James M. Scott

Lucian Hc 1987:

Lucian on Reading, Performing, and the Difference Stephen E. Kidd, 2025-02-25 Lucian's writings raise questions about the nature of reading and viewing the lives of others this book explores these questions through close readings of Lucian's dialogues and stories Lucian scholarship over the past decades has been dominated by terms like performance and personas so this book asks simply what happens when we are not performing When we read or sit in the audience we cannot perform for the world we are viewing Nor can we act on our desires and beliefs since we have no self in that viewed world to move around like an avatar Is there anything left of us at such moments As a satirist Lucian explored these questions not through philosophical arguments but stories a traveler who looks down on earth from the moon a philosopher who retires to a contemplative life as if high up in a theater a narrator who demands that a reader not believe anything he writes and many more Over the course of seven chapters this book explores these questions of reading performing and the difference via detailed analyses of some of Lucian's best known works *Hermotimus Charon Icaromenippus Nigrinus Rooster True Stories* and others *Lucian on Reading Performing and the Difference* is suitable for students and scholars of ancient Greek literature Classics and the Humanities particularly those interested in questions about Lucian and literary interpretation **The Text**

of the New Testament in Contemporary Research Bart D. Ehrman, Michael W. Holmes, 2012-11-09 *The Text of the New Testament in Contemporary Research* provides up to date discussions of every major aspect of New Testament textual criticism Written by internationally acknowledged experts the twenty four essays evaluate all significant advances in the field since the 1950s **1987 OUTSTANDING YOUNG MEN OF AMERICA**, 1987 The John M. Pindar's Pythian Twelve: A Linguistic Commentary and a Comparative Study Laura Massetti, 2024-04-15 Pindar's Pythian Twelve is the only choral lyric epinicion in our possession composed for the winner of a non athletic competition Often regarded as an ode of straightforward interpretation close analysis of the text reveals that it presents several challenges to modern readers This book offers an updated translation of the text and an investigation of the main interpretative issues of the epinicion with the aid of historical linguistics By identifying devices which Pindar might have inherited from earlier periods of poetic language the study provides insights into the thematic aspects of the ode as well as on Pindar's compositional technique TLLS, the Times Literary Supplement, 1987 Cosmopolitan Capitalists Gary G. Hamilton, 2001-04-13 At midnight on June 30 1997 Hong Kong became part of the People's Republic of China The transfer of Hong Kong sovereignty from Great Britain to China was an extraordinary historical event signifying the end of the West's colonial presence in Asia and the rise of China's hegemony In 150 years as a British colony Hong Kong changed from a barely inhabitable colonial entrepôt to one of the world's leading financial and industrial centers Faced with a new social and economic order under Chinese law many Hong Kongers moved to a new country others decided to stay but many chose to

maintain their lives and livelihoods in Hong Kong while spreading their assets and their family members around the world They bought apartments in London and condos in Vancouver invested in firms in Guangzhou and Thailand and sent their children to schools in Europe and Australia These new up market migrants have transformed a cosmopolitan outlook into a global presence Cosmopolitan Capitalists focuses on the people of Hong Kong and how they are defining themselves under altered circumstances It is a broad multi disciplinary view of Hong Kong s transformation written for a general audience by some of the world s foremost scholars on the region *Preston & Newsom's Restrictive Covenants Affecting Freehold Land* Cecil Herbert Sansome Preston, George Lucian Newsom, 1998 This collection of papers offers an all round view of how the principle of equal treatment has developed in the various branches of EC social law and policy Qualitative Methods in Drug Abuse and HIV Research Elizabeth Y. Lambert, 1995 *History in Black* Yaacov Shavit, 2013-11-12 The development of Afrocentric historical writing is explored in this study which traces this recording of history from the Hellenistic Roman period to the 19th century Afrocentric writers are depicted as searching for the unique primary source of culture from one period to the next Such passing on of cultural traits from the ancient model from the classical period to the origin of culture in Egypt and Africa is shown as being a product purely of creative history **NIDA Research Monograph**, 1976

