Prophecy And The Philosophy Of Mind Traditions Of Blake And Shelley:

Prophecy and the Philosophy of Mind Terence Allan Hoagwood, 1985 **Prophecy and the Philosophy of Mind**
Terence A. Hoagwood, 1985-01-01 Romantic Daemons in the Poetry of Blake, Shelley and Keats Nicholas
Meihuizen, 2024-02-13 This book offers detailed readings of relevant works by Blake Shelley and Keats to bring together what is loosely termed as Hermetic tradition British Romantic poetry and responses to the present crises regarding our life on the planet including those linked to the notion of posthumanism This conjunction of forces so to speak points beyond the boundaries erected by general sociological complacency and the acceptance of humankind as the centre of existence on Earth to affirm the value of the non human world and the possibilities inherent in an awareness of its subtler manifestations Although the idea of spiritual agency might stretch the bounds of credulity for centuries the inspired imagination has been considered daemonic that is it brings to artists and poets and certain scientists indeed a sense of heightened consciousness seemingly from beyond the self Whatever causality may be at play here it is clear that instances of an exalted outlook on life exist in abundance in the poetry of Blake Shelley and Keats The present book explores them and their implications

Shelley's Intellectual System and its Epicurean Background Michael Vicario, 2017-09-25 Scholars do not agree on how best to describe Shelley's philosophical stance His work has been variously taken to be that of a skeptic or a skeptical and subjective idealist The study presents a new interpretation of Shelley's thinking an interpretation that places intellectual system squarely within the Epicurean tradition of Lucretius casting both poets as theistic empiricists To establish Shelley as working in the Epicurean tradition this study explores Lucretius *De Rerum Natura* as edited translated and interpreted by two Epicurean scholars roughly contemporary with Shelley Gilbert Wakefield and John Mason Good These scholars rehabilitated Lucretius by drawing on three major seventeenth century thinkers Pierre Gassendi Ralph Cudworth and Nicholas Malebranche Like Shelley each of these thinkers rejected the reduction of philosophy to mechanical and atomistic elements a reduction which Shelley referred to as materialism or popular dualism What Shelley rejected is a clue to what he embraced a fusion of Enlightenment Rationalism with British Empiricism Such a fusion is the distinguishing mark of the work of Sir William Drummond the only contemporary philosopher that Shelley consistently praised This is the tradition within which Shelley ultimately stands one that brings into balance what is given to the mind a priori and what the mind creates

William Blake and the Visionary Law Matthew Mauger, 2023-09-13 This book examines the difficult relationship between individual intellectual freedom and the legal structures which govern human societies in William Blake's works showing that this tension carries a political urgency that has not yet been recognised by scholars in the field In doing so it offers a new approach to Blake's corpus that builds on the literary and cultural historical work of recent decades Blake's pronouncements about law may often sound biblical in tone but this book argues that they directly address and are informed by eighteenth century legal debates concerning the origin of the English common law the autonomy of the judicature the

increasing legislative role of Parliament and the emergence of the notions of constitutionalism and natural rights Through a study of his illuminated books manuscript works notebook drafts and annotations this study considers Blake s understanding that law is both integral to humanity itself and a core component of its potential fulfilment of the Human Form Divine

Shelley's Poetry Of Involvement Roland A Duerksen,1988-11-29 The Romantic Poets Uttara Natarajan,2008-04-15

This welcome addition to the Blackwell Guides to Criticism series provides students with an invaluable survey of the critical reception of the Romantic poets Guides readers through the wealth of critical material available on the Romantic poets and directs them to the most influential readings Presents key critical texts on each of the major Romantic poets Blake Wordsworth Coleridge Byron Shelley and Keats as well as on poets of more marginal canonical standing Cross referencing between the different sections highlights continuities and counterpoints *Shelley's Process* Jerrold E. Hogle,1989-01-12 In this set of thorough and revisionary readings of Percy Bysshe Shelley s best known writings in verse and prose Hogle argues that the logic and style in all these works are governed by a movement in every thought memory image or word pattern whereby each is seen and sees itself in terms of a radically different form For any specified entity or figure to be known for what it is it must be reconfigured by and in terms of another one at another level which must then be dislocated itself In so delineating Shelley s process Hogle reveals the revisionary procedure in the poet s various texts and demonstrates the powerful effects of radical transference in Shelley s visions of human possibility **The Romantic Reformation** Robert M. Ryan,2004-07-29 First book to examine the Romantic poets engagement with the religious debates that dominated the period

