Promissory Notes Women In The Transition To Socialism:

Women's Access to Political Power in Post-Communist Europe Richard E. Matland, Kathleen A. Montgomery, 2003-05-01

This book considers women's access to formal positions of power in the newly formed democracies of post communist Europe. While acknowledging the relevance of recent history, this book takes an important step away from the communist legacy and explicitly argues for a framework based on causal variables identified in the existing literatures from industrialized democracies on women and politics and legislative recruitment. After a brief introduction, the second chapter sets forth a general theoretical framework which posits that the level of female legislative representation in a given country is a function of the relative supply of and demand for female candidates. After a chapter considering a broad overview of public opinion on women and politics in Eastern Europe, thirteen country chapters spanning the spectrum of Eastern European democracies address and test hypotheses about the key variables affecting the supply and demand sides of the equation in individual countries. Relevant aspects of the communist cultural and developmental legacy are addressed, but authors give particular attention to political factors such as electoral rules and the characteristics of the emerging party systems that vary within the Eastern European countries. The new democracies of Eastern Europe provide a novel context in which to test and extend our theories about the consequences of political institutions for the quality of democracy. Since institutional arrangements are more malleable than developmental or cultural characteristics, those variables also offer the greatest promise to scholars and practitioners wondering what can be done to improve women's access to formal arenas of political power. How can we build democracies that are stable, lasting, and representative? A careful analysis of the post communist context can help us to address issues concerning institutional design and development that has relevance well beyond the Eastern European context. *Gender Politics and Everyday Life in State Socialist Eastern and Central Europe* S.

Penn, J. Massino, 2009-11-23. This book showcases extensive research on gender under state socialism, examining the subject in terms of state policy and law, sexuality and reproduction, the academy, leisure, the private sphere, the work world, opposition, activism, and memory and identity.

Boys' Love, Cosplay, and Androgynous Idols Maud Lavin, Ling Yang, Jing Jamie Zhao, 2017-06-01. Chinese speaking popular cultures have never been so queer in this digital globalist age. The title of this pioneering volume, *Boys Love, Cosplay, and Androgynous Idols: Queer Fan Cultures in Mainland China, Hong Kong, and Taiwan*, already gives an idea of the colorful, multifaceted realms the fans inhabit today. Contributors to this collection situate the proliferation of often online queer representations, productions, fantasies, and desires as a reaction against the norms in discourses surrounding nation, states, linguistics, geopolitics, genders, and sexualities. Moving beyond the easy polarities between general resistance and capitulation, *Queer Fan Cultures* explores the fans' diverse strategies in negotiating with cultural strictures and media censorship. It further outlines the performance of subjectivity, identity, and agency that cyberspace offers to female fans. Presenting a wide array of concrete case studies of queer fandoms in Chinese speaking

contexts the essays in this volume challenge long established Western centric and Japanese focused fan scholarship by highlighting the significance and specificities of Sinophone queer fan cultures and practices in a globalized world The geographic organization of the chapters illuminates cultural differences and the other competing forces shaping geocultural intersections among fandoms based in Mainland China Hong Kong and Taiwan This important collection complicates our understanding of fan practices showing how national and regional factors play an important role in how media texts and identities are understood It also shows how the Chinese speaking world is home to dense and often conflicting modes of audience reception of cultural texts deriving from Sinophone Japanese and Western contexts Mark McLelland University of Wollongong An exciting anthology by a talented group of emergent scholars whose vibrant studies offer fresh insights on the diverse practices and transregional flows of queer fandom in the Chinese speaking world Local in its specificity and transnational in its scope this book highlights the creativity of queer fan practices while critically locating them within the political and social structures that produce them Helen Hok Sze Leung Simon Fraser University

Two Faces of Protest Amrita Basu, 2023-11-15 Drawing on case studies of the Communist Party of India Marxist in West Bengal and Shramik Sangathana in Maharashtra this ground breaking new work examines Indian women s political activism Investigating institutional change at the state level and protest at the village level Amrita Basu traces the paths of two kinds of political activism among these women With insights gleaned from extensive interviews with activists government officials and ordinary men and women she finds that militancy has been fueled by pronounced sexual and class cleavages combined with potentially rancorous ethnic division Thorough in its fieldwork incisive in its political analysis *Two Faces of Protest* offers a richly textured and sensitive view of women s political activism in the Third World This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992

Gender and Agrarian Reforms Susie Jacobs, 2013-05-13 The redistribution of land has profound implications for women and for gender relations however gender issues have been marginalised from both theoretical and policy discussions of agrarian reform This book presents an overview of gender and agrarian reform experiences globally Jacobs highlights case studies from Latin America Asia Africa and eastern Europe and also compares agrarian and land reforms organised along collective lines as well as along individual household lines This volume will be of interest to scholars in Geography Women s Studies and Economics

