Joseph Laurence Black

Propaganda And The Cold War A Princeton University Symposium:

Propaganda and the Cold War John Boardman Whitton, 1963 *Propaganda and the Cold War* John Boardman Whitton, Princeton University, 1963 SCOTT Copy 1 From the John Holmes Library Collection *Propaganda and the Cold War. A Princeton University Symposium.* [By Various Authors.] Edited by John Boardman Whitton John Boardman WHITTON, 1963 *Britain, America and Anti-Communist Propaganda 1945-53* Andrew Defty, 2013-12-02 In the Cold War battle for hearts and minds Britain was the first country to formulate a coordinated global response to communist propaganda In January 1948 the British government launched a new propaganda policy designed to oppose the inroads of communism by taking the offensive against it A small section in the Foreign Office the innocuously titled Information Research Department IRD was established to collate information on communist policy tactics and propaganda and coordinate the discreet dissemination of counter propaganda to opinion formers at home and abroad **Radio Diplomacy and Propaganda** Gary D. Rawnsley, 2016-07-27 Radio Diplomacy and Propaganda investigates the role of international radio broadcasting in diplomacy during the Cold War period and in particular the contribution of the BBC and the Voice of America in the construction and projection of foreign policy together with their role in the dissemination of international propaganda In addition the radio broadcasts which were monitored in Britain and the US are scrutinized to ascertain how they contributed to the formulation of foreign policy objectives and reactionary propaganda **Western Intellectuals and the Soviet Union, 1920-40** Ludmila Stern, 2006-10-17 Despite the appalling record of the Soviet Union on human rights questions many western intellectuals with otherwise impeccable liberal credentials were strong supporters the Soviet Union in the interwar period This book explores how this seemingly impossible situation came about Focusing in particular on the work of various official and semi official bodies including Comintern the International Association of Revolutionary Writers the All Union Society for Cultural Relations with Foreign Countries and the Foreign Commission of the Soviet Writers Union this book shows how cultural propaganda was always a high priority for the Soviet Union and how successful this cultural propaganda was in seducing so many Western thinkers *Explaining the History of American Foreign Relations* Michael J. Hogan, Thomas G. Paterson, 2004-01-19 Originally published in 1991 Explaining the History of American Foreign Relations has become an indispensable volume not only for teachers and students in international history and political science but also for general readers seeking an introduction to American diplomatic history This collection of essays highlights a variety of newer innovative and stimulating conceptual approaches and analytical methods used to study the history of American foreign relations including bureaucratic dependency and world systems theories corporatist and national security models psychology culture and ideology Along with substantially revised essays from the first edition this volume presents entirely new material on postcolonial theory borderlands history modernization theory gender race memory cultural transfer and critical theory The book seeks to define the study of American international history stimulate research in fresh directions and

encourage cross disciplinary thinking especially between diplomatic history and other fields of American history in an increasingly transnational globalizing world

War of the Black Heavens Michael Nelson, 1997-12-01 International diplomacy and a changing global economy did not bring about the fall of the Iron Curtain Radio did and it was mightier than the sword Based on first hand interviews and documents from the Central Committee of the Soviet Communist Party Michael Nelson shows that Western radio principally the British Broadcasting Corporation Radio Free Europe Radio Liberty and the Voice of America were unrivaled forces in the fight against communism and the fall of the Iron Curtain The Communists did everything in their power to prevent the infiltration of Western thought into their world resorting to jamming radio signals assassinating staff and bombing stations The Russians for example decided to stop the mass production of short wave radios so that their citizens could not hear Western broadcasts War of the Black Heavens reveals that due to administrative incompetence short wave radio production continued making worthless many of the billions of dollars spent on jamming These radio programs introduced a forbidden exciting culture to millions of eager listeners Pop music talk shows news and information about consumer goods all relayed a message of the good life subtly undermining the values of the communist regimes Western radio actively connected listeners with the cultures of Europe and North America War of the Black Heavens describes an unheralded story of success and adds a new interpretation that helps us understand some of the most momentous political events of this century

People's Diplomacy of Vietnam Harish C. Mehta, 2019-08-20 This is the first full length book on the concept of People s Diplomacy promoted by the president of North Vietnam Ho Chi Minh at the peak of the Vietnam War from 1965 1972 It holds great appeal for historians international relations scholars diplomats and the general reader interested in Vietnam A form of informal diplomacy people s diplomacy was carried out by ordinary Vietnamese including writers cartoonists workers women students filmmakers medical doctors academics and sportspersons They created an awareness of the American bombardment of innocent Vietnamese civilians and made profound connections with the anti war movements abroad People s diplomacy made it difficult for the United States to prolong the war because the North Vietnamese together with the peace movements abroad exerted popular pressure on the American presidents Lyndon Johnson and Richard Nixon to end the conflict It was much more effective than the formal North Vietnamese diplomacy in gaining the support of Westerners who were averse to communism It damaged the reputation of the United States by casting North Vietnam as a victim of American imperialism

