

Getting At-Risk Students to Graduation

Intervention programs from McGraw-Hill Education are proven to drive achievement for struggling students. Catch them up, prevent them from slipping behind, and accelerate achievement so students can join the regular classroom and schools can be removed from the low-performing list.

Meet individual needs

Only **87%** of IEPs meet government requirements.

Online literacy & math enrichment

Students who can't read by **Grade 3** are **4x** less likely to graduate

Prep for college & career

The U.S. will need **22 million** new college degrees by 2018

From IEP to Results You Can See

Student | Grade 4

Reads on Grade 3.5 level

Reads on Grade 4 level

Class | Grade 5

Reads 75 words per minute

Reads 85 words per minute

Elementary School

Grade Period 1 – 75% proficient Reading & Math

Grade Period 3 – 82% proficient Reading & Math

The 11 Elements of RTI

1 MAKE LEARNING PERSONAL

Programs For At Risk Students

Rita G. O'Sullivan, Cheryl V. Tennant

Programs For At Risk Students:

Programs for at Risk Students Kansas City, Kansas Public Schools, 1991* **At-Risk Students** Robert Donmoyer, Raylene Kos, 1993-01-01 This book explores the circumstances of at risk students and argues that well intentioned policymakers and educators run the risk of making matters worse rather than better for these students even if their actions are based on the best social science evidence available The book demonstrates the diverse idiosyncratic nature of these students argues that traditional social science methods cannot capture this idiosyncrasy and diversity and presents research methods policies and programs that can accommodate student diversity **At-risk Youth** Shirley E. Wells, 1990 This review of research discusses five types of characteristics which student dropouts and potential dropouts tend to exhibit systems for identifying at risk students and intervention programs such as alternative high schools teen pregnancy programs and discipline systems **Programs for At-Risk Students** Rita G. O'Sullivan, Cheryl V. Tennant, 1993-03-02 About one in four students who enter high school will not graduate Numerous dropout prevention programs have been implemented nationwide in the past decade to increase the high school graduation rate This growth in programs has made it more difficult for educators to determine the effectiveness of the many alternatives This guide is designed to help school professionals evaluate programs for at risk students The guide can be used to assess need document a program s progress determine participants satisfaction allocate resources and provide information to set policy Six vignettes are used one for each chapter to focus on a different strategy for evaluating programs for at risk students Chapters cover the following topics assessing students needs using focus groups identifying students for program participation and comparison groups using existing documentation assessing effectiveness of the program in improving students attitudes toward school using existing attitude scales strengthening individualized instruction using an observation checklist verifying school staff support using a written questionnaire and establishing the level of parents involvement in the program using interviews Additional readings and standards and indicators of quality for evaluation of programs for at risk students also are included Contains 63 references JPT *Youth at Risk* David Capuzzi, Douglas R. Gross, 2014-11-21 In the latest edition of this best selling text David Capuzzi and Douglas Gross along with 24 experts in the field provide a prevention intervention paradigm to address contemporary issues facing today s youth Written from a systemic perspective this book offers guidance in helping teens who are struggling with the complex challenges that can be brought on by peers family members and difficult social environments Part 1 presents information on at risk population identification causal factors of problematic behaviors and promotion of resiliency in youth Part 2 examines the development of at risk behaviors relating to dysfunctional family dynamics low self esteem depression mood disorders and stress and trauma Part 3 explores the behaviors most often identified as placing youth at risk such as eating disorders suicidal preoccupation teen sexuality gang membership school violence substance abuse homelessness school dropout and bullying as well as the unique strengths of and stressors faced by multiracial and LGBTQ

youth Case studies illustrate prevention efforts from individual family school and community perspectives and text sidebars create greater reader self awareness and enhance the understanding of the concepts skills and applications of the chapter material A complimentary test manual and PowerPoint slides for instructors use are available by written request to ACA Requests for digital versions from the ACA can be found on wiley com To request print copies please visit the ACA website here Reproduction requests for material from books published by ACA should be directed to permissions counseling org

