Loves Virtues:

Receptive Human Virtues Elizabeth Agnew Cochran, 2011 An examination of the writings on virtues and ethics of eighteenth century Puritan Jonathan Edwards Provided by publisher **The Cardinal Virtues** Saint Thomas (Aquinas), 2004 These translations from the Latin works of Thomas Aquinas Albert the Great and Philip the Chancellor concentrate on the four cardinal virtues prudence justice courage and temperance first identified by Plato as essential requirements for living a happy and morally good life An historical introduction traces the development of the doctrine of four cardinal virtues from Greek philosophy through the thirteenth century The treatment isolates three stages in this development 1 Greek and Roman Philosophi Socrates Plato Aristotle early Stoics Cicero and Seneca 2 early Christian Sancti Ambrose Jerome Augustine and Gregory and 3 medieval schoolmen Magistri Master Peter Lombard Philip the Chancellor Albert and Aquinas BOOK JACKET

Augustine on the Nature of Virtue and Sin Katherine Chambers, 2024-01-10 Augustine of Hippo is a key figure in the history of Christianity and has had a profound impact on the course of western moral and political thought Katherine Chambers here explores a neglected topic in Augustinian studies by offering a systematic account of the meaning that Augustine gave to the notions of virtue vice and sin Countering the view that he broke with classical eudaimonism she demonstrates that Augustine's moral thought builds on the dominant approach to ethics in classical pagan antiquity A critical appraisal of this tradition reveals that Augustine remained faithful to the eudaimonist approach to ethics Chambers also refutes the view that Augustine was a political pessimist or realist showing that it is based upon a misunderstanding of Augustine's ideas about the virtue of justice Providing a coherent account of key features in Augustine's ethics her study invites a new and fresh evaluation of his influence on western moral and political thought Loving Creation Gary Chartier, 2022-09-27 Is it true that all we need is love Does love capture the essence of Christian ethics Does a love centered ethic need to be impartial in a way that leaves no room at ground level for relationships and projects What is the place of well being in an ethic of love Loving Creation The Task of Moral Life seeks to answer these questions by showing how a love ethic and an ethic of creation are not at odds but rather reinforce each other Gary Chartier articulates a love centered creation ethic or a creation centered love ethic and applies it to such issues as sex economic life love for enemies and political order In the book Chartier offers a powerful alternative both to natural law theories that seem to lose sight of the welfare of actual people and to the accounts of Christian love that embrace an alienating impartiality He develops an understanding of Christian love as focused on creation that can contribute effectively to enriching both social practices and personal lives Loving Creation is unabashedly theological But the theological considerations it adduces are ones that will allow Christians to engage in the public sphere with adherents of other religious traditions and of none It is a contribution not only to theological understanding but also to personal moral reflection to church practice and to Christian participation in public life

On Love and Charity Saint Thomas Aquinas, 2008-07 Among the great works of Thomas Aquinas the Commentary on the

Sentences of Peter Lombard has suffered almost total neglect among translators. Such neglect is surprising considering that the massive Commentary more than 4 000 pages in the last printed edition is not only Aquinas's first systematic engagement with all the philosophical and theological topics on which he expended his energy over the span of a short career but is also characterized by an exuberance and elaborateness seldom found in his subsequent writings. Although Chenu had already drawn attention decades ago to the importance of studying this youthful tour de force for a fuller understanding of Thomas's more mature work, the Commentary on the Sentences has remained a closed book for many modern students of Thomistic and medieval thought because of its relative inaccessibility in English or in Latin. The present volume containing all the major texts on love and charity makes available what is by far the most extensive translation ever to be made from the Commentary with the added benefit that the better part of the translation is based on the as yet unpublished critical edition of the Leonine Commission. The collection of texts from all four books has a tight thematic coherence that makes it invaluable to students of Thomas's moral philosophy, moral theology, and philosophical theology. In addition, the inclusion of parallel texts from Aquinas's first Parisian Commentary as well as from his second Roman attempt at a commentary, the recently rediscovered *Lectura Romana*, makes this edition all the more valuable for those who wish to track the internal development of Thomas's thinking on these matters. The new availability of so many rich passages from the Commentary on the Sentences will encourage and facilitate use of a magnificent resource that deserves to be better known. The printed volume is supplemented by a web-based document containing a fuller introduction, webnotes, and a bibliography. To reach this supplementary information, click [here](#).

ABOUT THE TRANSLATORS Peter A. Kwasniewski is associate professor of philosophy and theology at Wyoming Catholic College and editor of *Wisdom's Apprentice: Thomistic Essays in Honor of Lawrence Dewan, O.P.* Thomas Bolin, O.S.B., is a monk at the Monastero di San Benedetto in Norcia, Italy. Joseph Bolin is adjunct professor of philosophy at the International Theological Institute in Garmisch, Austria, and adjunct instructor of Latin for the Austrian Program of the Franciscan University of Steubenville.

PRAISE FOR THE BOOK The present volume contains by far the most extensive English translation from the *Scriptum* to date. The translators of *On Love and Charity* have aimed to give a translation which is neither too literal nor too liberal, trying to find the golden mean between an unintelligibly Latinised or an enjoyable but unfaithful English version. This impressive volume will be of a great help for those wishing to study Aquinas and the issue of love in more depth. B. Toth

Love people. An oft-proclaimed rallying cry for Christians, but what does it look like in practice to love? We may believe that love is the greatest (1 Cor 13:13). Love may be our destination. But do we know how to get there? This book addresses essential questions about the Christian life: What is a true, compelling, and helpful Christian understanding of love? What is spiritual growth supposed to do to us or for us or for others through us? How can we speak of grace and personal initiative in one theological vision? How do we go beyond a spirituality that is either too privatized and insular or too activist without the undergirding character needed to sustain
