EDWARD MENDELSON

Prolific And The Devourer

Edward Mendelson

Prolific And The Devourer:

Prolific and the Devourer W. H. Auden, 1996 *The Prolific and the Devourer* Wystan Hugh Auden, 1981 **The Prolific and the Devourer, Part I.** Wystan Hugh Auden, 1976 The Prolific And The Devourer W.H. Auden, 1996-06-01 W H Auden is unquestionably one of the most fascinating and influential literary figures of the twentieth century His formal innovations in poetry and drama have immeasurably affected modern literary consciousness as have his reactive views about political and literary trends At the time he wrote *The Prolific and the Devourer* Auden was moving away from his vocal Marxism of the 1930s toward a committed Christianity in the 1940s and beyond *The Prolific and the Devourer* sheds new light on the personal and public worlds he inhabited philosophically drawing the line between the position of the artist and that of the politician The book takes its title and in part its form from William Blake's *The Marriage of Heaven and Hell* In Auden's interpretation the Prolific are those who produce the farmer the skilled worker the scientist the cook the innkeeper the doctor the teacher the athlete the artist The Devourers are the political types who depend on what is already produced for their well being the Judges Policemen Critics These are the real Lower Orders the low sly lives whom no decent person should receive in his house As in Blake the sections and subsections of Auden's book are unified and propelled by the oracular need to express the key components of human nature The first section contains a series of aphoristic statements and personal reflections that usher us into the enormous territory to be explored In the second section Auden chooses examples from politics religion and literature to expound his views on human and historical evolution The third section examines the characters of the Prolific and the Devourer in relation to Catholic Protestant and Romantic traditions and to Socialist and Fascist beliefs The question and answer form employed in the final section allows Auden to reveal his inner struggle to reach some understanding of God the supernatural and pacifism At a time when spiritual and political values are co All in All Charles W. Durham, Kristin A. Pruitt, 1999 Readers will no doubt discern points of contiguity among the essays in this volume For example several essays investigate sources literary pictorial architectural and Milton's use of those sources in his poetry Others view Milton from the perspective of his age and seventeenth century contemporaries such as Michael Drayton and Aemelia Lanyer *The Complete Works of W. H. Auden* Wystan Hugh Auden, 1996 Volume 5 This fifth volume of W H Auden's prose displays a great writer's mind in its full maturity of wisdom learning and emotional and moral intelligence It contains his most personally revealing essays the ones in which he wrote for the first time about the full history of his family life his sexuality and the development of his moral and religious beliefs Among these works are the lightly disguised autobiographies that appear in long essays on the Protestant mystics and on Shakespeare's sonnets The book also features the full text of his T S Eliot Memorial Lectures *Secondary Worlds* and many unpublished or unavailable lectures and speeches Edward Mendelson's introduction and comprehensive notes provide biographical and historical explanations of obscure references The text includes corrections and revisions that Auden marked in personal copies of his work and that are published here for

