of the pervasiveness of market logic in today's world *Branding Latin America: Strategies, Aims, Resistance* offers a sustained critical analysis of these transformations which see identities deliberately re-defined according to the principle of competition and strategically re-oriented towards the market. Through context-sensitive case studies that foreground a specific under-examined set of practices and concepts, this volume draws particular attention not only to the reconfigurations of citizenship, identity and culture according to an insidious logic of market competitiveness, but also to the ways in which different actors resist, survive and even thrive in such a context. In so doing, it illuminates the ambivalent relationships between the local, national and global, the individual and collective, the public and private and the economic, political and cultural landscapes that characterize contemporary Latin America and the wider world. **Teaching Religion and Film** Gregory J

Watkins, 2008-08-22 In *Teaching Religion and Film*, an interdisciplinary team of scholars thinks about the theoretical and pedagogical concerns involved with the intersection of film and religion in the classroom. They examine the use of film to teach specific religious traditions, religious theories and perspectives on fundamental human values. Some instructors already teach some version of a film and religion course, and many have integrated film as an ancillary to achieving central course goals. This collection of essays helps them understand the field better and draws the sharp distinction between merely watching movies in the classroom and comprehending film in an informed and critical way. **The Inevitable Dossier**

Roberth "Messiah" Edberg, 2006-05-19 Basic understanding: What if I told you that your most precious and fundamental values were controlled by others? I guess you most likely would doubt it. It's however both true and inevitable. Dossier context: Have you ever felt like being that little child who discovered that the Emperor was naked and that there were no new clothes? What if I told you that the Holy Grail contains the answer to why the little child spoke up and you didn't? This dossier presents a pathway to understanding. You and you alone can decide if you are ready.
