**Prominent Sisters** Michael Polowetzky, 1996-09-24 The story of three remarkable 19th century British women Mary Lamb Dorothy Wordsworth and Sarah Disraeli *The Brother-Sister Culture in Nineteenth-Century Literature* V. Sanders, 2001-12-17 This book argues that brother sister relationships idealized by the Romantics intensified in nineteenth century English domestic culture and is a neglected key to understanding Victorian gender relations Attracted by the apparent purity of the sibling bond novelists and poets also acknowledged its innate ambivalence and instability through conflicting patterns of sublimated devotion revenge fantasy and corrosive obsession The final chapter shows how the brother sister bond was permanently changed by the experience of the First World War **Mad Mary Lamb** Susan Tyler Hitchcock, 2005 After killing her mother with a carving knife Mary Lamb spent the rest of her life in and out of madhouses yet the crime and its aftermath opened up a new life Freed to read extensively she discovered her talent for writing and with her brother the essayist Charles Lamb collaborated on the famous Tales from Shakespeare This narrative of a nearly forgotten woman is a tapestry of insights into creativity and madness the changing lives of women and the redemptive power of the written word [The Routledge Companion to Romantic Women Writers](#) Ann R. Hawkins, Catherine S. Blackwell, E. Leigh Bonds, 2022-12-30 The Routledge Companion to Romantic Women Writers overviews critical reception for Romantic women writers from their earliest periodical reviews through the most current scholarship and directs users to avenues of future research It is divided into two parts The first section offers topical discussions on the status of provincial poets on women's engagement in children's literature the relation of women writers to their religious backgrounds the historical backgrounds to women's orientalism and their engagement in debates on slavery and abolition The second part surveys the life and careers of individual women some 47 in all with sections for biography biographical resources works modern editions archival holdings critical reception and avenues for further research The final sections of each essay offer further guidance for researchers including Signatures under which the author published and a List of Works accompanied whenever possible with contemporary prices and publishing formats To facilitate research a robust Works Cited includes all texts mentioned or quoted in the essay **The Early Novels of Benjamin Disraeli Vol 1** Daniel Schwarz, Geoffrey Harvey, Ann Hawkins, Miles Kimball, Charles Richmond, Michael Sanders, 2021-03-24 Benjamin Disraeli 1804-81 was one of the most important political figures in 19th century Britain However before rising to political prominence he had established himself as a major literary figure This set takes a critical look at Disraeli's early work Volume 1 includes Vivian Grey 1826-7 **The Early Novels of Benjamin Disraeli** Ann Hawkins, 2024-07-31 Benjamin Disraeli 1804-81 was one of the most important political figures in 19th century Britain However before rising to political prominence he had established himself as a major literary figure This set takes a critical look at Disraeli's early work **Little-known Sisters of Well-known Men** Sarah Gertrude Pomeroy, 1912 **Lacework or Mirror? Diary Poetics of Frances Burney, Dorothy Wordsworth and Mary Shelley**

