*Analyses of Nineteenth- and Twentieth-Century Music, 1940-2000* D. J. Hoek, 2007-02-15 The latest volume in the Music Library Association's Index and Bibliography series *Analyses of Nineteenth and Twentieth Century Music 1940 2000* features over 9 000 references to analyses of works by more than 1 000 composers of the nineteenth and twentieth centuries. References that address form harmony melody rhythm and other structural elements of musical compositions have been compiled into this valuable resource. This update of Arthur Wenk's well known bibliography last published in 1987 includes all the original entries from that work along with additional references to analyses through 2000. International in scope the bibliography covers writings in English French German Italian and other European languages and draws from 167 periodicals as well as important theses dissertations books and *Festschriften*. References are arranged alphabetically by composer and include subheadings for specific works and genres. This bibliography provides students scholars performers and librarians with broad coverage detailed indexing and ready access to a large and diverse body of analytical literature on nineteenth and twentieth century music.

**Music of the Soviet Era: 1917-1991** Levon Hakobian, 2016-11-25 This volume is a comprehensive and detailed survey of music and musical life of the entire Soviet era from 1917 to 1991 which takes into account the extensive body of scholarly literature in Russian and other major European languages. In this considerably updated and revised edition of his 1998 publication Hakobian traces the strikingly dramatic development of the music created by outstanding and less well known modernist and conservative nationalist and cosmopolitan composers of the Soviet era. The book's three parts explore respectively the musical trends of the 1920s music and musical life under Stalin and the so called Bronze Age of Soviet music after Stalin's death. *Music of the Soviet Era 1917 1991* considers the privileged position of music in the USSR in comparison to the written and visual arts. Through his examination of the history of the arts in the Soviet state Hakobian's work celebrates the human spirit's wonderful capacity to derive advantage even from the most inauspicious conditions.

**Music for Piano** F. E. Kirby, 2023-09-21 This historical survey focuses on music for piano solo but also includes important compositions for piano duet and two pianos. Scholarly yet readable it covers the entire repertoire from the Renaissance to the late 20th century and incorporates a bibliography of 1 100 sources for further study.

*Prokofiev's Ballets for Diaghilev* Stephen D. Press, 2017-07-05 Ballet impresario Sergey Pavlovich Diaghilev and composer Sergey Sergeyevich Prokofiev are eminent figures in twentieth century cultural history yet this is the first detailed account of their fifteen year collaboration. The beginning was not trouble free but despite two false starts *Ala i Lolli* and the first version of its successor *Chout* Diaghilev maintained his confidence in the composer. With his guidance and encouragement Prokofiev established his mature balletic style. After some years of estrangement during which Prokofiev wrote for choreographer Boris Romanov and conductor/publisher Serge Koussevitsky Diaghilev came to the composer's rescue at a low point in his Western career. The impresario encouraged Prokofiev's turn towards a new simplicity and offered him a great opportunity for career.

renewal with a topical ballet on Soviet life *Le Pas d'acier*. Even as late as 1928–29 Diaghilev compelled Prokofiev to achieve new heights of expressivity in his characterizations. *L'Enfant prodigue*. Although Western scholars have investigated Prokofiev's operas, piano works and symphonies, little attention has been paid to his early ballets written for Diaghilev's Ballets Russes. Despite Prokofiev's devotion to opera, it was his ballets for Diaghilev, as much as his concertos and solo piano works, that earned his renown in Western Europe in the 1920s. Stephen D. Press discusses the genesis of each ballet, including the important contributions of the scenic designers Mikhail Larionov, Georgy Yakulov, and Georges Rouault, and the choreographer/dancers Lidiya Massine, Serge Lifar, and George Balanchine, and the special relationship between the ballets and their progenitors. [Recorded Classical Music](#) Arthur Cohn, 1981 *Music and the Ineffable* Vladimir Jankélévitch, 2024-05-14

The classic work on the philosophy of music, now available in English to a new generation of readers, Vladimir Jankélévitch left behind a remarkable body of work steeped as much in philosophy as in music. His writings on moral quandaries reflect a lifelong devotion to music and performance, and as a counterpoint, he wrote on music aesthetics and on modernist composers such as Debussy and Ravel. *Music and the Ineffable* brings together these two threads: the philosophical and the musical, as an extraordinary quintessence of his thought. Jankélévitch deals with classical issues in the philosophy of music, including metaphysics and ontology. These are a point of departure for a sustained examination and dismantling of the idea of musical hermeneutics in its conventional sense. *Music*, Jankélévitch argues, is not a hieroglyph, not a language or sign system, nor does it express emotions, depict landscapes, or cultures, or narrate. On the other hand, music cannot be imprisoned within the icy, morbid notion of pure structure or autonomous discourse. Yet if musical works are not a cipher awaiting the decoder, music is nonetheless entwined with human experience and with the physical material reality of music in performance. Music is ineffable, as Jankélévitch puts it, because it cannot be pinned down and has a capacity to engender limitless resonance in several domains. Jankélévitch's singular work on music was central to such figures as Roland Barthes and Catherine Clément, and the complex textures and rhythms of his lyrical prose sound a unique note, until recently seldom heard outside the francophone world. **Guide to the Pianist's Repertoire** Maurice Hinson, Wesley Roberts, 2013-12-03

*Guide to the Pianist's Repertoire* continues to be the go-to source for piano performers, teachers, and students. Newly updated and expanded with more than 250 new composers, this incomparable resource expertly guides readers to solo piano literature and provides answers to common questions: What did a given composer write? What interesting work have I never heard of? How difficult is it? What are its special musical features? How can I reach the publisher? New to the fourth edition are enhanced indexes identifying black composers, women composers, and compositions for piano with live or recorded electronics; a thorough listing of anthologies and collections organized by time period and nationality, now including collections from Africa and Slovakia; and expanded entries to account for new material works and resources that have become available since the third edition, including websites and electronic resources. The newest Hinson will be an indispensable guide for many years to come.
