The Promised Land? Lorna Martens, 2001-02-01 Analyzes East German feminism for an American audience through an exploration of their women writers *Cervantes' Epic Novel* Michael Armstrong-Roche, 2009-05-08 Miguel de Cervantes conceived his final work *The Labours of Persiles and Sigismunda A Northern Story* 1617 as a great prose epic that would accomplish for its age what Homer and Virgil had done for theirs And yet by the eighteenth century *Don Quixote* had eclipsed *Persiles* in the favour of readers and writers alike and the later novel is now virtually forgotten except by specialists This study sets out to help restore *Persiles* to pride of place within Cervantes's corpus by reading it as the author's summa as a boldly new kind of prose epic that casts an original light on the major political religious social and literary debates of its era At the same time it seeks to illuminate how such a lofty and solemn ambition could coexist with Cervantes' evident urge to delight Grounded in the novel's multiple contexts literature history and politics philosophy and theology and in close reading of the text Michael Armstrong Roche aims to reshape our understanding of *Persiles* within the history of prose fiction and to take part in the ongoing conversation about the relationship between literary and non literary cultural forms Ultimately he reveals how Cervantes recast the prose epic expanding it in new directions to accommodate the great epic themes politics love and religion to the most urgent concerns of his day Teaching Ethics with Three Philosophical Novels Michael Boylan, 2019-09-04 This book offers a unique method for teaching ethics and social political philosophy by combining primary texts and resource material along with three philosophical novels so that students can apply the abstract principles to real life situations A sample syllabus and sample assignments are provided This second edition contains an additional teacher's manual guiding instructors in how to effectively put together a course in ethics using fiction Students often turn off when

confronted with abstract ethical principles alone This book allows interaction with philosophical novels that provide real life situations that mirrors applying normative principles to lived experience Students will be drawn into this realism and their engagement with the material will be significantly enhanced This is an innovative textbook for teachers and students of general philosophy ethics business ethics social and political philosophy as well as students of literature and philosophy

Naydan,2016-05-23 *Rhetorics of Religion in American Fiction* considers the way in which contemporary American authors address the subject of belief in the post 9 11 Age of Terror Naydan suggests that after 9 11 fiction by Mohsin Hamid Laila Halaby Philip Roth Don DeLillo John Updike and Barbara Kingsolver dramatizes and works to resolve impasses that exist between believers of different kinds at the extremes These impasses emerge out of the religious paradox that shapes America as simultaneously theocratic and secular and they exist for instance between liberals and fundamentalists between liberals and certain evangelicals between fundamentalists and artists and between fundamentalists of different varieties Ultimately Naydan argues that these authors function as literary theologians of sorts and forge a relevant space beyond or between extremes They fashion faith or lack thereof as hybridized and hence as a negotiation among secularism atheism faith fundamentalism and fanaticism In so doing they invite their readers into contemplations of religious difference and new ways of memorializing 9 11 *Mappings* Susan Stanford Friedman,1998-10-19 In this powerful work Susan Friedman moves feminist theory out of paralyzing debates about us and them white and other first and third world and victimizers and victims Throughout Friedman adapts current cultural theory from global and transnational studies anthropology and geography to challenge modes of thought that exaggerate the boundaries of gender race ethnicity sexuality class and national origin The author promotes a transnational and heterogeneous feminism which she maintains can replace the proliferation of feminisms based on difference She argues for a feminist geopolitical literacy that goes beyond fundamentalist identity politics and absolutist poststructuralist theory and she continually focuses the reader's attention on those locations where differences are negotiated and transformed Pervading the book is a concern with narrative the way stories and cultural narratives serve as a primary mode of thinking about the politically explosive question of identity Drawing freely on modernist novels contemporary film popular fiction poetry and mass media the work features narratives of such writers and filmmakers as Gish Jen Julie Dash June Jordan James Joyce Gloria Anzaldua Neil Jordan Virginia Woolf Mira Nair Zora Neale Hurston E M

Forster and Irena Klepfisz Defending the pioneering role of academic feminists in the knowledge revolution this work draws on a wide variety of twentieth century cultural expressions to address theoretical issues in postmodern feminism Second Witness: Analytical and Contextual Commentary on the Book of Mormon Brant A. Gardner, 2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon Second Witness a new six volume series from Greg Kofford Books takes a detailed verse by verse look at the Book of Mormon It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics anthropology and ethnohistory the commentary approaches the text from a variety of perspectives how it was created how it relates to history and culture and what religious insights it provides The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon s setting For the first time that location its peoples cultures and historical trends are used as the backdrop for reading the text The historical background is not presented as proof but rather as an explanatory context The commentary does not forget Mormon s purpose in writing It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ the Eternal God The Popular Bible Prophecy Commentary Tim F. LaHaye, Edward E. Hindson, 2007-02-01 Offering clear and informative explanations from notable prophecy experts a user friendly guide sheds light on a wide range of issues in Bible prophecy including the signs preceding Jesus s Second Coming Daniel s prophecies about the Antichrist Tribulation and the world s kingdoms and the interpretation of the book of Revelation *The Land Without Promise* Katerina Koci, 2021-07-29 Katerina Koci charts the development of the promised land motif starting from its biblical roots and examining its reception over the centuries until the present day As her cornerstone Koci uses Hans Georg Gadamer s claim that there are two complementary paths towards understanding and knowledge science and art Thus to be faithful to the creed of the great hermeneutist Koci ventures into both topics arguing that while science sets out historical critical analysis of the promised land motif in the Hebrew Bible and its later receptions art enriches the interpretation with its literary illustrations This volume places particular focus on American contexts since the concept of the promised land is so deeply intertwined with American religious political mythologies and with the art of John Steinbeck and Walter Brueggemann in particular By discussing artistic interpretation in biblical hermeneutics the context and reception of Genesis 15 7 and Exodus 3 8 in the Hebrew Bible and New Testament and the history of the promised land motif and its interpretations Koci argues that artistic receptions of biblical motifs are crucial for biblical scholarship in opening new hermeneutical and thematic horizons The Crisis , 2002-05 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100
