Prophecy Occult Theosophical And Cabalistical Teachings:

Tetragrammaton is the Key to Occult Theogony Helena Petrovna Blavatsky, 2019-04-19 The Tetragrammaton is a mere mask concealing its connection with the supernal and the infernal worlds Four statements allegedly from the Kabbalah which have been brought forward to oppose our septenary doctrine are completely wrong Ignorance is the curse of God Knowledge barely understood is like a headstrong horse that throws the rider Admitting ignorance is the first step to enlightenment The four letters of the Tetragrammaton is a mere mask concealing its polar connection with the supernal and the infernal worlds The Tetragrammaton is Microprosopus a Lesser Face and the infernal reflection of Macroprosopus the Limitless Face AHIH and IHVH are glyphs of existence and symbols of terrestrial androgynous life they cannot be confounded with EHEIEH which is the Parabrahman of the Vedantist That of the Chhandogya Upanishad The Absolute of Hegel The One Life of the Buddhist the Ain Soph the Hebrew Parabrahman They are transient reflections of EHEIEH and therefore illusions of separateness The Tetragrammaton is a phantom veiled with four breaths It is dual triple quaternary and septenary Man is cube unfolding as cross The One is She the Spirit of the Elohim of Life The lesser countenance of the Tetragrammaton is the fourth kabbalistic world Father Mother being of bisexual material belong to the creative world out of which the Son or Universe is formed This Son is Microprosopus a blind to conceal the septenary constitution of man from the profane The Tetragrammaton is Father Mother Son or Jehovah whose name is IHVH and whose letters when read symbolically can be interpreted in two or twelve ways Jehovah is merely a composite name for membrum virile and Eve a hermaphrodite He is in one sense Noah Hebrew Yah or literally translated inch the British inch Jehovah Tsebaoth refused to create as the seven mind born sons of Brahm did but instead fought and conquered the Dragon of Wisdom Thus the child of matter and sin was born and Divinity was hurled down into the bottomless pit The Theosophist's Deity is not the two faced Tetragrammaton but the Crown which has nought to do with the material world Madame Blavatsky declined union with the lower sevenfold and seven lettered Jehovah and preferred pinning her faith to Ain Soph Pure and Simple The nature of the material world is also seven fold Is the Tetragrammaton in the midst of us or the Negatively Existent One Shekinah is primordial light emanating from the ever concealed Ain Soph In the archetypal world she is Sephirah In the material and formative worlds she becomes Shekinah which is latent life and light She is the Buddhi of the physical body The tree of the knowledge of good and evil has seven branches on each of which are four leaves and three fruits Anyone endowed with a moderate dose of ingenuity can make what he likes of the unpointed Hebrew words and letters But the explanations herewith presented require nothing but knowledge of the Seventh Esoteric Key There now follow six different readings of the first word only B rashith in Genesis one of countless examples of Christian deceit and scriptural manipulation Madame Blavatsky always sought conciliation with disputants over doctrinal mistakes or misinterpretations and shunned quarrels and point scoring The Occultist prefers working for the Cause and the triumph of Truth with all his heart and soul than prevailing over

piffling disputations Materialism is raising its ghastly head higher than ever Pontifications of an anti kabbalistic champion of modern science The whole essence of Truth cannot be transmitted from mouth to ear Nor can any pen describe it not even that of the recording Angel unless man finds the answer in the sanctuary of his own heart in the innermost depths of his divine intuitions A spurious prophecy attributed to Hosea See how by the Notarikon method of kabbalistic reading one could make biblical sentences read almost anything The Seven Scales of Consciousness Every sense is primarily a mental sense The transference of a sensation from any organ to consciousness is nearly instantaneous The Occultist should train himself to receive and transmit along the line of the seven scales of his consciousness every impression simultaneously He who does this quicker progresses faster The consciousness of the Higher Ego is atomic and spiritual and so are the atoms which form the higher principles of the man That of the lower ego is molecular forming around the atoms and is normally invisible unless condensed The Higher Ego being the subject of every state of consciousness is Absolute Unity Knowing feeling and willing are not faculties of the lower mind **Special Teachings From the Arcane Science** Edward Clarence

Farnsworth,2015-06-24 Excerpt from Special Teachings From the Arcane Science The author is well aware that to the majority of readers the bulk of these writings will seem altogether fantastic Many fail to interest themselves in things outside of the usual and this failure largely invalidates their opinions Many more refuse to consider whatever lies beyond the narrow province of hard and proven fact and from this class a sneer is inevitable Among theosophists are many who will judge every statement under the various heads of this book by the authority of the Secret Doctrine of H P Blavatsky This class should know that that marvelous work was not designed to be the compendium of universal and final truth but rather an exposition ample as the times would warrant We are now in a larger cycle and the veiled language which H P B and her associate Masters in their wisdom deemed necessary may safely be superseded by plainer speech The author makes bold to say that many things briefly touched upon by him things outwardly at variance are nevertheless hidden beneath the veils of the Secret Doctrine The author does not deny that somewhat of speculation has been allowed place in a work endeavoring to deal with phases of the ancient search for satisfying truth About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [An abyss separates the teachings of Eliphas Levi with those of Eastern Occultism](#) Helena Petrovna Blavatsky,2019-09-17 The knowledge possessed by Western Occultists of the Esoteric Philosophy and their range of perceptions and thought of the Eastern Occultism is very superficial By stating that Above the dark abyss were the Waters Eliphas Levi leads the student away from the right track For it changes

