Scales, 2001 Seemingly unrelated incidents in the lives of four of the remaining members of the adventure to the Seven Caves told in Posterity of Seth show just how the Great Creator uses the voice of an ancient consciousness infused with old truths and wisdom to unite all the peoples of the earth Eight years after Felix Smith died in the Seven Caves the lives of his young great grandson Darren his mother father and uncle along with that of Dr Cordie Emrys take them on another adventure This time from Baghdad and the pyramid in Babylon within the dangerous country of Iraq to the Hopi Indian Reservation and the wonders and mysterious intrigue of the secret Hopi Emergence site deep below the majestic landscape of the Grand Canyon Exploring the ancient myths of the Hopi people while finding a long hidden connection between the Grand Canyon and ancient Egypt and Tibet proves a real adventure for Darren Smith Khalid Adam and Gabriella continue to experience wisps of themselves together as timeless figures living past lives together somehow powered by their pure and undying love for each other Somehow Adam holds a key to another world deep within the earth that only small glimpses of have been discovered by modern man [The Prophecies of Daniel 2](#) John S. Evans, 2008-05 Although Daniel 2 45 states that the great statue composed of four metals and with feet of clay reveals the future relatively few biblical scholars have understood it as an amazingly accurate timeline that does exactly that Liberals have been unwilling to consider that the statue s fourth kingdom is Rome Most conservatives have recognized that it is Rome but they have gone astray by seeking a nonexistent link between that ancient empire and the modern world The key to understanding the statue is to recognize that it presents a prophecy that was fulfilled in the first century by the Coming of Christ which was the historical equivalent of the rock that destroys the statue The rock s growth into the mountain that

covers all of Earth foretells a process that began in the first century and includes the thousand years of Revelation 20 This process appears to have reached a historical climax in our own time John S Evans is a retired professor of economics and international finance who taught at the University of Alabama from 1968 until 2000 after beginning his teaching career in 1959 at the University of South Dakota His professional accomplishments included a year in Mexico as a Fulbright Lecturer and the writing of a textbook on international financial management Since 1996 when he went into partial retirement his primary intellectual activity has consisted of the intensive study of the Bible with emphasis on the Book of Daniel In 2004 he published with Xulon Press The Four Kingdoms of Daniel A Defense of the Roman Sequence with AD 70 Fulfillment The present book expands on parts of The Four Kingdoms and offers much new material Evans has authored over thirty articles that have been posted at planetpreterist com and has been a frequent guest on John Anderson s Voice of Reason Ten Cents for the World Leonard Dobson,2010 Ten Cents for the World is a true story of a token payment of ten cents to say a prayer to God The prayer was made by the author in the Church of Santa Maria Mahon Menorca in 2007 at the foot of a life sized statue of the crucifixion The prayer was simply Ten cents for the world for that was the specified amount to pay and it bought a second chance for mankind From that day forth the book took shape and it s purpose was to warn the world of impending disaster Over a three year period the author took and analysed hundreds of photographs of many subjects always searching for evidence of an extraterrestrial influence in all walks of life The results of his findings left no molecule stone or planet unturned and the shocking and radical message of this book and it s sequel tells us that we are not alone and never have been FACT Man is fighting a war against viruses viruses that can mutate and develop resistance to any medical agent our scientists introduce But what our scientists do not realise in this war they are fighting is that they are fighting a new force in nature a force that is alien Ten Cents for the World is the Truth with the Proof **Original Thinking** Glenn Aparicio Parry,2015-04-14 In Original Thinking Glenn Aparicio Parry delves into the evolution of Western thought to recover the living roots of wisdom that can correct the imbalances in our modern worldview Inspired by groundbreaking dialogues that the author organized between Native American elders and leading edge Western scientists to explore the underlying principles of the cosmos this book offers a radical revisioning of how we think Asking questions such as Is it possible to come up with an original thought What does it mean to be human and How has our thinking created our world today Parry challenges us to consider many of our most basic assumptions To think originally as in thinking new thoughts that have never been thought or said before is according to Parry largely an illusion So too is the idea of linear human progress Most of us have traveled far from our ancestral lands and in so doing lost connection with place the origin of our consciousness Original Thinking offers a radical revisioning of how we think and what it means to be human It invites us to reintegrate our hearts with our heads and to expand our self imposed narrowing of consciousness In doing so we reconnect with the living original source nature and her interconnected elements and cycles and embrace the communion of old and new rational and intuitive
