Perhaps Love:

Perhaps Love OOOHRANGE, Kim Jisha is the only girl in the entire nation who isn't a fan of the crown prince which is unfortunate because her grandfather betrothed her to him before she was even born. Kim Jinu, the crown prince, on the other hand, is in love with an ambitious girl who loves him back but maybe not as much as she loves her dreams. Right off the bat, both know that their betrothal would only lead to an unhappy marriage but when meddling relatives, crippling family debt, and an ambitious second prince get into the picture, Jisha and Jinu can only rely on each other to survive the ordeal. Who knows? This unlikely alliance could perhaps lead to something more, perhaps even friendship. Perhaps even love.

Metacinema in Contemporary Chinese Film G. Andrew Stuckey, 2018-08-17. Depictions within a movie of either filmmaking or film watching are hardly novel, but the dramatic expansion of the reach of the metacinematic into contemporary Chinese cinemas is nothing short of remarkable. To G. Andrew Stuckey, the prevalence of metacinematic features forms the basis of a discourse on film arising from the films themselves. Such a discourse in turn outlines the boundaries of the possible for film in China as aesthetic or sociopolitical practice. Metacinema also draws our attention to the presence of the audience, people actively responding to a film. In elucidating the affective responses elicited by the metacinematic mode in the viewers, Stuckey argues that metacinema reflects ways of being in the world that audiences may take up for themselves. The films studied in this book are drawn across the full spectrum of Chinese films made in mainland China, Hong Kong, and Taiwan during the 1990s and 2000s, from award-winning conceptual art films to popular crowd pleasers, blockbusters to low-budget productions and documentary-style social realist expos, projects to studio assembly-line investments. The recurrence of the metacinematic across this broad range of works is indicative of its relevance to Chinese films today, and the analysis of these diverse examples allows us to gauge the cultural, social, and aesthetic implications of Chinese cinemas as a whole. Stuckey surveys a broad swath of contemporary Chinese cinema, from popular blockbusters to elite art films, around the theme of metacinema, yielding new insights into both previously neglected films and those already acknowledged as contemporary classics. The result is a fascinating dive into the growing and diversifying cinema culture of China today. Jason McGrath, University of Minnesota. Stuckey's brilliant work, *Metacinema in Contemporary Chinese Film*, offers insightful close analyses of films by key directors from the PRC: Jiang Wen, Lou Ye, Jia Zhangke, and Li Yu. Hong Kong: Peter Chan, and Taiwan: Tsai Ming-liang. This clearly written book is essential reading for scholars and students of Chinese cinemas. Stuckey's study of genre and metacinema makes it a must-read for anyone interested in cinema. Michelle Bloom, University of California, Riverside.

Love Anthony Walsh,2016-06-30 Love is a little word with a universe of meanings and has engaged people s interest throughout human history The need to give and receive love lies deep within human nature Philosophers poets theologians sociologists and scientists have all attempted to explain its exact origin but is it an evolutionary adaptation or a social construct Walsh discusses that the nature of and need for love has biological origins He draws upon Darwin s sexual selection theory to define the perceptions of love by infants through the process of experience dependent brain wiring He observes that mother love makes a child capable of loving and that father love makes a child feel worthy of love He appraises the origin and purpose of romantic love in his discussions on sexual reproduction by looking at chemical and neurological responses to love and the influence of love on one s physical and mental health With frequent quotes from literary masters like Shakespeare to orient one s scientific and humanistic understanding of love Walsh goes on to explore various styles of romantic love including monogamy promiscuity bartering love and betrayed love the effects of a skewed sex ratio on dating and mating practices and the age old quest for a perfect society populated by perfect people obeying the biblical command to love one another

Ethics James Wm. McClendon JR.,James William, Jr. McClendon,2002-09-01 When it first appeared in 1986 James McClendon s *Ethics* laid claim to two compelling theological ideas first that a highly distinctive theological perspective characterizes the inheritors of the sixteenth century s radical reformation At the heart of this perspective is what McClendon calls the baptist vision a way of understanding the gospel that emphasizes the church s distinction from the world and its continuity with the church of the New Testament Second that because of its emphasis on the centrality of discipleship this radical reformation outlook insists that theology s first task is to discover and explore the shape of the church s common life as the body of Christ hence McClendon s novel decision to begin the task of writing a systematic theology with a volume on ethics Since its first publication *Ethics* has been followed by *Doctrine* 1994 and *Witness* 2000 The completion of the overall work has brought into sharper focus many of the theological and ethical issues and concerns central to the baptist tradition In this revised edition of *Ethics* McClendon infuses his claim for the priority of ethics within the theological task with a new urgency born of the fuller more complete definition of the baptist vision that *Doctrine* and *Witness* have made possible *Ethics* is central he reminds us because biblical faith rests on a set of distinctive practices that arise from our placement within a larger Christian story In his revisions McClendon offers a more complete explanation of how the interaction of faithful practices and gospel story give rise to a way of life that is distinctively Christian

Sweet Surrender Dennis Hiebert,2013-07-09 Every culture has a way of perceiving and practicing marriage Many contemporary Western Christians mistake what their culture prescribes regarding marriage with what the Bible portrays and thereby take as biblical what is merely cultural Uncritical conformity to cultural imperatives of marriage then becomes a Christian virtue and a sweet surrender Few recognize much less question this confusion even when its consequences are unhealthy In Sweet Surrender Dennis Hiebert challenges Christians to comprehend what is cultural in their view of marriage hold as optional what is not explicitly required by the Bible and live out their marriages within the transcendent grace of God Gaining greater awareness can free marriages from the control of culture for something more simply but deeply Christian Marriages benefit when they are released from cultural directives that are not biblical callings even if they choose to retain them as cultural practices This book is for Christians who are ready to rethink their assumptions about marriage

volume presents her reflections on the Prologue 1 1 18 Her insights embrace the whole Christian revelation as well as its acceptance and rejection by men This work is a spiritual meditation of the highest quality the fruit of prayer discernment and communion with the sacramental life of the Church It provides rich nourishment for both theological reflection and contemplation
