

A person wearing a white robe stands in the center of a stone archway. The archway is part of a larger structure with a large dome visible in the background. The scene is set against a wall of stone blocks. The text "THE 'PROPHETHOOD' OF ALL BELIEVERS" is overlaid in the center of the image.

Prophethood Of All Believers

Roger Stronstad

Prophethood Of All Believers:

The Prophethood of All Believers Roger Stronstad, 1999-01-01 For centuries Christians have had the concept of the priesthood of all believers firmly engrained in their minds The prophethood of all believers on the other hand is so Stronstad believes the main focus of Spirit baptism in Luke Acts A landmark study in Lukan pneumatology this book is aimed at a mixed readership ranging from the scholar to the informed layperson The role of the Spirit in Luke is clearly portrayed in terms of vocational empowerment Traditionally Lukan pneumatology has been viewed through Pauline or Johannine spectacles but by interpreting Luke independently of the other Gospels and the epistles Stronstad has cogently argued for the historical and contemporary relevance of Spirit baptism He challenges the reader to develop a new appreciation of Luke's theology of the Holy Spirit and in fact to consider the role of the prophethood of all believers for today's world The Prophethood of All Believers James Luther Adams, 1986 A collection of essays and addresses some of which were previously published The Prophethood of All Believers Roger Stronstad, 1993* *The Essential James Luther Adams* James Luther Adams, 1998 Revealing essays discuss the religious power of music the role of the liberal church in social justice the historical origins of the free church movement the balance of spirituality and social responsibility and more Spans Adams' entire career The Prophethood of All Believers Joseph L. Trafton, 1974 In the Days of Caesar Amos Yong, 2010-09-14 In the Days of Caesar is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world Yong has three goals here First he seeks to correct stereotypes of Pentecostalism both political and theological Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice This book's engagement with political theology from a Pentecostal perspective is the first of its kind *The Holy Spirit in Mission* Gary Tyra, 2011-10-19 The church has been called to participate in God's mission in the world But without a robust biblical sense of the Spirit's action how can we be sure we're fulfilling that call In this innovative work of missional pneumatology Gary Tyra synthesizes charismatic and evangelical perspectives to flesh out the nature and purpose of the church's preaching proclamation and service

Pentecostal Prophets Stephen D. Barkley, 2023-04-20 Prophets come in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message to understand the how How do modern day prophets experience the prophetic impulse The phenomenological study at the core of this book answers that question directly by examining the experience of Canadian

Pentecostals From there the experience of modern day prophets is compared with Old Testament prophets with special attention given to Jeremiah It turns out that prophets today share in the same experience as their Old Testament predecessors This book can benefit three audiences For the academy this work provides the first phenomenological study of prophecy in Canada For pastors reading this book will be an exercise in empathy placing you in the shoes of the prophets in your congregation helping you to understand what goes on when someone prophesies For everyday prophets this book will affirm your connection through Jesus to the Old Testament prophetic tradition enabling you to read those Old Testament books in a new experiential light *Pentecostalism: A Guide for the Perplexed* Wolfgang Vondey, 2012-12-18 Pentecostalism is the fastest growing religious movement of our time The unexpected birth of the modern day Pentecostal movement at the doorsteps of the twentieth century is as perplexing as its continuing existence and unprecedented expansion worldwide Once marginalized from public discourse Pentecostals have entered into mainstream culture religion politics academia and social action However the unprecedented growth of Pentecostalism in all its diversity has led to characterizations ripe with platitudes stereotypes and misrepresentations This Guide for the Perplexed sheds light on the most persistent contrasts characterizing the Pentecostal movement the tension between local manifestations and global Pentecostalism the inconsistency between spiritual discernment and charismatic excess the gap between rampant denominationalism and the pursuit of Christian unity the disparity between poverty among many Pentecostals and the popularity of the prosperity gospel the division between Oneness Pentecostals and their trinitarian counterparts and the worldview of Pentecostals beyond the confines of a religious movement Those tensions form the essence of global Pentecostalism and represent the emergence of a global Christian world *The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today* Anthony C. Thiselton, 2013-06 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements *Philip's Daughters* Estrela Y. Alexander, Amos Yong, 2009-01-01 This volume brings together twelve scholars from a variety of scholarly fields including biblical studies history theology sociology anthropology and missiology in a multi disciplinary exploration of themes related to women's leadership within the three branches of the renewal movement Holiness Pentecostal and Charismatic traditions These scholars women and men from both within and outside the traditions draw on various methodologies including hermeneutics ethnography critical theory and historical analysis to explore the

experiences and contributions of women from the movement's inception to the present. They keep before us the challenges that still impact women's full participation as equal partners in ministry and leadership on both the American and global scene. The volume looks at the multiple roots of women's marginalization within the renewal movement while suggesting progressive solutions that take seriously the social locations of Pentecostal and Charismatic congregations and the theological foundations on which the movement has been built. At the same time it locates these discussions within the broader postmodern realities facing the church as it attempts to faithfully live out its witness to the biblical truth that both male and female are created in the God's image and endowed with the capacity to work creatively toward the unfolding of the Kingdom.

Sharing in God's Presence Roy D. Kindelberger, 2018-10-05

Sharing in God's Presence means far more than getting saved and experiencing God's blessing in our lives. As believers his presence becomes a very personal part of who we are and what we do. God actually shares himself with us. The language that we use often fails to capture the depths of God's nature penetrating ours, the fullness of his Spirit permeating our hearts and the innermost infusion of his presence in our lives. But the truth couldn't be more intimate. The person who is joined to the Lord is one spirit with him. 1 Corinthians 6:17. This book is an invitation to share in God's presence by allowing God to share himself with you. God wants everyone to share in his embrace. As we accept our responsibility for prayer ministry and even revival we share in the very precious dynamic of give and response that's involved in an intimate walk with Jesus Christ. For a general readership this book is a reworking of material from the second half of the author's academic work *God's Absence and the Charismatic Presence*.

