

# The Prologue.

✚ In the “Prologue,” Chaucer examines three segments of Medieval England:

- ◆ 1. The Old Feudal order – these are all of the pilgrims associated with the **feudal class system** (a hierarchy involving a wealthy landowner , down through the peasants who work for him).
  - Knight, Squire, Yeoman, Plowman . . .
- ◆ 2. The Merchant Class –the rising middle class of the time; towns and cities were emerging , so skilled workers were needed:
  - Merchant, Man of Law, Guildsmen, Cook . . .
- ◆ 3. The Ecclesiastical (Church) Class – all of the members of the church. Chaucer is most critical of this segment of society.
  - Prioress, Monk, Friar, Pardoner . . .

**Prologue to New England** Henry Forbush Howe, 1943      Prologue to New England Henry F. Howe, 1949      English Literature Sophie Jewett, 1896      Wallless Cities Shen Hou, 2024-10-21 This book aims to outline the detailed process of integrating nature and cities in a historical context through the lens of urban environmental history capturing how the most ordinary yet enduring natural forces have shaped the form of cities and the thoughts of individuals It provides a detailed examination of the development trends achievements and existing issues in this field and a profound understanding of the urgency and necessity of nurturing new ideas to guide cities out of their ecological paradox It also summarizes the formation and development challenges and missions of American cities centered around the core image of the City Without Walls

Barshinger, Douglas A. Sweeney, 2018 For too long scholars have published new research on Edwards without paying due attention to the work he took most seriously biblical exegesis Edwards is recognized as an innovative theologian who wielded tremendous influence on revivalism evangelicalism and New England theology What is often missed is how much time he devoted to studying and understanding the Bible He kept voluminous notebooks on Scripture and died with unrealized plans for major treatises on the Bible More and more experts now recognize the importance of this aspect of his life this book brings together the insights of leading Edwards scholars on this topic The essays in Jonathan Edwards and Scripture set Edwards engagement with Scripture in the context of seventeenth century Protestant exegesis and eighteenth century colonial interpretation They provide case studies of Edwards exegesis in varying genres of the Bible and probe his use of Scripture to develop theology The authors also set his biblical interpretation in perspective by comparing it with that of other exegetes This book advances our understanding of the nature and significance of Edwards work with Scripture and opens new lines of inquiry for students of early modern Western history      **The Family Tree Toolkit** Kenyatta D. Berry, 2018-11-06 The popularity of Family History has increased over the past five years due to TV shows like Genealogy Roadshow Finding Your Roots and Who Do You Think You Are The ability to access records online has opened up the one time hobby for genealogy enthusiasts to the mainstream Companies like Ancestry com Familysearch org Findmypast com and MyHeritage have spent millions of dollars making records available around the world DNA technology continues to evolve

and provides the instant gratification that we have become use to as a society But then the question remains what does that really mean Knowing your ancestry is more than just ethnic percentages it s about creating and building a story about your family history The Family History Toolkit is designed to help you navigate the sometimes overwhelming and sometimes treacherous waters of finding your ancestors While this is not a comprehensive guide to all things genealogy it is a roadmap to help you on this journey of discovery whether you are looking for your African Asian European or Jewish ancestry The Family History Toolkit guides you on how and where to begin what records are available both online and in repositories what to do once you find the information how to share your story and of course DNA discoveries      Serial Connections Mark Clayton De Binder,2007-11-19 Chase Benton founder of Serial Connections is a shaman and psychic who began his company to capture the most notorious serial killers He uses an artificial intelligence system that works with shamans psychics and former Special Forces operatives to accomplish what government can t      **US Environmental History** John Wills,2012-11-28 Environmental issues in the USA are more important now than ever before The devastation inflicted by Hurricane Katrina growing evidence of global warming and a struggling national energy supply highlight the unfolding crisis Environmental fears translate into US automobile giants plying consumers with fuel efficient cars in the MPG Lounge of sales Politicians talk of energy independence and getting tough on polluters Fears gravitate around a fast approaching doomsday scenario an environmental endgame of wholesale collapse unless something is done Yet fears of doomsday are nothing new John Wills shows how the current environmental crisis is firmly rooted in the past As well as explaining how today s problems are manifestations of older systems of economics culture and politics he also argues that America has already witnessed a range of doomsday scenarios both real and imagined He identifies and explores a cast of doomsday landscapes that includes the Battle of the Wilderness in Virginia the Santa Barbara Oil Spill the Fable for Tomorrow town featured in Rachel Carson s Silent Spring 1962 and Nevada s Doom Towns 1 and 2 blown apart by atomic testing in the 1950s He reflects on contemporary ruminations over whether nature as a category endures given both the rising contamination of the US landscape and consumer proclivity for celebrating fake mementos of the outdoors such as plastic lawn flamingos and artificial plants And most significantly he poses the question of whether Americans have been inviting doomsday through their long term environmental actions      Pageants and Processions Herman du Toit,2009-10-02 Nowadays pageants often take the form of parades of effervescent young women competing for popular recognition in hyped up media events However these beauty pageants are a mere pastiche of the elaborate historical parades of the medieval period that took significant social religious or civic events and their protagonists as subjects Pageants were historically characterized by resplendent costuming and elaborate processions that were often given to much pomp and ceremony Pageantry has formed an important part of the civic life of most societies both ancient and modern serving a variety of cultural and political purposes The use of drama and public spectacle as an instrument of civic social and religious activism has recently become the focus of renewed

academic inquiry The essays in this interdisciplinary anthology provide carefully researched insights into the phenomenon of pageantry over the centuries and across broad cultural boundaries

**Henry James's Style of Retrospect** Oliver Herford, 2016-05-26 Henry James's *Style of Retrospect* traces James's engagement with the writing of the recent past across the last twenty-five years of his life and examines the thoroughgoing change his style underwent in this last phase of his career as his focus turned from the observation of contemporary manners to biographical commemoration and autobiographical reminiscence and the balance of his output gradually shifted from fiction to non-fiction The late personal writings of the book's subtitle are works of retrospective non-fiction They are a varied group representing a broad array of genres and occasions commemorative essays and obituary tributes textual revisions and accounts of revisiting familiar places cultural and literary criticism biography and autobiography and family memoir Oliver Herford proposes that we read the late personal writings as a coherent sequence bound together by a close texture of cross references and allusive echoes and united by James's newly discovered sense for the literary possibilities of non-fiction Closely analyzing the style of these writings this study offers a boldly revisionist account of the way style itself challenges and preoccupies the very late James A linked series of innovative close readings takes the major works of this period in sequence addressing a key point of style in each particular attention is paid to procedures of reference to the historical past to real persons and places and objects a dimension of style often neglected and sometimes actively slighted in analyses of James's late work Henry James's *Style of Retrospect* asks what it means for so distinguished a novelist to alter the foundations of his written manner so strikingly in late life and shows how we may begin to reconfigure our understanding of late Jamesian aesthetics accordingly
