In today s political climate where most American Christians feel increasingly excluded this book provides a step by step guide on how to apply historical references as well as the words of past American leaders as an avenue to reintroducing Christian principles into the political discussions of contemporary America American history is full of demonstrations of faith and references to Christian principles The very foundation of our nation rests upon ideas that were greatly influenced by the teachings of the Bible In today s America there is a growing movement to silence Christianity from the public square Many in our society today preach that Christianity has no place in the political structure of our nation An increasingly vocal assembly of secular Americans wishes to restrict the principles of Christian faith entirely from our government More and more believers of the Bible are told to keep silent and not to interfere with the progress of America Fortunately for religious Americans there is an ample amount of our nation s history that supports the right of Bible believers to participate in politics The purpose of this book is to reassure American Christians of their rightful place in our republic More than ever before American Christians need to be active in politics **darrel of the blessed isles** irving bacheller,1903 **The One Year God's Great**