Engendering Transformation Heike Kahlert, Sabine Schäfer, 2011-12-09 Gender relations in post socialist countries Even more than 20 years after turning away from socialism Eastern European and Central Asian states are still characterized by the regime change in the fields of work politics and culture What are the effects and implications that this change has produced for gender relations in post socialist countries And what does this mean for the situation of women

and men living there today In this context gender relations are especially interesting since gender equality was perceived as a political goal and moreover a given reality in socialism The articles in this volume show the changes as well as the stability of gender relations and power structures during the transformation process and in post socialist times They shed light on topics like labour market policies fertility political representation of women or male artists concerned with gender issues covering the geographical space from Hungary and Poland over Bulgaria and Romania to Ukraine and Uzbekistan Beyond that some of the descriptions and analyses challenge understood certainties about how to create gender equality and about the women and men living in post soviet regions today

Ambiguous Transitions Jill Massino, 2019-07-30 Focusing on youth family work and consumption *Ambiguous Transitions* analyzes the interplay between gender and citizenship postwar Romania By juxtaposing official sources with oral histories and socialist policies with everyday practices Jill Massino illuminates the gendered dimensions of socialist modernization and its complex effects on women's roles relationships and identities Analyzing women as subjects and agents the book examines how they negotiated the challenges that arose as Romanian society modernized even as it clung to traditional ideas about gender Massino concludes by exploring the ambiguities of postsocialism highlighting how the legacies of the past have shaped politics and women's lived experiences since 1989

A Companion to Women's Military History Barton Hacker, Margaret Vining, 2012-08-17 This volume addresses the changing relationships between women and armed forces from antiquity to the present eight chapters review the existing literature an extended picture essay visually documents women's military work and eight chapters illustrate more restricted topics

Socialist Modern Katherine Pence, Paul Betts, 2008 This book explores the ways in which modernity shaped the relationship between socialist state and society in East Germany The reunification of Germany in 1989 may have put an end to the experiment in East German communism but its historical assessment is far from over Where most of the literature over the past two decades has been driven by the desire to uncover the relationship between power and resistance complicity and consent more recent scholarship has tended to concentrate on the everyday history of East German citizens experience of life in East Germany with a particular view toward addressing the question what did modernity mean for East German state and society As such the collection moves beyond the conceptual divide between state level politics and everyday life so as to bring into sharper focus the specific contours of the GDR's unique experiment in Cold War socialism What unites all the essays is the question of how the very tensions around socialist modernity shaped the views memories and actions of East Germans over four decades the Cold War Eastern Europe the history of communism European social history and the history of everyday life gender history as well as modernity and socialist popular culture

Inside the Expressive Culture of Chinese Women's Mosques Maria Jaschok, 2024-11-06 This book presents a multi voice narrative of the history and significance of current contestations over the increasing prominence of expressive piety in Hui Muslim women's mosques in central China By drawing on a Song Book of chants collected from the tradition of women's mosques as context it reveals just how the

increasing prominence of female voices has given rise to considerable misgivings among senior religious leaders over the potential destabilization of orthodox Islamic gendered practices. Providing a historical introduction to the place and function of Islamic chants, jingge and zansheng, the book gives a conceptual framing of female silence, sound and agency in local translations of Confucian and Islamic precepts and women's personal accounts of the role played by traditional and modern soundscapes in transmitting and celebrating Islamic knowledge and faith. As a study of women's soundscapes and the significance of legitimacy ambiguities and implications of female sound, this book will be of considerable interest to students and scholars of Chinese society and culture, gender studies, cultural anthropology and Islam.

Women's Glasnost vs. Naglost Tatyana Mamonova, 1993-11-30 Yeltsin is certainly not the Sakharov of the Democratic Movement. Russian people sarcastically call his burning the Parliament an October Revolution of 1993. In *Women's Glasnost vs. Naglost* we finally hear the voices of the Russian women on what it means to be female and Russian in the tumultuous climate that is modern Russia. The founder of the Russian women's movement, Tatyana Mamonova, was the first Russian woman exiled from the Soviet Union for publishing the underground samizdat *Woman and Russia Now*, lauded as the Simone de Beauvoir of Russia. Mamonova has interviewed 17 Russian women on the subject of the C A S as it relates to glasnost. Women from all walks of life are asked about changes with respect to their roles and expectations as women. Artists, professionals, dissidents, lesbians, doctors, writers and civil servants tell their stories in candid terms, showing that there is still a long road ahead. Revisions and elaborations of speeches delivered on Mamonova's American tours, poetry in her own hand and line drawings in her own eloquent and prolific style compliment her essays and the women's interviews.

Women's Political Communication in Africa Sharon Adetutu Omotoso, 2020-05-14 This book examines women's political communication in Africa, capturing previously unheard women's voices and presenting detailed information on overlooked communication strategies and forms of power relations employed by African women and women of African descent. By examining the disputes, accomplishments and/or setbacks experienced by women in political spaces, it underscores feminist intersections of political communication in Africa. It also explores the glamor, humor, harmony and tact that women, as state and non-state actors, have contributed to Africa's political landscape through the realities of female soft power. The book addresses issues concerning how and why women do and should participate in politics at what level they have employed political communication strategies and which types. It also questions ideas and ideals that have guided or continue to guide feminist political communication in Africa's growing democracy. Lastly, it highlights African women's conscious approach and rejuvenated interest in developing their communication skills and strategies given their vital role in state building.

