The Horses of Sierra Leone Leeland Shelly Nash,2023-05-18 In this gripping and painful memoir

Leeland Shelly Nash recounts her first tour of duty as a UN military observer in Sierra Leone while the country transitions from a brutal civil war to the election of a new government. As if acclimating to the stresses of her first overseas deployment in a country that is still on the brink of implosion is not enough, she must also contend with gender discrimination and covert actions by someone seeking her repatriation back to Canada for reasons beyond simple sexism. Having engaged in similar struggles throughout her military career, she refuses to back down. While forced to second-guess the next actions of her comrades, she strives to continue to do her job and make a difference to the people around her in the mission and to find hope in the midst of her discouraging environment.

Visions and Revisions Robert Burr, Barry Wallenstein, 2001-10-04 This anthology takes a unique approach to the process of poetry. Each poem included in the book is followed by at least one earlier draft or version of that poem. The reader is thus able to explore the development of the poet's vision and to make a variety of historical, aesthetic, and intellectual comparisons. The poets represented have been chosen both on the basis of the aesthetic strength of their work and on the grounds of the availability of previous versions of their work. The inclusion of a number of selections by poets ranging from Dickinson and Yeats to Larkin, Plath, and P.K. Page allows readers to focus in some depth on the work of these poets. Though the anthology makes no claim to present a selection fully representative of different eras, regions, or poetic styles, the inclusion of a miscellany as a final chapter adds a substantial measure of breadth to the anthology. Each chapter includes brief commentary by the editors, and questions follow each set of poems.