Psychological Operations American Style Robert J. Kodosky, 2007-01-01 Psychological Operations American Style traces the historical use of PSYOP in twentieth century American history It illustrates how civilian officials have perceived PSYOP as a political tool but military commanders have conceptualized it as a tactical weapon Psychological Operations American Style shows how in Vietnam American officials blurred their previously held distinctions about PSYOP functions

Transmission Impossible Jessica C. E. Gienow-Hecht, 1999 Containing a wealth of fresh information on the use of propaganda in the Cold War the administrative

structure of the U S occupation Soviet American conflicts and Jewish biography this book will be of interest to scholars of U S foreign relations German history occupation history ethnicity sociology and culture **BOOK JACKET** **Reports and Documents** United States. Congress,1962 **Neutrality and Neutralism in the Global Cold War** Sandra Bott,Jussi M. Hanhimaki,Janick Schaufelbuehl,Marco Wyss,2015-12-22 This book sheds new light on the foreign policies roles and positions of neutral states and the Non Aligned Movement NAM in the global Cold War The volume places the neutral states and the NAM in the context of the Cold War and demonstrates the links between the East the West and the so called Third World In doing so this collection provides readers an alternative way of exploring the evolution and impact of the Cold War on North South connections that challenges traditional notions of the post 1945 history of international relations The various contributions are framed against the backdrop of the evolution of the Cold War international system and the decolonization process in the Southern hemisphere By juxtaposing the policies of European neutrals and countries of the NAM this book offers new perspectives on the evolution of the Cold War With the links between these two groups of countries receiving very little attention in Cold War scholarship the volume thus offers a window into a hitherto neglected perspective on the Cold War Via a series of case studies the chapters here present new viewpoints on the evolution of the global Cold War through the exploration of the ensuing internal and mainly external policy choices of these nations This book will be of much interest to students of Cold War Studies international history foreign policy security studies and IR in general **Origins, Evolution, and Nature of the Cold War** Joseph Laurence Black,1986 The Frontiers of Public Diplomacy Colin R. Alexander,2021-05-20 This edited volume provides one of the most formidable critical inquiries into public diplomacy s relationship with hegemony morality and power Wherein the examination of public diplomacy s frontiers will aid scholars and students alike in their acquiring of greater critical understanding around the values and intentions that are at the crux of this area of statecraft For the contributing authors to this edited volume public diplomacy is not just a political communications term it is also a moral term within which actors attempt to convey a sense of their own virtuosity and goodness to international audiences The book thereby provides fascinating insight into public diplomacy from the under researched angle of moral philosophy and ethics arguing that public diplomacy is one of the primary vehicles through which international actors engage in moral rhetoric to meet their power goals The Frontiers of Public Diplomacy is a landmark book for scholars students and practitioners of the subject At a practical level it provides a series of interesting case studies of public diplomacy in peripheral settings However at a conceptual level it challenges the reader to consider more fully the assumptions that they may make about public diplomacy and its role within the international system **Die Stimme Amerikas** Manfred Knapp,2013-03-08 Die vorliegende Publikation ist eine tiberarbeitete und besonders im Anmerkungsapparat gektirzte Fassung einer Studie die die Philosophische Fakultat der Philipps Universitat Marburg Lahn im Sommer Semester 1971 als politikwissenschaftliche Dissertation an genommen hat Mit ihr soll ein kleiner Beitrag zur

politologischen Untersuchung der amerikanischen Außenpolitik geleistet werden. Es wird darin die Analyse eines außenpolitischen Instruments versucht, das zwar nicht mit den bekannteren außenpolitischen Währungseinheiten in Dollars, Divisionen oder Megatonnen zu erfassen, nichtsdestoweniger aber für das Verständnis der auswärtigen Beziehungen der USA sehr aufschlussreich ist und in der internationalen Politik eine immer größere Bedeutung erlangt. Für das Studium, das der Niederschrift dieser Arbeit vorausgegangen ist, war ein zweisemestriger Studienaufenthalt an der Harvard University in Cambridge, USA, im akademischen Jahr 1967/68 sehr nützlich. In dieser Zeit hatte ich neben vielen Möglichkeiten zu Gesprächen und Diskussionen über mein Untersuchungsvorhaben auch Gelegenheit, das Quellenmaterial und einen großen Teil der Literatur für meine Arbeit zu sammeln, zu sichten und für die weitere Untersuchung aufzubereiten.

Digital Diplomacy Wilson Dizard Jr., 2001-04-30. Digital Diplomacy provides a comprehensive overview of the major milestones in United States international communications and information policy from the early days of the Morse telegraph to the current Internet explosion. The book underlines the growing importance of the communications issues, particularly as they affect American leadership in a rapidly changing information environment. Dizard, a former foreign service officer, rejects the idea of a computer-based telediplomacy, arguing instead that the new technologies should be used primarily to strengthen the capabilities of American diplomats in dealing with information age issues. A must read for those interested in the future of United States foreign policy and a stimulating overview for scholars, researchers and students involved in the subject.

Guide to Reprints, 2000 **Political Science 1963** Europa, International Committee for Social Sciences, 1990-12-31. First published in 1965. Routledge is an imprint of Taylor & Francis, an information company. *Accessions List* United States. Department of State. Library Division, 1963.
