Project Millennium:

Millennium Pipeline Project ,2001 **Uganda** Jörg Wiegratz, Giuliano Martiniello, Elisa Greco, 2018-11-15 For the last three decades Uganda has been one of the fastest growing economies in Africa Globally praised as an African success story and heavily backed by international financial institutions development agencies and bilateral donors the country has become an exemplar of economic and political reform for those who espouse a neoliberal model of development The neoliberal policies and the resulting restructuring of the country have been accompanied by narratives of progress prosperity and modernisation and justified in the name of development But this self celebratory narrative which is critiqued by many in Uganda masks the disruptive social impact of these reforms and silences the complex and persistent crises resulting from neoliberal transformation Bringing together a range of leading scholars on the country this collection represents a timely contribution to the debate around the New Uganda one which confronts the often sanitised and largely depoliticised accounts of the Museveni government and its proponents Harnessing a wealth of empirical materials the contributors offer a critical multi disciplinary analysis of the unprecedented political socio economic cultural and ecological transformations brought about by neoliberal capitalist restructuring since the 1980s The result is the most comprehensive collective study to date of a neoliberal market society in contemporary Africa offering crucial insights for other countries in the Global South

Crump,2016-03-30 Among the world's myriad cultures and their associated calendars the idea of a New Year is relative and hardly specifies a universal celebration or even a universal point in time Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods music dancing noisemaking fireworks and drinking This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year beyond its traditional Western associations with Christmas National or regional entries detail the principal traditions and customs of 130 countries while 27 entries discuss major calendar systems in current use or of significant historical interest The remaining entries cover a wide variety of subjects including literary works movies and television specials the customs of specific ethnic groups universal customs such as toasting and drinking football bowl games and parades and the New Year celebrations at the White House and the Vatican

Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,1999 **The Idealist** Nina Munk,2013-09-10 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Bloomberg Forbes The Spectator Recipient of Foreign Policy's 2013 Albie Award A powerful portrayal of Jeffrey Sachs's ambitious quest to end global poverty The poor you will always have with you to cite the Gospel of Matthew 26:11 Jeffrey Sachs celebrated economist special advisor to the Secretary General of the United Nations and author of the influential bestseller The End of Poverty disagrees In his view poverty is a problem that can be solved With single minded determination he has attempted to put into practice his theories about ending extreme poverty to prove that the world's most destitute people can be lifted onto the ladder of development In 2006 Sachs launched the Millennium Villages Project a daring five year experiment designed to test his theories in Africa The first Millennium village was in Sauri a remote cluster of farming communities in western Kenya The

initial results were encouraging With his first taste of success and backed by one hundred twenty million dollars from George Soros and other likeminded donors Sachs rolled out a dozen model villages in ten sub Saharan countries Once his approach was validated it would be scaled up across the entire continent At least that was the idea For the past six years Nina Munk has reported deeply on the Millennium Villages Project accompanying Sachs on his official trips to Africa and listening in on conversations with heads of state humanitarian organizations rival economists and development experts She has immersed herself in the lives of people in two Millennium villages Ruhiira in southwest Uganda and Dertu in the arid borderland between Kenya and Somalia Accepting the hospitality of camel herders and small hold farmers and witnessing their struggle to survive Munk came to understand the real life issues that challenge Sachs s formula for ending global poverty THE IDEALIST is the profound and moving story of what happens when the abstract theories of a brilliant driven man meet the reality of human life