the first time **Blake on Language, Power, and Self-Annihilation** J. Jones, 2010-05-24 Against a historical backdrop that includes eighteenth century language theory children s literature and education debates on the French Revolution Biblical interpretation and print culture Blake on Language Power and Self Annihilation breaks new ground in the study of William Blake This book analyzes the concept of self annihilation in Blake s work using the language theories of Mikhail Bakhtin to elucidate the ways in which his discourse was open to the viewpoints of others undermines institutional authority and restores dialogue This book not only uncovers the importance of self annihilation to Blake s thinking about language and communication but it also develops its centrality to Blake s poetic practice **BEING, The Radiant Force Within** Nathan Mathewson Shippee, 2008-07 Shane an immortal being gives his love for a woman Alicia and for the love of his God The two meet in a park on earth It was love at first sight After becoming friends Shane disappeared without any notice She was never able to forget him Her life continued on earth After their separation Alicia meets in a serious accident and is transported to a world in the afterlife It was heaven known as the World of the Immortals To her surprise she meets Shane in the World of the Immortals The two then embarked upon an adventure together of danger and romance They encounter evil and experience the wholesome love of holiness Their lives were never the same afterwards The One Mind Matthew A. Fike, 2013-10-08 The One Mind C G Jung and the Future of Literary Criticism explores the implications of C G Jung s unus mundus by applying his writings on the metaphysical the paranormal and the quantum to literature As Jung knew everything is connected because of its participation in universal consciousness which encompasses all that is including the collective unconscious Matthew A Fike argues that this principle of unity enables an approach in which psychic functioning is both a subject and a means of discovery psi phenomena evoke the connections among the physical world the psyche and the spiritual realm Applying the tools of Jungian literary criticism in new ways by expanding their scope and methodology Fike discusses the works of Hawthorne Milton Shakespeare Wordsworth and lesser known writers in terms of issues from psychology parapsychology and physics Topics include the case for monism over materialism altered states of consciousness types of psychic functioning UFOs synchronicity and space time relativity The One Mind examines Goodman Brown s dream Adam s vision in Paradise Lost the dream sequence in The Wanderer the role of metaphor in Robert A Monroe s metaphysical trilogy Orfeo Angelucci s work on UFOs and the stolen boat episode in Wordsworth s The Prelude The book concludes with case studies on Robert Jordan and William Blake Considered together these readings bring us a significant step closer to a unity of psychology science and spirituality The One Mind illustrates how Jung s writings contain the seeds of the future of literary criticism Reaching beyond archetypal criticism and postmodern theoretical approaches to Jung Fike proposes a new school of Jungian literary criticism based on the unitary world that underpins the collective unconscious This book will appeal to scholars of C G Jung as well as students and readers with an interest in psychoanalysis literature literary theory and the history of ideas Law and Literature Brook Thomas, 2002 **The Visionary Company** Harold Bloom, 1971 Discusses the

works of William Blake William Wordsworth Samuel Taylor Coleridge George Gordon Lord Byron Percy Bysshe Shelley John Keats Thomas Lovell Beddoes John Clare George Darley and others **Yeats and Joyce** Alistair Cormack, 2017-03-02 While postcolonial studies has contributed much to our understanding of Irish modernism it has also encouraged less than accurate portrayals of Joyce and Yeats as polar opposites Yeats as the inventor of Irish mystique and Joyce as its relentless demythologiser Alistair Cormack's complex study provides a corrective to these misleading characterisations by analysing the tools Yeats and Joyce themselves used to challenge representation in the postcolonial era Despite their very different histories Cormack suggests these two writers can be seen as allies in their insistence on the heresy of the imagination Reinventing and politicising the history of ideas as a powerful medium for studying literature he shows that Joyce and Yeats independently challenged a linearity and materialism they identified with empire Both celebrated Ireland as destabilising the accepted forms of thought and the accepted means of narrating the nation Thus unreadable modernist works such as *Finnegans Wake* and *A Vision* must be understood as attempts to reconceptualise history in a literally postcolonial period **W.H. Auden Encyclopedia** David Garrett Izzo, 2015-05-07 W H Auden's life and work were perhaps best explained and condensed in the words of Edward Mendelson Auden's literary executor when he remarked Auden grew up in a household in which the scientific inquiries of his father maintained an uneasy truce with the ritualized religion of his mother Indeed science and religion were dominant themes in Auden's life and work which for him were oftentimes one and the same Auden was hailed as the new T S Eliot and as the coming man greatly influencing the future generations of angry young men with his thoughts on science religion and the relationship between the two This book is an exhaustive reference to W H Auden Those new to Auden and his writing will find the work a comprehensive introduction while Auden scholars will appreciate the quick access it offers to the details of all his poems plays libretti and other pieces of writing It also includes entries on the people who were closest and most important to Auden including fellow writers Christopher Isherwood Stephen Spender C Day Lewis Edward Upward and T S Eliot as well as significant events in his life such as his arrival in America his vision of agape and his search in science and religion for answers to the deep questions of life and existence *The Prophetic Writings of William Blake, in Two Volumes* William Blake, 1926 **W.H. Auden** John Fuller, 1998 To help readers understand Auden's work the poet and scholar John Fuller examines all of Auden's published poems plays and libretti leaving out only some juvenilia In unprecedented detail he reviews the works publishing history paraphrases difficult passages and explains allusions He points out interesting variants including material abandoned in drafts identifies sources looks at verse forms and offers critical interpretations Along the way he presents a wealth of facts about Auden's works and life that are available in no other publication *The Broadview Anthology of Literature of the Revolutionary Period 1770-1832* D.L. Macdonald, Anne McWhir, 2010-03-04 The selections from 132 authors in this anthology represent gender social class and racial and national origin as inclusively as possible providing both greater context for canonical works and a sense of the era