Shelley and the Chaos of History Hugh Roberts,2010-11-01 *The Promethean Politics of Milton, Blake, and Shelley*

Linda M. Lewis,1992 Drawing primarily upon Paradise Lost Lewis shows how Milton s use of Prometheus is significant not only because of Milton s undisputed influence on the Romantics but also because his Promethean figures reflect the myth in all of its facets from the traitorous Satan and disobedient Adam to the Son in his salvational role Blake s responses to Milton and to Dante are closely related to his recasting of the Prometheus myth in his prophetic works particularly through the revolutions associated with his fiery character Orc Lewis concludes with a chapter on Shelley focusing on Prometheus Unbound but also providing a fascinating look at Mary Shelley s Frankenstein which was subtitled The Modern Prometheus An afterword extends this insightful analysis of Promethean icons by examining those used by such late eighteenth century and nineteenth century women writers as Charlotte and Emily Bronte Mary Wollstonecraft and Elizabeth Barrett Browning

Encyclopedia of Romanticism (Routledge Revivals) Laura Dabundo,2009-10-15 First Published in 1992 this encyclopedia is designed to survey the social cultural and intellectual climate of English Romanticism from approximately the 1780s and the French Revolution to the 1830s and the Reform Bill Focussing on the spirit of the age the book deals with the aesthetic scientific socioeconomic indeed the human environment in which the Romantics flourished The books considers poets playwrights and novelists critics editors and booksellers painters patrons and architects as well as ideas trends fads

and conventions the familiar and the newly discovered The book will be of use for everyone from undergraduate English students through to thesis driven graduate students to teaching faculty and scholars **Blake and Homosexuality C. Hobson**,2016-04-30 Against the backdrop of Britain's underground 18th and early 19th century homosexual culture mob persecutions and executions of homosexuals Hobson shows how Blake's hatred of sexual and religious hypocrisy and state repression and his revolutionary social vision led him gradually to accept homosexuality as an integral part of human sexuality In the process Blake rejected the antihomosexual bias of British radical tradition revised his idealization of aggressive male heterosexuality and his male centered view of gender and refined his conception of the cooperative commonwealth **British Romanticism and the Critique of Political Reason** Timothy Michael,2016 Romantic writers responded to the challenges of reform and revolution by rethinking the scope of political reason What role should reason play in the creation of a free and just society Can we claim to know anything in a field as complex as politics And how can the cause of political rationalism be advanced when it is seen as having blood on its hands These are the questions that occupied a group of British poets philosophers and polemicists in the years following the French Revolution Timothy Michael argues that much literature of the period is a trial or a critique of reason in its political capacities and a test of the kinds of knowledge available to it For Wordsworth Coleridge Shelley Burke Wollstonecraft and Godwin the historical sequence of revolution counter revolution and terror in France and radicalism and repression in Britain occasioned a dramatic reassessment of how best to advance the project of enlightenment The political thought of these figures must be understood Michael contends in the context of their philosophical thought Major poems of the period including The Prelude The Excursion and Prometheus Unbound are in this reading an adjudication of competing political and epistemological claims This book bridges for the first time two traditional pillars of Romantic studies the period's politics and its theories of the mind and knowledge Combining literary and intellectual history it provides an account of British Romanticism in which high rhetoric political prose poetry and poetics converge in a discourse of enlightenment and emancipation **New Historical Literary Study** Jeffrey N. Cox,Larry J. Reynolds,2021-07-13 This volume growing out of the celebrated turn toward history in literary criticism showcases some of the best new historical work being done today in textual theory literary history and cultural criticism The collection brings together for the first time key representatives from various schools of historicist scholarship including leading critics whose work has helped define new historicism The essays illuminate literary periods ranging from Anglo Saxon to postmodern a variety of literary texts that includes The Siege of Thebes Macbeth The Jazz Singer and The Chosen Place the Timeless People and central issues that have marked new historicism power ideology textuality othering marginality exile and liberation The contributors are Janet Aikins Lawrence Buell Ralph Cohen Margaret Ezell Stephen Greenblatt Terence Hoagwood Jerome McGann Robert Newman Katherine O'Keefe Lee Patterson Michael Rogin Edward Said and Hortense Spillers The editors introduction situates the various essays within contemporary criticism