Decolonization in St. Lucia Tennyson S. D. Joseph, 2011-08-16 Tennyson S D Joseph builds upon current research on the anticolonial and nationalist experience in the Caribbean He explores the impact of global transformation upon the independent experience of St Lucia and argues that the island s formal decolonization roughly coincided with the period of the rise of global neoliberalism hegemony Consequently the concept of limited sovereignty became the defining feature of St Lucia s understanding of the possibilities of independence Central to the analysis is the tension between the role of the state as a facilitator of domestic aspirations on one hand and a facilitator of global capital on the other Joseph examines six critical phases in the St Lucian experience The first is 1940 to 1970 when the early nationalist movement gradually occupied state power within a framework of limited self government The second period is 1970 to 1982 during which formal independence was attained and an attempt at socialist oriented radical nationalism was pursued by the St Lucia Labor Party The third distinctive period was the period of neoliberal hegemony 1982 1990 The fourth period 1990 1997 witnessed a heightened process of neoliberal adjustment in global trade which destroyed the banana industry and transformed the domestic political economy A later period 1997 2006 involved the SLP s return to political power resulting in tensions between an earlier radicalism and a new and contradictory accommodation to global neoliberalism The final period 2006 2010 coincides with the onset of a crisis in global neoliberalism during which a series of domestic conflicts reflected the contradictions of the dominant understanding of sovereignty in narrow materialist terms at the expense of its wider anti systematic progressive and emancipator connotations **Subversive Symmetry** George Young, 2021-10-11 A rigorous analysis of Mark 6 45 56 Jesus sea walk The first part of the book argues that given the complexities which challenge the reader in Mark 6 45 56

traditional historical critical approaches lack the terminology and conceptual categories necessary to provide an adequate elucidation of the passage in all its fantastic array The second part proposes a theoretical framework for scholars to examine the Gospel of Mark using tools and terms often associated with fantasy literature and suggests that this gospel is best viewed as an illustration of ancient fantastic fiction The final part of the book shows how the tools of fantasy studies can be applied to the gospel using Mark 6 45 56 as a case in point *Parrots* Noel F. R. Snyder,2000 **Regional Geology of Eastern Idaho and Western Wyoming** P. K. Link,Mel A. Kuntz,Lucian B. Platt,1992-01-01 The Samaritan Mission in Acts V. J. Samkutty,2006-10-24 A review of the socio ethnic and religious contexts of the Samaritans points to the conclusion that they struggled to establish the legitimacy of their identity and status as a people **Before Utopia** Ross Dealy,2020-03-03 This book explores the influence of Stoicism on the evolution of Thomas More s mind asserting that More s engagement with the work of Erasmus radicalized his understanding of Christianity and shaped the writing of Utopia Target Tokyo James M. Scott,2015-03-31 Finalist for the 2016 Pulitzer Prize in History Like Lauren Hillebrand s Unbroken Target Tokyo brings to life an indelible era Ben Cosgrove The Daily Beast On April 18 1942 sixteen U S Army bombers under the command of daredevil pilot Jimmy Doolittle lifted off from the deck of the USS Hornet on a one way mission to pummel Japan s factories refineries and dockyards in retaliation for their attack on Pearl Harbor The raid buoyed America s morale and prompted an ill fated Japanese attempt to seize Midway that turned the tide of the war But it came at a horrific cost an estimated 250 000 Chinese died in retaliation by the Japanese Deeply researched and brilliantly written Target Tokyo has been hailed as the definitive account of one of America s most daring military operations Doing Things with Words in the First Christian Century Francis Gerald Downing,2000-10-01 Although its religious heritage was that of a variegated Judaism the tiny early Christian movement was nevertheless much more complexly and richly linked with the Graeco Roman world in which it came to birth than is usually allowed for In particular ordinary people were capable of a sophisticated use of words that can be detected also in the New Testament writings But the use of words in Graeco Roman times was often very different from what we suppose and this collection of studies attempts to identify some of the anachronisms that still pervade even the best of modern scholarship *Eschatology in the Greek Psalter* Joachim Schaper,1995
