty Books