Prophecy and Politics in South African Pentecostalism Mookgo Solomon Kgatle, 2023-12-28

This book is an interdisciplinary study of the relationship between prophecy and politics in South African Pentecostalism. The role and the power of prophecy in enhancing the presence of politicians in the church square are unpacked through historical examples as well as case studies of contemporary prophets. Solomon Kgatle argues that the influence of prophecy in politics has the potential to weaken the prophetic voice of the church in general and the Pentecostal movement in particular. He proposes a Pentecostal political theology of prophecy. This theology is developed by taking into cognizance the theoretical and theological frameworks of prophetic imagination and pneumatological imagination. In addition, this theology seeks a balance between prophecy and power and prophecy and sovereignty.

Interpretation of Tongues and Prophecy in 1 Corinthians 12-14, with a Pentecostal Hermeneutics Jeon Ahn Yongnan, 2019-05-21

Bringing spiritual experience into the domain of biblical hermeneutics, this book will certainly stimulate current debates within this field among both Pentecostals and Christians of other traditions. The author also applies a Pentecostal hermeneutical methodology to Paul's teaching on tongues and prophecy in 1 Corinthians 12-14, opening possibilities to a Pentecostal pneumatology that tends instead to focus on the Lukan narrative. Paul's texts are reconsidered not as doctrinal or situational documents but as dynamic communication within a living community.

God and Globalization: Volume 2 Max L. Stackhouse, Peter J. Paris, Don S. Browning, 2001-03-01

A trenchant study of the impact of globalization on the world's major institutions shows how the new authorities are influenced by religious and spiritual principles. Original.

The Practice of Prophecy Li Ming Dennis Lum, 2018-03-26

The charisma of prophecy is found throughout the history of the global Pentecostal movement. Within the movement, prophecy is seen as the communication of an inspired spontaneous revelation bringing edification to the faith community. Despite its prevalence, academic research has mostly focused on the biblical theological aspect, neglecting the actual contemporary practice. This book addresses this gap with a study on the practice of prophecy within the Assemblies of God of Singapore. The book investigates the nature, purpose, and significance of the phenomenon. It also identifies theological variables that are correlated with its practice and explicates these relationships. The investigation employs the empirical theological method of Johannes van der Ven, utilizing both a qualitative and a quantitative study. The results provide a rich description of the actual reception, delivery, and judging of prophecy. Significant findings include relationships between prophecy and courage, love, personality types, prayer types, and evangelism.

Reading St. Luke's Text and Theology:

Pentecostal Voices Riku P. Tuppurainen, 2019-10-16

Lukan narrative takes its readers into God's story: how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee, ending on the hill of Calvary and the Mount of Olives, yet moving on and telling how the Spirit descended onto the Temple Mount, empowering God's people who then began to fulfill the given mandate in the presence of the Spirit. Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit references. This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematicians. Here, their vigorous labor

with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of Lukan narrative to journey together on the road to Emmaus as we continue to ponder the events in the past the present and the future Lions, Locusts, and the Lamb Michael Kuykendall,2019-01-28 The symbolism of Revelation has puzzled readers for centuries Every generation falls prey to extreme views of interpretation Even worse they minimize the importance of John s Apocalypse by not teaching or preaching from it Yet Revelation is a profound work of New Testament theology and warrants a close study John expects and prepares believers to follow the Lamb through suffering and possible martyrdom The problem is centered on what the symbols mean Are they literal Are they symbolic Do the images refer to events and people in the first century or to the last days of planet earth Moreover how is the book structured Is it one vision four visions or more Are the visions linear or recapped Lions Locusts and the Lamb Interpreting Key Images in the Book of Revelation demonstrates a way to unlock John s structure and unravel his symbols The key is to follow a logical step by step interpretive approach that accents the historical cultural intertextual extratextual and particularly intratextual allusions and connections The result is a book that delivers the basic meaning of three hundred images and categorizes them into an accessible guide for teachers preachers and readers of Revelation **A Progressive Voice in the Catholic Church in the United States** Arthur J. McDonald,2019-10-29 In the summer of 1966 one year after the conclusion of the Second Vatican Council a group of nineteen Roman Catholic priests met clandestinely in a church hall in a suburb of Pittsburgh to discuss forming an independent group of ordained clergy Fearful that meeting publicly might be viewed as a threat to the authority of the local bishop thus potentially risking sanctioning from him they used numbers not names when circulating the minutes of the first two meetings Once the word spread among the local clergy that such a group was meeting and they realized there was widespread interest they went public and invited all of Pittsburgh s Catholic clergy including the bishop to their third meeting They chose a name the Association of Pittsburgh Priests APP and the group was launched Shortly after forming and with interest from among over two hundred clergy APP began advocating for major church renewal and involvement in any number of social justice issues Regarding church renewal they grounded themselves in the documents of Vatican II most especially Gaudium et Spes Church in the Modern World and soon lobbied for optional celibacy and married priesthood women s ordination lay empowerment including the promotion of the early church notion of the priesthood and prophethood of all believers To this day APP remains a force for change in the church and in society ever true to its initial intuition to fully implement the renewal of church and society called for by the bishops at Vatican II **The Spirit in the World** Veli-Matti Karkkainen,2009-08-26 Pentecostal scholars from four continents here offer constructive theological proposals focusing on the role of the Holy Spirit in diverse cultural and religious contexts Typical Pentecostal topics Spirit

baptism healing and other charisms are interwoven with such themes as post colonialism religious plurality racial diversity and cultural heritage