The Communist Women's Movement, 1920-1922, 2022-11-14 The Communist Women's Movement (CWM), virtually unknown today, was the world's first truly international revolutionary organisation of women. Formed in 1920, the CWM mapped out a programme for women's emancipation, participated in struggles for women's rights and worked to advance women's participation in the Communist

movement The present volume part of a series on the Communist International in Lenin's time contains proceedings and resolutions of CWM conferences along with reports on its work around the world Most of the contents here are published in English for the first time with almost half appearing for the first time in any language

Resisting Citizenship Martha A. Ackelsberg, 2013-01-11 Political participation in America supposedly the world's strongest democracy is startlingly low and many of the civil rights and economic equity initiatives that were instituted in the 1960s and 70s have been abandoned as significant proportions of the populace seem to believe that the civil rights battle has been won However rates of collective engagement like community activism are surprisingly high In *Resisting Citizenship* renowned feminist political scientist Martha Ackelsberg argues that community activism may hold important clues to reviving democracy in this time of growing bureaucratization and inequality This book brings together many of Ackelsberg's writings over the past 25 years combining her own field work and interviews with cutting edge research and theory on democracy and activism She explores these efforts in order to draw lessons and attempt to incorporate knowledge about current notions of democracy from those who engage in non traditional participation those who have in many respects been relegated to the margins of political life in the United States

Gender, Politics and the State Vicky Randall, Georgina Waylen, 2012-09-10 Over the last two decades our understanding of the relationship of gender politics and the state has been transformed almost beyond recognition by the mutual interrogation of feminism and political science This volume provides an overview of this dynamic and growing field which reflects both its expanding empirical scope and the accompanying theoretical development and debate The first three essays focus primarily on conceptual and theoretical issues the meaning of gender the state's role in the construction of gender within the public and private sphere and the political representation of gender differences within liberal democracy The remaining six provide analyses of more concrete issues of state policy and participation in differing national political contexts abortion politics in Ireland the local politics of prostitution in Britain the impact on women's political participation of economic change in China Latin America and political change in Russia and the gender impact of state programmes of land reform

Women's History at the Cutting Edge Karen Offen, Chen Yan, 2020-06-04 This book considers the promise of women's and gender history for revolutionizing our understanding of the past while also acknowledging the current national political financial and other contextual realities that can and do constrain or promote the possibilities for researching and writing women's history The editors assert that the promise of women's and gender history is a cutting edge field of research a revolutionary development in the politics of historical scholarship essential for understanding the human past Further they argue for the inseparability of women's history and gendered analytical approaches The contributors to the volume address questions including what have been the achievements of women's and gender history over the past two decades To what extent has it succeeded in making women's history an integral part of historical study rather than an optional specialist area What impact has the study of manhood masculinities and men's gendered power had on our understanding of women's lives

What is the relationship between gender studies and new critical histories of colonialism and empire contact zones cross cultural encounters and racialization How is new work on cultural geography and spatial categories impacting on our historical understandings of bodily difference This book was originally published as a special issue of the Women s History Review

Amazons of the Huk Rebellion Vina A. Lanzona, 2009-04-22 Labeled Amazons by the national press women played a central role in the Huk rebellion one of the most significant peasant based revolutions in modern Philippine history

Diasporic Africa Michael A. Gomez, 2006-01-01 Diasporic Africa presents the most recent research on the history and experiences of people of African descent outside of the African continent By incorporating Europe and North Africa as well as North America Latin America and the Caribbean this reader shifts the discourse on the African diaspora away from its focus solely on the Americas underscoring the fact that much of the movement of people of African descent took place in Old World contexts This broader view allows for a more comprehensive approach to the study of the African diaspora The volume provides an overview of African diaspora studies and features as a major concern a rigorous interrogation of identity Other primary themes include contributions to western civilization from religion music and sports to agricultural production and medicine as well as the way in which our understanding of the African diaspora fits into larger studies of transnational phenomena

Twelve Feminist Lessons of War Cynthia Enloe, 2023-09-19 Drawing on firsthand experiences of war from women in places as diverse as Ukraine Myanmar Somalia Vietnam Rwanda Algeria Syria and Northern Ireland this book shows how women s wars are not men s wars and why that matters Cynthia Enloe reveals the fraught politics of masculinity in drafting soldiers the politics of femininity manipulated in caring for war s wounded and why we should all be paying attention to Ukrainian feminists in wartime Her razor sharp analysis highlights how women s rights activists against all odds remain committed in the midst of armed violence This is the book we need to understand what is happening to our world
