Prophecy And Authority:

Prophecy and Authority Kemper Fullerton, 1919 **Prophecy and the Battle for Spiritual Authority, 1360-1400**

Frances Courtney Kneupper, 2025-07-02 The end of the fourteenth century was a time of upheaval and contested authority among the traditional institutions of medieval Europe In response to these conditions a number of people began to claim their own authority as prophets speaking the word of God They came from outside of the clerical elite and were mostly women and reformers This book examines the battle over authority which ensued Prophetic women and other non elites successfully used prophecy to exert influence and to enter the corridors of power while educated male clerics insinuated that prophecy was the product of demonic influence and therefore a hazard to the public Surprisingly a third faction also emerged an international network of clerical men who wrote in support of female prophecy This volume traces the arguments made by these three groups the clashes that erupted and the long term impacts of this battle on ideas of spiritual authority

Authority in the Church John L. McKenzie, 2009-03-01 The question of authority has always been a lively issue within the Roman Catholic Church While some have warned against the danger of democratizing the Church others have warned against applying too narrowly the monarchical model which has been dominant in past centuries Father McKenzie's thesis is that these political paradigms simply do not apply to the Church The Christian community he points out is a unique society and hence its understanding and use of authority must also be unique McKenzie shows how Christian authority is unique by illuminating the understanding of authority that Jesus gave to the society which He founded After a brilliant exposition of authority in the New Testament the author traces how the Church has lost sight of these unique aspects with a consequent erosion of both Christian authority and Christian freedom

The Sure Word of Prophecy; Its Definition, Authority, Purpose, and Interpretation. A Lecture, with Notes and Appendices, 1864 **Deuteronomy and the Emergence of Textual Authority in Jeremiah** Nathan Mastnjak, 2016-09-19 Was there a shift in the perspective on Deuteronomy's

authority in Jeremiah Nathan Mastnjak analyzes the various ways that the book of Jeremiah interpreted Deuteronomy By examining the nature of literary allusion and textual authority he traces a development in the perspective on Deuteronomy from the earliest traditions in Jeremiah to the latest back of book

Types of Authority in Formative Christianity and Judaism Bruce Chilton, Jacob Neusner, 2002-01-22 Bruce Chilton and Jacob Neusner study the points of comparisons and contrast between formative Christianity and Judaism By identifying three categories of authority in each of the two religious worlds they show how they have both worked in compelling or failing to get someone to do a given action The arguments are introduced by a general discussion of the founding figures of the two religions Moses and Jesus and how their inherent authority distilled itself through the structure of their religious institutions and intellectual thoughts

By What Authority, *The Orthodoxy of the Church & Authority and Submission* Watchman Nee, Volume 47 of The Collected Works is composed of two books by Watchman Nee on the subject of the church and authority in the church The Orthodoxy of the

Church is based on a Bible study conducted by Watchman Nee during the period between 1942 and 1948 This section of Volume 47 has been previously published as a separate title Authority and Submission based on a series of messages given by Watchman Nee in his training at Kuling Mountain in 1948 through 1949 contains two distinct but related parts In 1988 the Living Stream Ministry published the first part under the title Authority and Submission covering the general subject of spiritual authority and submission Volume 47 of The Collected Works includes a second previously untranslated part covering the matter of being God s deputy authority The Secret to Holy Spirit Authority David Charles Craley,2011-11-04

_____How did He do it _____ How did Jesus do it How did He heal the sick open the eyes of the blind and set the captives free at every opportunity And how did His disciples do it after He ascended into heaven Some may say Jesus could do it because He was God But that point of view suggesting that we cannot do it because we are not God falls short of what Jesus promised His disciples in the Gospel of John Most assuredly I say to you he who believes in Me the works that I do he will do also and greater works than these he will do because I go to My Father John 14 12 NKJV If the Lords promise to His disciples is true that we can and should be doing the same works He did and greater then there must be answers in the word of God there must be keys to help us understand how With revolutionary prophetic insight The Secret to Holy Spirit Authority In the Power of the Spirit reveals step by step how Jesus did it how His disciples did it and how Christian believers today can rise up spiritually to walk in His steps and set the captives free revolutionary prophetic insight _____

Inspiration and Authority in the Middle Ages Brian FitzGerald,2017-10-06 Inspiration and Authority in the Middle Ages rethinks the role of prophecy in the Middle Ages by examining how professional theologians responded to new assertions of divine inspiration Drawing on fresh archival research and detailed study of unpublished manuscript sources from the twelfth to fourteenth centuries this volume argues that the task of defining prophetic authority became a crucial intellectual and cultural enterprise as university trained theologians confronted prophetic claims from lay mystics radical Franciscans and other unprecedented visionaries In the process these theologians redescribed their own activities as prophetic by locating inspiration not in special predictions or ecstatic visions but in natural forms of understanding and in the daily work of ecclesiastical teaching and ministry Instead of containing the spread of prophetic privilege however scholastic assessments of prophecy from Peter Lombard and Thomas Aquinas to Peter John Olivi and Nicholas Trevet opened space for claims of divine insight to proliferate beyond the control of theologians By the turn of the fourteenth century secular Italian humanists could lay claim to prophetic authority on the basis of their intellectual powers and literary practices From Hugh of St Victor to Albertino Mussato reflections on and debates over prophecy reveal medieval clerics scholars and reformers reshaping the contours of religious authority the boundaries of