Handbook of Positive Behavior Support Wayne Sailor, Glen Dunlap, George Sugai, Rob Horner, 2008-12-02 A revolution in working with difficult students began during the 1980s with a dramatic shift away from dependence on simply punishing bad behavior to reinforcing desired positive behaviors of children in the classroom With its foundation in applied behavior analysis ABA positive behavior support PBS is a social ecology approach that continues to play an increasingly integral role in public education as well as mental health and social services nationwide The Handbook of Positive Behavior Support gathers into one concise volume the many elements of this burgeoning field and organizes them into a powerful dynamic knowledge base theory research and applications Within its chapters leading experts including the primary developers and researchers of PBS 1 Review the origins history and ethical foundations of positive behavior support 2 Report on applications of PBS in early childhood and family contexts from Head Start to foster care to mental health settings to autism treatment programs 3 Examine school based PBS used to benefit all students regardless of ability or conduct 4 Relate schoolwide PBS to wraparound mental health services and the RTI response to intervention movement 5 Provide data and discussion on a variety of topics salient to PBS including parenting issues personnel training high school use poorly functioning schools and more This volume is an essential resource for school based practitioners as well as clinicians and researchers in clinical child school and educational psychology

Out Of School Time Programs for At-Risk Students. Noteworthy Perspectives

K. Miller, D. Snow, 2004 When children fall behind in a content area or areas there may not be sufficient time in the school day to offer the remedial instruction necessary to get them up to speed One potential solution for making up this deficit is out of school time or OST programs The supplemental services provision of the No Child Left Behind Act requires that states offer supplementary education services to low income students in Title I schools that do not achieve adequate yearly progress Because instruction for supplementary services must occur outside the regular school day there is interest among educators in the effectiveness of OST strategies for improving student achievement This paper is intended to bring a research based focus to OST programs for at risk youth Effective OST programs for mathematics and reading are discussed Also presented are concerns faced in OST program development and administration

The Directory of Programs for Students at Risk Thomas L. Williams, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informal company

Effective Programs for Students at Risk Robert E. Slavin, Nancy L. Karweit, Nancy A. Madden, 1989 A practical synthesis of latest research on how to enhance achievement of at risk elementary students Includes chapter on compensatory

education *Effective Programs for Latino Students* Robert E. Slavin, Margarita Calderon, Margarita Calderon, 2012-11-12

Latino or Hispanic children are one of the fastest growing groups in U S schools today On average these students perform worse than Anglo students on measures of academic achievement and other measures of academic success and their drop out rate is high There are schools of excellence among those serving Latino children but the majority of these children are placed at risk by schools and community institutions unable to build on the cultural personal and linguistic strengths these children are likely to bring with them to school Schools serving Latino students need programs based on high quality research capable of being replicated and adapted to local circumstances and needs The purpose of this book is to present the current state of the art with respect to research on effective instructional programs for Latino students in elementary and secondary grades Surprisingly this has not been done before there are many books on the situation of Latino students in U S schools but none so far have reviewed research on the outcomes of programs designed to enhance the academic achievement of these students The chapters represent a broad range of methodologies from experimental to correlational to descriptive and the solutions they propose are extremely diverse Each examines in its own way programs and practices that are showing success Together they present a rich array of research based effective programs that are practical widely available and likely to make a profound difference What binds the chapters together is a shared belief that Latino students can succeed at the highest levels if they receive the quality of instruction they deserve and a shared belief that reform of schools serving many Latino students is both possible and essential This is a book filled with statistics description and reviews of research but even more it is filled with optimism about what schools for Latino students can be and what these students will achieve It is a highly relevant and useful resource for educators policymakers and researchers who want to use research to inform the decisions they make about how to help Latino students succeed in elementary and secondary schools and beyond Deviant

Peer Influences in Programs for Youth Kenneth A. Dodge, Thomas J. Dishion, Jennifer E. Lansford, 2007-06-01 Most interventions for at risk youth are group based Yet research indicates that young people often learn to become deviant by interacting with deviant peers In this important volume leading intervention and prevention experts from psychology education criminology and related fields analyze how and to what extent programs that aggregate deviant youth actually promote problem behavior A wealth of evidence is reviewed on deviant peer influences in such settings as therapy groups alternative schools boot camps group homes and juvenile justice facilities Specific suggestions are offered for improving existing services and promising alternative approaches are explored Programs for At-risk Students in the Washington County (Oregon) Schools John Young, 1991 The Condition of Education , 2003 Includes a section called Program and plans which describes the Center s activities for the current fiscal year and the projected activities for the succeeding fiscal year

Helping Hands, Effective Programs for At-risk Students in Virginia , 1988 *Programs for At-risk Youth* , 1990