entirely the core characteristics of Cosmogony and brings it down to a level with exoteric Genesis perhaps it was so stated with an eye to this result In order to clarify that Above the Breath appeared the Light Levi gives a figure that any Eastern Occultist would not hesitate to pronounce it a left hand magic figure His left hand magic figure is herein reversed At the dawn of a new Manvantara perpetual Motion becomes Breath from the Breath comes forth primordial Light which brings forth the Thought concealed in Darkness and this becomes the Word from which this Universe sprang into being The learned Abb had a decided tendency to anthropomorphize creation He ignores the first stage of evolution and imagines a secondary chaos But in the face of the task Levi had set before himself that of reconciling Jewish Magic with Roman Ecclesiasticism he could say nothing else Not only are his explanations unsatisfactory and misleading in his published works they are much worse but his Hebrew transliteration is entirely wrong The philosophy that the French Magus gives out as Kabbalistic is simply mystical Roman Catholicism adapted to the Christian Kabbalah Clearly Levi s Kabbalah is mystic Christianity not Occultism The material Universe was built by Water say the Kabbalists who know the difference between the two waters the Waters of Life and those of Salvation so confused together in dogmatic religions Moses and Thales said that only earth and water can bring forth a living Soul water being on this plane the Principle of all things In Egypt Osiris was Fire and Isis was the Earth or its synonym Water the two opposing elements because of their opposite properties being necessary to each other for a common object that of procreation The earth needs solar heat and rain to make her throw out her germs But these procreative properties of Fire and Water or Spirit and Matter are symbols only of physical generation

Prophecies Djwhal Khul,1977 **The Book of Prophecy** Edward Edelson,1974 The Hidden Teachings of the Initiate Masters Reuben Swinburne Clymer,1957 **The Destiny of the Nations** Alice Bailey,1978

The Books of Alice A Bailey written in cooperation with a Tibetan teacher between 1919-1949 constitute a continuation of the Ageless Wisdom a body of esoteric teaching handed down from ancient times in a form which is always suitable to each period. Intended to precede and condition the coming era the Alice A Bailey writings offer an unparalleled spiritual approach to such subjects as the teaching on Shamballa and the Path of spiritual evolution the spiritual Hierarchy the new discipleship and training in meditation as a form of service the teaching on the seven rays and the new psychology of the soul the teaching on esoteric astrology and the new world religion which emphasizes the common thread of truth linking all the major world faiths. World problems are increasing in complexity as the population of the world increases and as nations become inter-related and interdependent. It is important for the future of mankind that we understand and cooperate with the spiritual laws and forces at work within the interwoven structure of civilisation so that the individual part human and national can be rightly related to the evolving whole solar and cosmic sources. These energies influence the nation as a whole through the mechanism of response equivalent to the Monad soul personality constitution of a man. Different nations are more receptive to some energies than to others and all nations subject to the evolution of national consciousness have a destiny before them which is literally based on the qualities and the principles of the particular ray energy seeking expression through the national soul. In this book the ray energies affecting certain nations world groupings and major cities are analysed in relation to meaning and purpose and to the emergence of ideas appropriate to energy influences dominant at the end and at the beginning of an age. The world of humanity is shown as a state of becoming guided and given opportunity by the spiritual Hierarchy the inner government of the planet from a stable state of Being weaves the destinies of all peoples together into a synthesis in which each contributes to the whole the unfoldment of individual potential. A recognition of the soul destiny of nations in the light of the teaching in this book has a practicality today in our search for international adjustments. The ray qualities affecting the peoples of the world can be used intelligently to promote understanding and unity. We are given a glimpse in this book of the beauty of energy synthesis when all component parts work together according to their own ray combination and the glory of the One. The future will see right relationships true communion a sharing of all things and goodwill we have also a picture of the future of humanity when all nations are united in complete understanding and the diversity of languages symbolic of differing traditions cultures civilisations and points of view will provide no barrier to right human relations. At the centre of each of these two pictures is to be found the Christ.

does NOT pay to be ignorant of how the world actually operates energetically If illness and disease are on the rise and rise if violence is escalating and not declining if more extreme behaviour is on the increase and if the planet is showing us such unsettling weather patterns and all of it is taking place in a world where it is a fact that everything is energy should we not ask what is energetically going on and how we are energetically living Everything is energy therefore everything is because of energy When this becomes our way of thinking again we will remember that there is a specific and known energy to choose well before we decide how to live as human beings *These Necessary Things* Church of God of Prophecy, 1960