Magdalena Ożarska, 2014-01-08 *Lacework or Mirror Diary Poetics of Frances Burney Dorothy Wordsworth and Mary Shelley* sets out to determine whether each of the diaries by three female writers namely Frances Burney Dorothy Wordsworth and Mary Shelley approximates the Philippe Lejeunean concept of the diary as lacework or the more sweeping view typical of the broadly conceived autobiography which Georges Gusdorf famously likened to the mirror The author explores Burney's and Wordsworth's and Shelley's attempts at concealing the gaps between their narrating and narrated I's as well as examining their diary lacunae especially helpful for illustrating the gradual emergence of the diarists' individual selves Broader issues connected with diary poetics such as the use of metaphors and symbols the degree of reliance on dialogue and ensuing narrativity down to handling the past by means of anachronous eccentricities are also subject to examination The study is based on the assumption that the journal is a literary genre which can be investigated with tools routinely used for the examination of literary texts Yet beyond the issues of literariness in accordance with Philippe Lejeune's dictum the three journals reveal the writers' diaristic practices In fact it seems that issues of the journal genre and the journal practice cannot be divorced and neither can their lacework and mirror aspects     *Sibling Relations and the Transformations of European Kinship, 1300-1900* Christopher H. Johnson, David Warren Sabean, 2011-03-01 Recently considerable interest has developed about the degree to which anthropological approaches to kinship can be used for the study of the long term development of European history From the late middle ages to the dawn of the twentieth century kinship rather than declining as is often assumed was twice reconfigured in dramatic ways and became increasingly significant as a force in historical change with remarkable similarities across European society Applying interdisciplinary approaches from social and cultural history and literature and focusing on sibling relationships this volume takes up the challenge of examining the systemic and structural development of kinship over the long term by looking at the close inner familial dynamics of ruling families the Hohenzollerns cultural leaders the Mendelssohns business and professional classes and political figures the Gladstones in France Italy Germany and England It offers insight into the current issues in kinship studies and draws from a wide range of personal documents letters autobiographies testaments memoirs as well as genealogies and works of art     **A Highland Tour of Victorian Travel Writing** Dimitrios Kassis, 2023-10-09 During the first quarter of the eighteenth century Scotland was persistently viewed as a peripheral region inhabited by savage Highlanders epitomising the sublime and the grotesque as well as the distance of the Scottish Other from civilised Europe However the rediscovery of the Ossianic tradition the Scottish link to the Norman invasion and the increasing appeal of Scottish historical narratives to the average Victorian set the pattern for the reconstruction of a literary utopia Facing the risk of racial segregation due to their Celtic background a significant number of Scottish writers and theorists succumbed to the rising Anglo Saxonism seeking every means to prove their Anglo Saxon background at the expense of their Celtic roots This volume includes a set of travel narratives and essays on Scotland covering a period of more than two centuries 1722-1907 The travellers who flocked to Scotland were either

driven by literary aspirations or were on a mission to explore the country's wild inhabitants the Highlanders In their attempt to define Scottish identity in accordance with the cultural ideological and political standards of the English Scottish and American travel writers often adhered to the Othering of the Scottish people promoting images of backwardness and the sublime "All is Race" Simone Beate Borgstede, 2011 Inspired by Hannah Arendt's discussion of the Victorian Tory politician and novelist Benjamin Disraeli as a Jew who fought back this book explores the complex ways in which mid-Victorian discourses of identity and belonging were interwoven with discourses of race The book looks at Disraeli's response to the antisemitism of the period leading him to become convinced that race was the key to understand how society works It traces Disraeli's use of the category of race as a pivotal idea of social difference and looks at how race intersected his thinking with class culture gender nation and empire It also shows how Disraeli's one nation politics was dependent on the idea of empire and how his representations of both nation and empire became based on race Series Racism Analysis Series A Studies Vol 2 *The Broadview Anthology of Literature of the Revolutionary Period 1770-1832*, 2010 **The Broadview Anthology of Literature of the Revolutionary Period 1770-1832** D.L. **Temporality and Progress in Victorian Literature** Ruth M. McAdams, 2024-11-30 Temporality and Progress in Victorian Literature argues that Victorian literature uses traces of a lingering past to theorize time as non-progressive and discontinuous For decades the dominant view in Victorian studies has been that the period's economic political and intellectual developments led to a broad sense that time was defined by continuous improvement and that this master narrative of progress was evident across Victorian writings McAdams contributes to a broader scholarly challenge of this thesis by considering how the irregular life cycles of individuals and objects undermine Victorian progress Unfashionable waistcoats aging courtesans and remembered conversations in Victorian literature instead reveal numerous alternative conceptions of time theorized against the emerging dominance of a progress narrative The book uncovers the heterogeneous shapes of time imagined by Victorian literature regress cyclicity stasis and rupture These shapes are not simply progress's others but rather constituent elements of progress's theorization New Books on Women and Feminism, 1997 The Dial, 1912 **Worcester Library Bulletin** Free Public Library (Worcester, Mass.), 1913 **Shakespeare in Children's Literature** Erica Hateley, 2009 Shakespeare in Children's Literature looks at the genre of Shakespeare for children considering both adaptations of his plays and children's novels in which he appears as a character Drawing on feminist

theory and sociology Hateley demonstrates how Shakespeare for children utilizes the ongoing cultural capital of Shakespeare and the pedagogical aspects of children's literature to perpetuate anachronistic forms of identity and authority Monthly Bulletin St. Louis Public Library, 1911