s richness and diversity In terms of genre poetry non fiction prose philosophy educational writing and prose fiction are included Geographically America Canada Australia India and Africa are represented along with Britain emphasizing Romantic literature as a world literature Biographical headnotes explanatory footnotes and an extensive bibliography clarify and illuminate the texts for readers *Critical Paths* Dan Miller, Mark Bracher, Donald D. Ault, 1987 The great expositors of Blake and those who have followed in their footsteps have clarified the most minute particulars of Blake s vision Now in the place of traditional exegesis comes a significantly new set of critical problems and interpretive methods In this volume of essays the major shift in Blake studies already under way in practice is addressed gauged analyzed and debated The contributors assembled here leading exponents of contemporary critical methods as well as close students of Blake argue the grounds purposes and validity of each approach and then apply its method in detailed readings of Blake s works We see deconstruction psychoanalytic interpretation feminist critique semiotic analysis Marxist criticism revisionism and other methods brought to bear on Blake s texts and into confrontation with one another by those best able to do so Through the essays themselves and in the reaction they will certainly provoke *Critical Paths* will bring increased theoretical awareness to the study of Blake and will further the ongoing redefinition of Blake s art At the same time the collection investigates the general problem of methodology in literary studies by means of a casebook examination of modern critical approaches Blake criticism and current literary theory here come together the encounter illuminates and enriches both **Early Auden, Later Auden** Edward Mendelson, 2017-04-25 Presented in one volume for the very first time and updated with new archival discoveries *Early Auden Later Auden* reintroduces Edward Mendelson s acclaimed two part biography of W H Auden 1907-73 one of the greatest literary figures of the twentieth century This book offers a detailed history and interpretation of Auden s oeuvre spanning the duration of his career from juvenilia to his final works in poetry as well as theatre film radio opera essays and lectures *Early Auden Later Auden* follows the evolution of the poet s thought offering a comparison of Auden s views at various junctures over a lifetime With penetrating insight Mendelson examines Auden s early ideas methods and personal transitions as reflected in poems manuscripts and private papers The book then links changes in Auden s intellectual emotional and religious experience with his shifting public role showing the depth of his personal struggles with self and with fame and the means by which these internal conflicts were reflected in his art in later years Featuring a new preface by the author *Early Auden Later Auden* is an engaging and timeless work that demonstrates Auden s remarkable range and complexity paying homage to his enduring legacy Reading Auden John R. Boly, 2019-05-15 *Reading Auden* is the first book to consider the poetry of W H Auden from the perspective of his own theory of the text rather than that of the romantic norms he deliberately rejected According to John R Boly Auden departs from the romantics in approaching the poem not as a means of expressing an emotion or conveying an idea but as a game whose goal is the continuous transformation of its own rules of play Radical Christian Voices and Practice Zoë Bennett, David B. Gowler, 2012-01-26 On

the margins of the biblical canon and on the boundaries of what are traditionally called mainstream Christian communities there have been throughout history writings and movements which have been at odds with the received wisdom and the consensus of establishment opinion If one listens carefully these dissident voices are reflected in the Bible itself whether in the radical calls for social change from the Hebrew Bible prophets with Jesus the apocalyptic prophet who also demanded social and economic justice for his oppressed people or perhaps from the apocalyptic tradition's millenarian visions The use of the Bible has been fertile ground throughout Christian history for prophetic calls for radical change within society as a whole and the church in particular The essays contained in this volume examine aspects of this radical tradition its doctrine hermeneutics pedagogy and social action They offer a sustained development of the theme of the Bible and its reception and appropriation in the context of radical practices and an exposition of the imaginative possibilities of radical engagement with the Bible in inclusive social contexts Part 1 treats New Testament texts directly the Lukan writings Paul and the Book of Revelation Part 2 explores some examples of reception history and of radical appropriation of the Bible in history and literature Part 3 addresses contemporary issues in liberation theology and public theology This book is a Festschrift in honour of Professor Christopher Rowland the Dean Ireland's Professor of the Exegesis of Holy Scripture in the University of Oxford
