Scholarly Editing in the Computer Age Peter L. Shillingsburg,1996 A practical introduction to the aims controversies and procedures of scholarly editing **Project OCCULT. The Ordered Computer Collation of Unprepared Literary Text.**
George R. Petty, Jr., William M[erriam] Gibson George R. Petty (jr),1970 The Literary Text in the Digital Age Richard J. Finneran,1996 Gathers essays by major figures in humanities computing on the implications of the new digital technology for the study of literary texts The Text of the New Testament in Contemporary Research Bart Ehrman,Michael W. Holmes,2001-08-22 Compiled in honor of Bruce M Metzger the most highly respected American textual critic in the history of the discipline this volume comprises twenty two full length essays on every major issue relating to New Testament textual criticism each written by an internationally recognized scholar in the field *Textuality and Knowledge* Peter Shillingsburg,2017-06-09 In literary investigation all evidence is textual dependent on preservation in material copies Copies however are vulnerable to inadvertent and purposeful change In this volume Peter Shillingsburg explores the implications of this central concept of textual scholarship Through thirteen essays Shillingsburg argues that literary study depends on documents the preservation of works and textual replication and he traces how this proposition affects understanding He explains the consequences of textual knowledge and ignorance in teaching reading and research and in the generous impulses behind the digitization of cultural documents He also examines the ways in which facile assumptions about a text can lead one astray discusses how differing international and cultural understandings of the importance of documents and their preservation shape both knowledge about and replication of works and assesses the dissemination of information in the context of ethics and social justice In bringing these wide ranging pieces together Shillingsburg reveals how and why meaning changes with each successive rendering of a work the value in viewing each subsequent copy of a text as an original entity and the relationship between textuality and knowledge Featuring case studies throughout this erudite collection distills decades of Shillingsburg s thought on literary history and criticism and appraises the place of textual studies and scholarly editing today The Johns Hopkins Guide to Digital Media Marie-Laure Ryan,Lori Emerson,Benjamin J. Robertson,2014-04-15 The first systematic comprehensive reference covering the ideas genres and concepts behind digital media The study of what is collectively labeled New Media the cultural and artistic practices made possible by digital technology has become one of the most vibrant areas of scholarly activity and is rapidly turning into an established academic field with many universities now offering it as a major The Johns Hopkins Guide to Digital Media is the first comprehensive reference work to which teachers students and the curious can quickly turn for reliable information on the key terms and concepts of the field The contributors present entries on nearly 150 ideas genres and theoretical concepts that have allowed digital media to produce some of the most innovative intellectual artistic and social practices of our time The result is an easy

to consult reference for digital media scholars or anyone wishing to become familiar with this fast developing field

Ancient Worlds in Digital Culture Claire Clivaz, Paul Dilley, David Hamidović, 2016-08-15 The volume presents a selection of research projects in Digital Humanities applied to the Biblical Studies in the widest sense and context including Early Jewish and Christian studies hence the title Ancient Worlds Taken as a whole the volume explores the emergent Digital Culture at the beginning of the 21st century It also offers many examples which attest to a change of paradigm in the textual scholarship of Ancient Worlds categories are reshaped textuality is re investigated according to its relationships with orality and visualization methods approaches and practices are no longer a fixed conglomeration but are mobilized according to their contexts and newly available digital tools
