Prom Anonymous Blake Nelson, 2007-02-15 Chloe Thomas is going to the prom Of course she doesn't have a date she needs a dress and she's the last person anyone expects to see there But her two oldest friends asked her to go and she said yes Right away things start to fall apart Laura and Jace are too busy with their own preparations to help Chloe her real friends think she's insane and her parents are so excited that she can't even be in the same room with them Why on earth did she agree to do this With drama humor and a touch of prom magic Blake Nelson delivers a story as memorable as prom itself

High School Prom Ann Anderson, 2012-08-16 The prom has been a fixture in the life of American teenagers for as long as high schools have existed Both encapsulating and magnifying the drama of adolescence proms have been transformed from modest tea dances to costly extravaganzas supporting apparel and cosmetic makers limousine services hotels magazine publishers and hair salons Focusing on social and economic trends this volume examines the evolution of the prom the development of the billion dollar prom industry and the event's place in popular culture including its portrayal in film television and literature Using the prom as a lens through which to view many aspects of American culture money sex fashion dance music television transportation communication and even war this work offers a fresh perspective on the history of American youth Instructors considering this book for use in a course may request an examination copy here [Teens Have Style!](#) Sharon Snow, Yvonne Reed, 2013-03-18 Authors Sharon Snow and Yvonne Reed present fashion as a way to offer a fun and interesting program for teens in the library and not just for girls Today's fashion savvy teenaged guys are just as likely to be eager participants *Teens Have Style Fashion Programs for Young Adults at the Library* provides an easy to follow template for creating popular programs within the public or school library setting that will capture the attention of most teenaged girls In *Teens Have Style* librarians will find programs they can adapt to their individual style or specific age range of their younger patrons such as getting ready for the prom making jewelry decorating sneakers creating a green outfit from recycled materials and many more All of the ideas are flexible and can be matched to other educational programs or to fit the library's needs regardless of its size For example school librarians can partner with art teachers to orchestrate a Fashion as Art program which challenges students to identify a painting that they like and then to create an outfit that reflects the style and feel of that work of art

Senior Anonymous Matthew Hallman, 2019-10-16 *Senior Anonymous* is about the one year that Matt was a senior It goes through the chronological series of adventures and misadventures that Matt and his friends managed to do for that year It recalls so many of the classmates teachers coaches and strangers who added to that year that is supposed to be such a vital springboard into life The story leans heavily upon the drinking and smoking that became a partner in all the activity whether it was school or after school events And clearly the events are intended as they were then to bring some laughter There is an undertone though of the early days and signs of someone who is becoming an addict and alcoholic There is an update summary of the lives and situations as they are today that sometimes reflects sarcasm but a

sense of happiness and spiritual contentedness as well
