

TRANSITION

Early Intervention to Preschool

Preparing for Transition

Starting around a child's second birthday, the Individualized Family Service Plan (IFSP) team, which includes the parent/guardian, will meet. They will plan for transitioning your child from Early Intervention services to Special Education Preschool Services if eligible or other appropriate services.

Transition Process

Between 9 to 3 months before your child's third birthday, transition planning begins. It is a transition conference with you and your child's providers where you can discuss your concerns and priorities. You can also ask about available services.

Initial Preschool Referral Meeting

Within 3 months of your child's third birthday, a referral meeting will be held to determine if an evaluation is needed. Parents will discuss their child's strengths and areas of concerns. The team will determine which evaluations are necessary, and parents will be asked to sign a consent form for testing.

Eligibility and IEP Meeting

The team will meet and review the evaluation results to determine if a child qualifies for special education services. If a child qualifies, the team will develop an **Individualized Education Program (IEP)** that has been designed to meet that child's unique needs. Parents will be asked to sign a consent to receive for services.

Project MEMPHIS Alton D. Quick, Thomas L. Little, A. Ann Campbell, 1974 Enhancing Developmental Progress in Preschool Exceptional Children Alton D. Quick, 1974 **Learning Disabilities** Nirbhay N. Singh, Ivan L. Beale, 2012-12-06 It is important to reaffirm the reality of the learning disabilities LD phenomenon as a condition that imposes genuine constraints on a student's ability to function and not as some chimerical entity defined by an ever changing political situation. Perceptual memory attention linguistic social cognitive and neuropsychological factors are an integral part of LD. By mapping out in great detail and with much new data the acquired knowledge on learning disabilities both empirical and theoretical this book unravels many mysteries. This book is a landmark in learning disabilities studies and it lays down solid foundations for future research and practical intervention in the field. **Individualized Education for Preschool Exceptional Children** John T.
