of grammar sense and sentence structure will no more lead to effective prose than knowing the mechanics of a golf swing will lead to a hole in one Furthermore ten step programs to better writing exacerbate the problem by failing to recognize as Thomas and Turner point out that there are many styles with different standards In the first half of *Clear and Simple* the authors introduce a range of styles reflexive practical plain contemplative romantic prophetic and others contrasting them to classic style Its principles are simple The writer adopts the pose that the motive is truth the purpose is presentation the reader is an intellectual equal and the occasion is informal Classic style is at home in everything from business memos to personal letters from magazine articles to university writing The second half of the book is a tour of examples the exquisite and the execrable showing what has worked and what hasn't Classic prose is found everywhere from Thomas Jefferson to Junichir Tanizaki from Mark Twain to the observations of an undergraduate Here are many fine performances in classic style each clear and simple as the truth Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
