Progress In Pudsey:

Letters to the Young on Progress in Pudsey Joseph Lawson, 2015-07-04 Excerpt from Letters to the Young on Progress in Pudsey During the Last Sixty Years In compliance with numerous requests the following letters are issued in a separate form Being written chiefly for the young people who from the nature of their position cannot be expected to have large pecuniary resources at command not having had a sufficient length of time to acquire much wealth we have resolved to publish a cheap edition Our desire is that they should be read thinking from our own experience that the young people might be helped both to appreciate the superior advantages they possess as compared with their forefathers and be prompted to greater activity on behalf of progress in the future The following letters extended over twice the length of time that we expected they would do when we began to write them though we curtailed them as much as possible compatible with giving the reader something like a general view of the various matters dealt with We are not conscious of having gone out of our way to deal with debatable matters but have tried to avoid them as much as possible One thing however is certain that those who only read their own side deny themselves of some advantage which reading both sides would give Were there no difference of opinion amongst mankind no one could learn anything from his fellow men and all social intercourse and progress would be at an end There is no need for any apology on our part for the order or arrangement of our subject The various letters were written as the matter presented itself and impressed us at the time and it has not been deemed desirable to alter them in that respect though some slight alterations and corrections have been made About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Leisure in the Industrial Revolution Hugh Cunningham, 2016-07-01 First published in 1980 This book is a study of what different classes of society understood by leisure and how they enjoyed it It argues that many of the assumptions which have underlain the history of leisure are misleading and in particular the notions that there was a vacuum in popular leisure in the early Industrial Revolution that with industrialisation there was sharp discontinuity with the past that cultural forms diffuse themselves only down the social scale and that leisure helped ease class distinctions An alternative interpretation is suggested in which popular culture can be seen as an active agent as well as a victim This title will be of interest to students of history *Yorkshire Notes and Queries: with the Yorkshire Genealogist, Yorkshire Bibliographer, and Yorkshire Folk-lore Journal*, 1888

The Challenge of Democracy Hugh Cunningham, 2014-10-29 This authoritative and thought provoking history takes a fresh view of what was a period of unprecedented and rapid change Assuming no prior knowledge of the subject Hugh Cunningham provides a clear narrative of political events and an analysis of change and continuity in ideas and in economic and social structure Britain is set firmly in the context of world power and the possession of empire An overarching theme is the challenge presented by democracy in a period framed by the First and Fourth Reform Acts Democracy had no stable meaning and its opponents were just as vocal as its advocates The book explores its implications for the role of the state for the governance of empire and for the relationship between the different nations within the United Kingdom