and explores the multiple contestatory issues at stake within the historicist enterprise *The Encyclopedia of Romantic Literature, 3 Volume Set* Frederick Burwick, Nancy Moore Goslee, Diane Long Hoeveler, 2012-01-30 The Encyclopedia of Romantic Literature is an authoritative three volume reference work that covers British artistic literary and intellectual movements between 1780 and 1830 within the context of European transatlantic and colonial historical and cultural interaction Comprises over 275 entries ranging from 1 000 to 6 500 words arranged in A Z format across three fully cross referenced volumes Written by an international cast of leading and emerging scholars Entries explore genre development in prose poetry and drama of the Romantic period key authors and their works and key themes Also available online as part of the Wiley Blackwell Encyclopedia of Literature providing 24 7 access and powerful searching browsing and cross referencing capabilities **The Sublime** Harold Bloom, Blake Hobby, 2010 The sublime in literature is described as the sense of awe that is evoked in the presence of great power and grandeur in nature or in art In this engaging new volume the role of the sublime is discussed in Emma Ode to the West Wind Song of Myself and many other works Featuring original essays and excerpts from previously published critical analyses each book in the new Bloom s Literary Themes series gives students valuable insight into the title s subject theme British Romantic Drama Terence Allan Hoagwood, Daniel P. Watkins, 1998 The present volume attempts a systematic explanation of various dimensions of Romantic drama by foregrounding both the theoretical and practical questions bearing on Romantic drama in its historical situation In this effort the volume intentionally gravitates toward discussion of lesser known works of the period rather than such major dramas as Manfred or Prometheus Unbound This is because the poetic dramas by Byron and Shelley have already been the subject of many useful historicist investigations and also because lesser known works for instance the dramas of Scott Wordsworth s Borderers and the many revolutionary and counter revolutionary dramas of the period provide avenues into historical and ideological issues that cannot be adequately addressed by exclusive attention to dramas long recognized as canonical Byron's Dialectic Terence Allan Hoagwood, 1993 This book includes commentaries on the major poems Manfred Childe Harold s Pilgrimage and Don Juan with substantial consideration of Byron s prose and with one of the most comprehensive studies of Cain ever written **Tragic Coleridge** Chris Murray, 2016-02-24 To Samuel Taylor Coleridge tragedy was not solely a literary mode but a philosophy to interpret the history that unfolded around him Tragic Coleridge explores the tragic vision of existence that Coleridge derived from Classical drama Shakespeare Milton and contemporary German thought Coleridge viewed the hardships of the Romantic period like the catastrophes of Greek tragedy as stages in a process of humanity s overall purification Offering new readings of canonical poems as well as neglected plays and critical works Chris Murray elaborates Coleridge s tragic vision in relation to a range of thinkers from Plato and Aristotle to George Steiner and Raymond Williams He draws comparisons with the works of Blake the Shelleys and Keats to explore the factors that shaped Coleridge s conception of tragedy including the origins of sacrifice developments in Classical scholarship theories of inspiration and the

author's quest for civic status With cycles of catastrophe and catharsis everywhere in his works Coleridge depicted the world as a site of tragic purgation and wrote himself into it as an embattled sage qualified to mediate the vicissitudes of his age

This is likewise one of the factors by obtaining the soft documents of this **Prophecy And The Philosophy Of Mind Traditions Of Blake And Shelley** by online. You might not require more get older to spend to go to the book opening as skillfully as search for them.
