Odic Force Or Letters On Od Magnetism 1926

Rodger I. Anderson

Odic Force Or Letters On Od Magnetism 1926:

The Odic Force Karl Von Reichenbach, 2000 Odic force is a vital energy or life force that permeates all living plants animals and humans The author was the first person to approach this force scientifically having conducted hundreds of careful experiments He worked with people who were sensitive enough to accurately detect the polarity of magnets because they could actually see it These people also saw the human aura an energy field connected to the human body plus detected an energy related color spectrum that was linked to metals and minerals This is a simplified version of a more advanced text making it perfect for those wishing to grasp the subject

Western Esotericism and the Science of Religion

International Association for the History of Religions. Congress, International Association for the History of Religions, 1998 This volume is based upon papers read during the innovative section Western Esotericism and the Science of Religion organized at the 17th International Congress of the International Association for the History of Religions IAHR in Mexico City August 5-12 1995 The section was created in order to fill a long standing hiatus in the academic study of religions whereas phenomena such as gnosticism and hermetism in antiquity and even the occult sciences of that period have long been recognized as subjects worthy of serious investigation the history of similar and related phenomena in more recent periods has hardly received the same measure of scholarly attention and recognition The present volume is devoted to the academic emancipation of these areas as constituting a legitimate domain of research which may be referred to by the generic label western esotericism Preceded by an introductory essay on the birth of this new discipline in the study of religion the volume provides a sample of current research in the field and devotes special attention to some central methodological questions

Wearable Objects and Curative Things Dawn Woolley, Fiona Johnstone, Ellen Sampson, Paula Chambers, 2023-11-28

This book explores the intersections between wearable objects and human health with particular emphasis on how artists and designers are creatively responding to and rethinking these relations Addressing a rich range of wearable artefacts from mobility aids and prosthetics to clothing and accessories to digital health tracking devices its themes include care and cure wellness culture and the commoditization of health and the complex interactions between human bodies and non human objects With a theoretical framework inspired by the work of materialist thinkers including Sherry Turkle Bruno Latour and Jane Bennett and bringing the disciplinary fields of fashion studies art and design practice and medical and health humanities into dialogue for the first time this volume draws attention to the complex agencies entangled in the things we wear and situates fashion and art in relation to broader cultural and historical contexts of health illness and disability

Gordon Melton, 1996 More than 300 new entries cover recent phenomena concepts cults personalities organizations and publications Prominent individuals and personalities in this field are covered and entries on particular countries trace the development of occultism and parapsychology in each *The Rough Guide to Unexplained Phenomena* Bob Rickard, John Michell, 2007-09-03 The Rough Guide to Unexplained Phenomena is an exploration of the zone that lies between the known and the unknown a shadowy territory that's home to the lake monsters combusting people teleporting frogs and man eating trees Taking a Fortean path between dogmatic scientists and credulous believers the authors trace tales of wonder back to their sources drawing from a huge archive of observations opinions and discussions This updated second edition boasts new illustrations and plenty of intriguing new sections from near death experiences to ghosts haunted houses and mysterious mass deaths There are many things which are not yet known or understood about our world as this guide shows there are many riddles to solve and wonders to experience Decide for yourself with The Rough Guide to Unexplained Phenomena **Gnosis** Dan Merkur, 1993-10-05 Gnosis traces the use of powerful gnostic visionary techniques from Hellenistic Gnosticism and Jewish merkabah mysticism through Muhammad the Ismaelites and theosophical Sufism to medieval neoplatonism and renaissance alchemy **Spectres of the Self** Shane McCorristine, 2010-07-22 Examines the culture of ghost seeing arguing that the ghost represents a symbol of the psychological hauntedness of modern experience *Unexplained Phenomena* John Michell, Bob Rickard, Robert J. M. Rickard, 2000 The Rough Guide to Unexplained Phenomena is an exploration of the zone that lies between the known and the unknown a shadowy territory that's home to lake monsters combusting people teleporting frogs and man eating trees Taking a Fortean path between dogmatic scientists and credulous believers the authors trace tales of wonder back to their sources drawing from a huge archive of observations opinions and discussions As the third millennium begins many things are not yet known or understood about our world as this Rough Guide shows there are still many riddles to solve and wonders to experience Kundalini for Beginners Ravindra Kumar, 2000 Experience the presence of the Divine in your own soul with this guide to using Kundalini or spirit energy for spiritual awakening Kundalini

