The Body ??, 1987-01-01. This book explores mind-body philosophy from an Asian perspective. It sheds new light on a problem central in modern Western thought. Yuasa shows that Eastern philosophy has generally formulated its view of mind-body unity as an achievement, a state to be acquired rather than as essential or innate. Depending on the individual's own developmental state, the mind-body connection can vary from near dissociation to almost perfect integration. Whereas Western mind-body theories have typically asked what the mind-body is, Yuasa asks how the mind-body relation varies on a spectrum from the psychotic to the yogi, from the debilitated to the athletic, from the awkward novice to the master musician. Yuasa first examines various Asian texts dealing with Buddhist meditation, kundalini yoga, acupuncture, ethics and epistemology, developing a concept of the dark consciousness not identical with the psychoanalytic unconscious as a vehicle for explaining their basic view. He shows that the mind-body image found in those texts has a striking correlation to themes in contemporary French phenomenology, Jungian psychoanalysis, psychosomatic medicine and neurophysiology. The book clears the ground for a provocative meeting between East and West, establishing a philosophical region on which science and religion can be mutually illuminating. *A History of Philosophy: History of modern philosophy* Friedrich Ueberweg, 1874

Nondual Love A. H. Almaas, 2023-03-21. From beloved author and teacher A H Almaas, an exploration of love beyond the boundaries of the individual self, revealing that nondual love is the nature of everything, including ourselves. Love is a transformative aspect of the spiritual path, and in fact, it is our very nature. A H Almaas takes us on a journey beyond a narrow individual understanding of love to an exploration of what he calls the boundless dimension of Divine Love. This is not the kind of love that we feel toward somebody else; it is nondual, a love without boundaries. Or put another way, it is universal, true nature experienced as love. By shifting our focus beyond our individual human experience to the experience of the whole of existence, we are able to see the true richness of the universe. All of reality takes on a quality of inner light, of softness and ease, of sweetness and holding. When we are open to the dimension of nondual love, we can relax and trust our inner ground, that is also the ground of everything, our true nature, free from limitations, a sense of complete release, freedom and delight.

that is free of conflict fear insecurity and worry Almaas discusses the obstacles that make it difficult to awaken to true nature in this form such as our belief in a separate self and our past conditioning Each chapter includes an inquiry or practice such as explorations of attachments and worldly desires as well as inquiries into union surrender and grace *Summa Theologica, Volume 3 (Part II, Second Section)* St Thomas Aquinas,2013-01-01 The Summa Theologica is the best known work of Italian philosopher scholar and Dominican friar SAINT THOMAS AQUINAS 1225 1274 widely considered the Catholic Church s greatest theologian Famously consulted immediately after the Bible on religious questions at the Council of Trent Aquinas s masterpiece has been considered a summary of official Church philosophy ever since Aquinas considers approximately 10 000 questions on Church doctrine covering the roles and nature of God man and Jesus then lays out objections to Church teachings and systematically confronts each using Biblical verses theologians and philosophers to bolster his arguments In Volume III Aquinas addresses faith and heresy charity peace and war mercy anger and justice prayer truth and much more This massive work of scholarship spanning five volumes addresses just about every possible query or argument that any believer or atheist could have and remains essential more than seven hundred years after it was written for clergy religious historians and serious students of Catholic thought *Love Your Looks* Carolyn Hillman,1996-01-08 How to escape the tyranny of the beauty imperative and how to move beyond the belief that one s value and worth depends on one s looks It is accompanied by practical exercises and visualisations [The Padgett Messages-Soulful Teachings Living with Divine Love-](#) Zara Borthwick,Nicholas Arnold,2018-07-31 Between the years 1914 1920 James E Padgett received spirit communications that introduce the Divine Love and natural love that are connected with teachings relating to the mortal soul God and the spirit world When James himself passed into his spirit life his friend Eugene Morgan received 3 known communications from James 1923 1925 In the year 2017 the message of Divine Love continues as James conveys spirit life experience that relates with his experiences as a man receiving spirit communication and now as a spirit living with Divine Love in his spirit life in the spirit world There is at present a worldwide readership of The Padgett Messages and now we are fortunate to have James the receiver and James the conveyer along with all the spirits who have contributed toward the realisation and fulfilment when living with Divine Love and perfecting our natural love The Padgett Messages 1914 1920 and 2017 2018 provide a great reach of love that is an example for us all **New York Stories** Editors of New York Magazine,2010-06-23 The magazine that is the city that is the world Just in time for its fortieth anniversary New York magazine presents a stunning collection of some of its best and most influential articles stories that captured the spectacle the turbulence and the cultural realignments of the past four decades Covering subjects from Radical Chic to Gawker com written by some of the country s most renowned authors here are works that broke news perfectly captured the moment or set trends in motion In New York Stories Gloria Steinem whose Ms Magazine was introduced in New York broaches the subject of women s liberation Tom Wolfe coins The Me Decade and Steve Fishman piercingly portrays the
