Prophet Of Love Understanding The Of Hosea:

Prophet of Love William J. Doorly, 1991 **The Prostitute and the Prophet** Yvonne Sherwood, 2004-12-30 The only consensus that has been reached on Hosea 1 3 is that it is a notoriously problematic text Sherwood unpicks this rather vague statement by examining the particular complexities of the text and frictions between the text and reader that conspire to produce such a disorientating effect Four dimensions of the problem are considered the conflict between text and reader over the improper relationship between Hosea and Gomer the bizarre prophetic sign language that conscripts people into a cosmic charade the text s propensity to subvert its central theses and the emergent tensions between the feminist reader and the text Aiming to bring together literary criticism and biblical scholarship this book provides lucid introductions to ideological criticism semiotics deconstruction and feminist criticism and looks at the implications of these approaches not only for the book of Hosea but for biblical studies in general **An Annotated Guide to Biblical Resources for Ministry** David R. Bauer, 2011-04-01 David Bauer s Annotated Guide to Biblical Resources for Ministry is without doubt the most complete and up to date practical bibliographic compendium on the Bible now available All interpreters of Scripture pastors and teachers will find the information provided here useful and accessible Especially valuable are the annotations of selected books which offer careful and informed judgments about the usefulness of the works and provide succinct but informative and accurate descriptions and evaluations of each book While Bauer is a New Testament teacher his choices and assessments in the Old Testament bibliography are as good as any Old Testament scholar could produce I do not know of any comparable work for pastors and teachers Patrick D Miller Charles T Haley Professor of Old Testament Theology Princeton Theological Seminary This is one of those rare bibliographic guides that every student of religion seminarian and minister will want to have on his or her bookshelf The focus of this guide is on biblical studies It contains entries on 2 200 books written by 1 300 scholars Annotations describe and evaluate books that are highly recommended Virtually every topic in biblical studies is noted commentaries on each book of the Bible biblical histories theologies and ethics books on the canon archaeology early Judaism and interpretive methods and technical books such as grammars concordances Bible dictionaries and atlases The great strength of this guide is not only that it provides the reader with a wealth of information but also that the format it follows is eminently reader friendly The Guide is invaluable for assisting the student seminarian or minister in building a personal library I highly recommend it Jack Dean Kingsbury Professor Emeritus of Biblical Theology Union Theological Seminary in Virginia This book provides pastors and church workers with a map for navigating the maze of biblical studies It offers an extensive list of resources with helpful comments and recommendations that help readers discover which books will be of most interest to them The consistent focus is on volumes that are attentive to faith concerns and thus most promising for use within faith communities A valuable tool for any minister or church worker committed to taking the Bible seriously Mark Allan Powell Professor of New Testament Trinity Lutheran Seminary *The A to Z of Prophets in Islam and Judaism*

Scott B. Noegel, Brannon M. Wheeler, 2010-04-01 Both traditions recognize and draw theological and historical lessons from some of the same narrative sources but this is the first comparative resource to provide interdisciplinary coverage of the history and textual sources associated with prophets and prophecy This thorough treatment of a difficult and increasingly controversial subject area will encourage and cultivate knowledge and understanding Entries are drawn from five main fields 1 Ancient Near Eastern Studies 2 Bible and Biblical Studies 3 Judaism and Jewish Studies 4 The Quran and Quranic Studies 5 Islam and Islamic Studies The A to Z of Prophets in Islam and Judaism treat each entry as a compilation of relevant data culled from these different traditions in order to take the reader beyond the expected parameters of research Originally envisioned as an initial resource for students of comparative religion the extensive chronology bibliography and the overall accessibility of the passages make the book suitable for a much wider audience

God's Enduring Love in the Book of Hosea Joy Philip Kakkanattu, 2006 Joy Philip Kakkanattu provides an exegetical and theological analysis of an important and difficult text of the Old Testament through a synchronic and diachronic reading Detailed critical notes which discuss the textual difficulties accompany the translation of the text from Hebrew In the detailed exegesis special attention is given to study of the key terms theologically significant in Hos 11 1 11 against the context of the whole book The exegesis shows that in Hos 11 8 9 it is not the repentance of Yahweh that causes the withholding of His anger against Israel but Yahweh's constancy in His election of Israel as His son More than a change of heart the decision not to execute the deserved judgement witnesses Yahweh's divine nature Special attention is dedicated to the parent metaphor employed in Hos 11 1 11 It is concluded that more than expressing the Yahweh Israel relationship as a father son relationship the text speaks of it in terms of parent child relationship In the diachronic analysis the author deals with the origin and formation of Hos 11 1 11

Introduction to the Old Testament Anthony R.