sanctity and sacred texts and the relationship of tradition to the new voices of the Late Middle Ages **Pentecostal Prophets** Stephen D. Barkley, 2023-04-20 Prophets come in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message to understand the how How do modern day prophets experience the prophetic impulse The phenomenological study at the core of this book answers that question directly by examining the experience of Canadian Pentecostals From there the experience of modern day prophets is compared with Old Testament prophets with special attention given to Jeremiah It turns out that prophets today share in the same experience as their Old Testament predecessors This book can benefit three audiences For the academy this work provides the first phenomenological study of prophecy in Canada For pastors reading this book will be an exercise in empathy placing you in the shoes of the prophets in your congregation helping you to understand what goes on when someone prophesies For everyday prophets this book will affirm your connection through Jesus to the Old Testament prophetic tradition enabling you to read those Old Testament books in a new experiential light

Revelation and Authority Benjamin D. Sommer, 2015-01-01 Winner of the 2016 Goldstein Goren Award for the best book in Jewish Thought At once a study of biblical theology and modern Jewish thought this volume describes a participatory theory of revelation as it addresses the ways biblical authors and contemporary theologians alike understand the process of revelation and hence the authority of the law Benjamin Sommer maintains that the Pentateuch s authors intend not only to convey God s will but to express Israel s interpretation of and response to that divine will Thus Sommer s close readings of biblical texts bolster liberal theologies of modern Judaism especially those of Abraham Joshua Heschel and Franz Rosenzweig This bold view of revelation puts a premium on human agency and attests to the grandeur of a God who accomplishes a providential task through the free will of the human subjects under divine authority Yet even though the Pentateuch s authors hold diverse views of revelation all of them regard the binding authority of the law as sacrosanct Sommer s book demonstrates why a law observant religious Jew can be open to discoveries about the Bible that seem nontraditional or even antireligious Portraits of Spiritual Authority Jan Willem Drijvers, John Watt, 2015-08-27 This volume deals with several figures of spiritual authority in Christianity during late antiquity and the early middle ages and seeks to illuminate the way in which the struggle for religious influence evolved with changes in church and society A number of literary portraits are examined portraits which in various literary genres are themselves designed to establish and propagate the authority of the people whose lives and activities they describe The sequence begins with visionary and prophetic figures of the second and third centuries proceeds through several testimonies from the fourth century to the power of holy persons moves on to Syriac portraits of the fifth to seventh centuries and ends with the demise of the authority of the holy man in the eighth

Hermeneutics, Authority, and Canon D. A. Carson, John Woodbridge, 2005-03-09 Among the many recent discussions of the nature and authority of Scripture I would judge this to be one of the most valuable Particularly in those essays that deal with the actual phenomena of the text of Scripture it displays a level of sophistication and of sympathetic awareness of alternative views that has too often been lacking In contrast to the backs to the wall tone of some conservative defenses of inerrancy these authors write for the most part with the confidence of those who have a coherent and well grounded position to offer The volume will I believe both help to commend Evangelical doctrine to those who suspect it of blind obscurantism and also contribute significantly to mutual understanding among Evangelicals who are too ready to polarize over their

different assessments of what it means to honor Scripture as the Word of God R T France Vice Principal London Bible College These thought minded essays are the channel through which conservative scholars must steer for competent interaction with current critical theories for helpful direction in focusing the battle over Scripture and for reflection of conflict areas that Evangelicals must themselves resolve This work rises above the shallow shadow boxing over inerrancy and engages central concerns with academic ability and dignity It puts on the agenda issues that Evangelical leaders must now wrestle Does the Bible contain different kinds of truth Is all divine revelation rational Is the canon really post apostolic No reader will agree with all that is said some will loudly disagree here and there But all students will be stimulated and serious readers edified at the frontiers of current debate Carl F H Henry Lecturer at Large World Vision [The Light of Grace: John Owen on the Authority of Scripture and Christian Faith](#) Andrew M. Leslie, 2015-08-19 Over the past several centuries John Owen s writings on scripture have captured the attention of numerous interpreters across a relatively diverse range of disciplines His own distinctive contribution to this doctrine was forged with a genuine fear for the on going pre eminence of scriptural authority in the English church firmly in view In the face of various rival perspectives Owen insists every Christian believer ought to be clear on the reason they believe scripture to be the word of God Focussing on the treatise Reason of Faith 1677 in conversation with his wider theological corpus Andrew M Leslie studies Owen s approach to scriptural authority and Christian faith He argues that Owen creatively drew upon an ecumenical dogmatic and metaphysical heritage to restate and refine the traditional Reformed position on scripture s divine authority sensitive to developments in his own late seventeenth century context In particular Leslie explores how Owen shares a growing concern to ground Christian faith in objective evidence all the while ensuring that its ultimate foundation lies in the irresistible authority and truthfulness of God mediated in and by the inspired text of scripture Leslie also draws out the broader significance Owen ascribes to scripture in shaping a believer s relationship with the Triune God especially its vital role in their gradual transformation into the likeness or image of Christ
