Metaphysics Vs. Hypnotism Leander Edmund Whipple, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Hypnotic Therapeutics in Theory and Practice* John Duncan Quackenbos, 1908 **Heresies; or, Agnostic theism, ethics, sociology, and metaphysics** Harry Croft Hiller, 1902 Heresies Or Agnostic Theism, Ethics, Sociology, and Metaphysics H. Hypnotism and Hypnotic Suggestion E. Virgil Neal, Charles S. Clark, Charles Samuel Clark, 1900 **The Pitfalls of Occult Arts and Metaphysical Healing** Helena Petrovna Blavatsky, William Quan Judge, 2018-05-28 Healing the sick requires unalloyed benevolence untainted even by latent selfishness Therefore a would be healer must be physically and morally healthy confident in his science and in himself Only then can he heal effectively safely and permanently There is nothing spiritual or divine in any of the latent occult powers in man But interfering with someone else s mind whether consciously or unconsciously is Black Magic particularly since there is always more than a tinge of selfishness in the operator s mind The true Theosophist neither intrudes in others mind nor hinders others freedom of thought Hypnotism is the new scientific name for the old superstition What the operator is using is not his benevolent will as it is commonly thought he simply bewitches the patient by means of his auric fluid No one has the right to take the mind of another for any purpose into his possession Doing good works in this way is likely to be vitally injurious as all but those who are blind in their love of benevolence are compelled to acknowledge Instead of healing the hypnotisers awaken the dark forces of nature and end up inoculating the sick with their own ills and vices Learning and doing good rightly informed by higher knowledge is far more effective and safe than the imprudent haste for good works Though acceptance of Truth and practice of virtue cannot avert stored up Karma good effects can be produced today and in future Compassionate action is what really counts not mere thoughts and wishful thinking Central to spiritual development is unfeigned compassion sacrifice which when enacted becomes altruism as much as inaction in a deed of mercy becomes an action in a deadly sin Cf Voice of the Silence frag II vs 135 p 31 **The Metaphysical Magazine** , 1909 **Hypnosis, Channeling and Raising Consciousness** Peter Dennis, 2019-04-15 Peter Dennis is a hypnotist and has done many past life regressions with his clients A few years ago some of Peter s clients while visiting past lives started reporting lives on other planets This prompted Peter to pursue this further and in so doing a number of clients began to channel After five women began Channeling Peter wrote this book detailing some of the concerns inhibitions and fears that these women dealt with as they pursued this adventure After discovering that hypnosis could be a very effective route to Channeling Peter s hypnosis practice is now mainly focused on helping people to

become Channelers Peter is not a Channeler but is referred to as a Channeling Facilitator as he helps people to make a Channeling connection strengthen that connection and if the client wishes take that talent to the public More about this can be seen on Peter s website at peterhdennis com Channeling takes many forms When we get ideas or inspirations chances are that we are Channeling Intuitive flashes can be Channeling Authors songwriters composers inspired speakers all have moments of Channeling This book is not about these more subtle forms of Channeling but rather it s about what might be called Conscious Channeling or Overt Channeling and sometimes Trance Channeling What then is Channeling As you may know our scientists have been telling us that everything at the sub atomic level is composed of a vibrating energy and that everything and everyone has his her its own unique rate of vibration So for Channeling to work the Channeler has to raise his or her vibration and the sender has to lower its vibration so that a match can be made and a connection established Once that connection is established the sender sends a message telepathically and the receiver or Channeler uses his or her brain voice box vocal cords and perhaps some other things to receive and vocalize that information Like a lot of things in our lives these days we don t have to fully understand how something works to benefit from using it and Channeling is much the same We don t have to understand the Physics of Channeling in order to figure out if the content of the channeled messages works for us or not This book is also an introduction to Spirituality and it offers many messages and explains many metaphysical concepts It is the Author s hope that you will find that these messages expand your thinking raise a number of new questions and bring you more peace
