Yalom, 2013-04-04 Love's Executioner offers us the humane and extraordinary insight of renowned psychiatrist Irvin D Yalom into the lives of ten of his patients and through them into the minds of us all Why was Saul tormented by three unopened letters from Stockholm What made Thelma spend her whole life raking over a long past love affair How did Carlos s macho fantasies help him deal with terminal cancer In this engrossing book Irvin Yalom gives detailed and deeply affecting accounts of his work with these and seven other patients Deep down all of them were suffering from the basic human anxieties isolation fear of death or freedom a sense of the meaninglessness of life that none of us can escape completely And yet as the case histories make touchingly clear it is only by facing such anxieties head on that we can hope to come to terms with them and develop Throughout Dr Yalom remains refreshingly frank about his own errors and prejudices his book provides a rare glimpse into the consulting room of a master therapist Dr Yalom demonstrates once again that in the right hands the stuff of therapy has the interest of the richest and most inventive fiction Eva Hoffman New York Times These remarkably moving and instructive tales of the psychiatric encounter bring the reader into novel territories of the mind and the landscape is truly unforgettable Maggie Scarf Love's Executioner is one of those rare books that suggests both the mystery and the poetry of the psychotherapeutic process The best therapists are at least partly poets With this riveting and beautifully written book Irvin Yalom has joined their ranks Erica Jong Dr Yalom offers a valuable insight into the delicate process of therapy Sunday Telegraph Dr Yalom is unusually honest both with his patients and about himself Anthony Storr Yalom is a gifted storyteller and from the sound of these tales a no less gifted psychotherapist Los Angeles Times No Bullshit Therapy Jeff Young, 2023-12-05 Do you have clients who do not want to be helped Clients who don t trust you your

profession or your service Clients who don't want to change despite your best efforts Then No Bullshit Therapy NBT is for you Most simply NBT is about being authentic Many people are cajoled pressured or mandated to see therapists counsellors and other helpers Hence they are reluctant suspicious and resistant to being helped This puts professionals in the difficult position of trying to help someone who does not want to be helped To make things worse there are few practice models designed to engage people who don't want to be engaged NBT creates a context for mutual honesty and directness in working relationships Creating a context for mutual honesty and directness can be refreshingly effective especially with people who are suspicious of counselling or distrustful of the counsellor When combined with warmth and care honesty and directness can enhance co operation connection and trust especially if the practitioner avoids jargon and acknowledges constraints to the work NBT is ideal for working with people who Don't like therapy or the idea of therapy even if they've never had it Don't trust warm fuzzy do gooders or psychologists Are suspicious of services because they have experienced trauma and have had abusive institutional experiences or unsatisfactory treatment in the past Don't see themselves as a client don't agree with the referrer's description of them or their problems and appear to not want to change Practical and engaging this book is an essential guide for therapists counsellors and other allied health professionals who are looking for a more effective way to connect with reluctant clients and ensure they get the support they need It may also help you create more robust relationships at work and at home

A General Theory of Love Thomas Lewis, Fari Amini, Richard Lannon, 2007-12-18 This original and lucid account of the complexities of love and its essential role in human well being draws on the latest scientific research Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain A General Theory of Love demonstrates that our nervous systems are not self contained from earliest childhood our brains actually link with those of the people close to us in a silent rhythm that alters the very structure of our brains establishes life long emotional patterns and makes us in large part who we are Explaining how relationships function how parents shape their child's developing self how psychotherapy really works and how our society dangerously flouts essential emotional laws this is a work of rare passion and eloquence that will forever change the way you think about human intimacy

**With You** UMUT TEKİN, 2025-09-15 Dear Readers Throughout our lives we have all carried the weight of invisible chains Sometimes these chains are born from our fears sometimes from the shadows of the past and at other times from the limits others have imposed on us Yet within us a voice constantly whispers You are ready for more You can be freer It s time to rise This book Everything Starts With You Break Your Chains Stand Up was written to help you hear that voice and remember the power within you Breaking your chains is not just an act of courage it is also a declaration of rebirth Psychology shows us that our belief patterns shape our behaviors and our thoughts determine the course of our lives But true transformation begins not merely by knowing this but by internalizing it and taking a determined step forward It is in that moment we

realize that chains do not define us instead they are the tests that reveal our true selves This book is not just a personal development guide it is a companion on your journey As you turn its pages I will remind you life does not challenge you to break you but to lift you up And remember the source of success and change is never outside it has always been within you Written alongside The Story of Rising Up this book is an invitation to break your chains and walk boldly toward your freedom Because you are far stronger than you think And here is the ultimate truth Everything starts with you Break your chains rise up and write your own story With love Umut TEK N