for Beginners introduces you to the philosophy and techniques of the Shortest Path to God Learn how to activate and assist in the role of Kundalini and channel this energy in transcendent ways Discover the five stages of self realization and the exceptional experiences that accompany each stage of spiritual transformation back cover **Becoming Half Hidden** Daniel Merkur, 2014-03-18 First Published in 1993 This study seeks to analyze shamanism and initiation from the perspective of shamans rather than from the laity's point of view One of the aims of this research has been to get behind the shamans language in order to understand their experiences **Authors of the Impossible** Jeffrey J. Kripal, 2010-05-30 This is a quietly earth shattering project that constitutes a logical next step in the development of Jeffrey Kripal's thinking over the course of his career and grows directly out of Esalen In Kripal we have a classic Romantic thinker writer who is formulating in a conscious meld of the subjective and objective that is the hallmark of Romantic writing his own distinctive and highly original Biographia Spirituality Victoria Nelson author of the Secret Life of Puppets *Encyclopedia of Mystical & Paranormal Experience* Rosemary Guiley, 1991 Painstakingly researched reviewed by top experts in the field this practical and fascinating reference is an invaluable resource for anyone seeking a deeper understanding of the mystery of alternative realities With more than 500 cross referenced entries this book is the most substantial and comprehensive encyclopedia of its kind in more than twenty five years back cover **Radiant Healing** Isabel Bellamy, Donald MacLean, 2005 A compendium of information covering various aspects of the subtle energies of Man With illustrations and diagrams this work presents an account of how our bodies and our world work and how our etheric astral and mental bodies channel cosmic and earth energies through our meridians and chakras **Psychics, Sensitives and Somnambules** Rodger I. Anderson, 2015-01-27 Claimants of paranormal abilities have always attracted controversy and fascination and sometimes rigorous study by scientists Charles Bailey an Australian medium was seemingly able to materialize different objects animate and inanimate under conditions which made it difficult to conceive how they could have been normally produced Sumitra Singh a woman of Northern India who in 1984 became subject to epileptic type seizures claimed to be possessed by spirits of the dead Franck Kluski was a Polish poet banker and physical medium who specialized in both human and animal materializations This biographical dictionary contains profiles of 330 psychics worldwide from Tony Agpaoa to Elenor Zugun each accompanied by a bibliography listing the primary sources consulted The primary focus is on those claimed psychics who have figured prominently in the history of the subject though some lesser known figures are included to show how rich varied and colorful that history has been The aim throughout is to present each case as fairly and dispassionately as the facts allow with a particular eye for accuracy in details and presentation The approach is historical not apologetic or accusatory making the work ideally suited as a permanent reference *Encyclopedia of the Strange, Mystical, and Unexplained* Rosemary Guiley, 2001 A one volume encyclopedia with black and white photographs and illustrations containing 500 entries in A to Z format on people places techniques and events of the fabulous and fantastic the mystical and unexplainable The Color of

Modernism Deborah Ascher Barnstone, 2021-12-30 One of the most enduring and pervasive myths about modernist architecture is that it was white pure white walls both inside and out Yet nothing could be further from the truth The Color of Modernism explodes this myth of whiteness by offering a riot of color in modern architectural treatises polemics and buildings Focusing on Germany in the early 20th century one of modernism's most foundational and influential periods it examines the different scientific and artistic color theories which were advanced by members of the German avant garde from Bruno Taut to Walter Gropius to Hans Scharoun German color theory went on to have a profound influence on the modern movement and Germany serves as the key case study for an international phenomenon which encompassed modern architects worldwide from Le Corbusier and Alvar Aalto to Berthold Lubetkin and Lina Bo Bardi Supported by accessible introductions to the development of color theory in philosophy science and the arts the book uses the German case to explore the new ways in which color was used in architecture and urban design turning attention to an important yet overlooked aspect of the period Much more than a mere correction to the historical record the book leads the reader on an adventure into the color filled worlds of psychology the paranormal theories of sensory perception and pleasure showing how each in turn influenced the modern movement The Color of Modernism will fundamentally change the way the early modernist period is seen and discussed

Vitalism and the Scientific Image in Post-Enlightenment Life Science, 1800-2010 Sebastian Normandin, Charles T. Wolfe, 2013-06-15 Vitalism is understood as impacting the history of the life sciences medicine and philosophy representing an epistemological challenge to the dominance of mechanism over the last 200 years and partly revived with organicism in early theoretical biology The contributions in this volume portray the history of vitalism from the end of the Enlightenment to the modern day suggesting some reassessment of what it means both historically and conceptually As such it includes a wide range of material employing both historical and philosophical methodologies and it is divided fairly evenly between 19th and 20th century historical treatments and more contemporary analysis This volume presents a significant contribution to the current literature in the history and philosophy of science and the history of medicine
