Mandate for Leadership II Stuart M. Butler, Michael Sanera, W. Bruce Weinrod, Heritage Foundation (Washington, D.C.), 1984 Mandate for Leadership is a series of books published by The Heritage Foundation an American conservative think tank based in Washington D C They are intended to serve as guidelines for reducing the size and scope of the federal government through specific policy recommendations The books have traditionally been released to coincide with an incoming U S presidential administration starting with the Reagan administration in 1981 The latest edition was published in 2005 *The Conservative Revolution* Lee Edwards, 1999-07-23 The triumph of the conservative movement in reshaping American politics is one of the great untold stories of the past fifty years At the end of World War II hardly anyone in public life would admit to being a conservative but as Lee Edwards shows in this magisterial work in the 1950s 1960s and 1970s a small group of committed men and women began to chip away at the liberal colossus and their descendants would scale the ramparts of power in the 1980s and 1990s Not even the fall of Newt Gingrich has changed the indisputable fact that the movement has truly rewritten the rules of American political life and the republic will never be the same Edwards tells the stories of how conservatives built a movement from the ground up by starting magazines by building grass roots organizations and by seizing control of the Republican party from those who espoused collaboration with the liberals and promised only to manage the welfare state more efficiently and not to dismantle it But most of all he tells the story of four men four leaders who put their personal stamp on this movement and helped to turn it into the most important political force in our country today Robert Taft Mr Republican the beacon of conservative principle during the lean Roosevelt and Truman years Barry Goldwater Mr Conservative the flinty Westerner who inspired a new generation Ronald Reagan Mr President the optimist whose core beliefs were sturdy enough to subdue an evil empire Newt Gingrich Mr Speaker the fiery visionary who won a Congress but lost control of it By their example and vision these men brought intellectual and ideological stability to an often fractious conservative movement and held the high ground against the pragmatists who would compromise conservative principles for transitory political advantage And through their efforts and those of their supporters they transformed the American political landscape so thoroughly that a Democratic president would one day proclaim The era of big government is over Political history in the grand style The Conservative Revolution is the definitive book on a conservative movement that not only has left its mark on our century but is poised to shape the century about to dawn

*Do Think Tanks Matter?, First Edition* Donald E. Abelson,2002-03-08 Do Think Tanks Matter evaluates the influence and relevance of public policy institutes in today s political arena Many journalists and scholars believe the explosion of think tanks in the latter part of the twentieth century indicates their growing importance in the policy making process This perception has been reinforced by directors of think tanks who often credit their institutes with influencing major policy debates and government legislation Yet the basic question of how and in what way they influence public policy has Donald Abelson contends frequently been ignored Abelson studies the experiences of think tanks in the United States where they have become an integral feature of the political landscape and in Canada where their numbers have grown considerably in recent years but where compared to their U S counterparts they enjoy less prominence in policy making By focusing on the policy cycle issue articulation that is getting issues on the political agenda and policy formation and implementation actually affecting the outcome of policies already on the political agenda he argues that think tanks have sometimes played an important role in shaping the political dialogue and the policy preferences and choices of decision makers but often in different ways and at different stages of the policy cycle      *Do Think Tanks Matter?, Second Edition* Donald E. Abelson,2009-09-01 It is often assumed that think tanks carry enormous weight with lawmakers In Do Think Tanks Matter Donald Abelson argues that the basic question of how think tanks have evolved and under what conditions they can and do have an effect is consistently ignored Think tank directors often credit their institutes with influencing major policy debates and government legislation and many journalists and scholars believe the explosion of think tanks in the latter part of the twentieth century indicates their growing importance in the policy making process Abelson goes beyond assumptions identifying the influence and relevance of public policy institutes in today s political arena in the United States where they ve become an integral feature of the political landscape and in Canada where despite recent growth in numbers they enjoy less prominence than their US counterparts By focusing on the policy cycle issue articulation policy formation and implementation Abelson argues that individual think tanks have sometimes played an important role in shaping the political dialogue and the policy preferences and choices of decision makers but often in different ways and at different stages of the policy cycle This revised and updated edition of the book includes up to date data 2000 08 on the growing visibility and policy relevance of think tanks in Canada and the United States      *Do Think Tanks Matter?* Donald E.
