The Lords Appellant under Richard III

Anthony Goodman

# Loyal Conspiracy The Lords Appellant

**Anthony Goodman**

## **Loyal Conspiracy The Lords Appellant:**

**The Loyal Conspiracy** Anthony Goodman, 2023-10-09 First published in 1971 The Loyal Conspiracy gives a detailed examination of the most critical years of the reign of Richard II through an account of the careers of the Lords Appellant These were the five great noblemen ranging from Thomas of Woodstock the King's uncle to Henry of Bolingbroke later Henry IV who rose in arms to restrain the activities of Richard II and his partisans in 1387 Anthony Goodman looks too at the origins course and results of this revolt and his study of these five nobles and the dramatic episode which united them briefly and reluctantly provides a novel and interesting interpretation of an important section of English medieval history He directs new light on the personalities of Richard and the Lords Appellant and also on the nature of the polity it bases and tensions in later fourteenth century England This book will be of interest to students of history and literature

**The loyal conspiracy: the Lords Appellant under Richard II London, Routledge & K. Paul** Anthony Goodman, *Fifteenth Century England a Comprehensive Chronology* WM. E. Baumgaertner, 2021-03-02 This is the first volume of what will likely be four volumes of a

comprehensive chronological history of fifteenth century England It begins in 1397 a necessary prelude to the rise of Henry IV and carries through to 1509 and the death of Henry VII The series includes inter related chronologies of Scotland Wales Ireland France Burgundy and Brittany Volume I covers from 1397 and the last few years of the reign of Richard II through the entire reigns of Henry IV and Henry V and ends a few months into the reign of Henry VI 1422 In the process it covers wars usurpations land and naval battles parliaments and great council meetings and the lives and deaths of many hundreds of prominent English Welsh Scottish Irish French Burgundian and Breton persons *The Horse in Early Modern English Culture* Kevin De Ornellas, 2013-11-18 Kevin De Ornellas argues that in Renaissance England the relationship between horse and rider works as an unambiguous symbol of domination by the strong over the weak There was little sentimental concern for animal welfare leading to the routine abuse of the material animal This unproblematic practical exploitation of the horse led to the currency of the horse rider relationship as a trope or symbol of exploitation in the literature of the period Engaging with fiction plays poems and non fictional prose works of late Tudor and early Stuart England De Ornellas demonstrates that the horse a bridled unwilling slave becomes a yardstick against which the oppression of England's poor women increasingly uninfluential clergyman and deluded gamblers is measured The status of the bitted harnessed horse was a low one in early modern England to be compared to such a beast is a demonstration of inferiority and subjugation To think anything else is to be naïve about the realities of horse management in the period and is to be naïve about the realities of the exploitation of horses and other mammals in the present day world

**Henry IV: The Righteous King** Ian Mortimer, 2014-02-22 The real life story of the Plantagenet ruler by the most remarkable medieval historian of our time The Times London The talented confident and intelligent son of John of Gaunt Henry IV started his reign as a popular and charismatic king after he dethroned the tyrannical and wildly unpopular Richard II But six years into his reign Henry had survived eight assassination

and overthrow attempts Having broken God's law of primogeniture by overthrowing the man many people saw as the chosen king Henry IV left himself vulnerable to challenges from powerful enemies about the validity of his reign Even so Henry managed to establish the new Lancastrian dynasty and a new rule of law in highly turbulent times In this book noted historian Ian Mortimer bestselling author of *The Time Traveler's Guide to Medieval England* and *The Time Traveler's Guide to Elizabethan England* goes beyond the legend portrayed in Shakespeare's history play and explores the political and social forces that transformed Henry IV from his nation's savior to its scourge *Imagining a Medieval English Nation* Kathy Lavezzo, 2004 The first comprehensive analysis of English national identity in the late Middle Ages During the late Middle Ages the increasing expansion of administrative legal and military systems by a central government together with the greater involvement of the commons in national life brought England closer than ever to political nationhood Examining a diverse array of texts ranging from Latin and vernacular historiography to Lollard tracts Ricardian poetry and chivalric treatises this volume reveals the variety of forms England assumed when it was imagined in the medieval West These essays disrupt conventional thinking about the relationship between premodernity and modernity challenge traditional preconceptions regarding the origins of the nation and complicate theories about the workings of nationalism *Imagining a Medieval English Nation* is not only a collection of new readings of major canonical works by leading medievalists it is among the first book length analyses on the subject and of critical interest **The reign of Richard II**, 2015-01-01 The long awaited prequel to *Chronicles of the revolution* covers the first twenty years 1377-97 of Richard II's reign This richly documented period offers exceptional opportunities and challenges to students and the editor has selected material from a wide range of sources well known English chronicles foreign chronicles and legal administrative and financial records These are arranged chronologically to form a coherent narrative of the reign Clear and lively commentary and notes enable readers to make the fullest use of each document The introduction describes the complex domestic and international situation which confronted the young king and offers guidance on the strengths and weaknesses of the reign's leading chronicles The dramatic and diverse politics of the reign of Richard II make this the ideal special subject and an accessible affordable student friendly documentary history of Richard II's reign has long been needed This book is designed to fill that gap **Routledge**

**Revivals: Medieval England (1998)** Paul E. Szarmach, M. Teresa Tavormina, Joel T. Rosenthal, 2017-07-05 First published in 1998 this valuable reference work offers concise expert answers to questions on all aspects of life and culture in Medieval England including art architecture law literature kings women music commerce technology warfare and religion This wide ranging text encompasses English social cultural and political life from the Anglo Saxon invasions in the fifth century to the turn of the sixteenth century as well as its ties to the Celtic world of Wales Scotland and Ireland the French and Anglo Norman world of the Continent and the Viking and Scandinavian world of the North Sea A range of topics are discussed from Sedulius to Skelton from Wulfstan of York to Reginald Pecock from Pictish art to Gothic sculpture and from the Vikings to the

Black Death A subject and name index makes it easy to locate information and bibliographies direct users to essential primary and secondary sources as well as key scholarship With more than 700 entries by over 300 international scholars this work provides a detailed portrait of the English Middle Ages and will be of great value to students and scholars studying Medieval history in England and Europe as well as non specialist readers [Urban History 19:2](#) Kajal Lahiri,Geoffrey H. Lahiri,1992-12-10 [Richard III and his Rivals](#) Michael Hicks,1991-07-01 Richard III is undoubtedly the dominant personality in this collection of essays but not in his capacity as king of England Richard was Duke of Gloucester far longer than he was king For most of his career he was a subject not a monarch the equal of the great nobility He is seen here in the company of his fellows Warwick the Kingmaker Clarence Northumberland Somerset Hastings a the Wydevilles His relations with these rivals all of whom submitted to him or were crushed show him in different moods and from various vantage points
