Suzuki,2011-01-19 During the seventeenth century in response to political and social upheavals such as the English Civil Wars women produced writings in both manuscript and print This volume represents recent scholarship that has uncovered new texts as well as introduced new paradigms to further

republicanism's division of the private from the public sphere excluded women from political power Gillespie demonstrates how seventeenth century Englishwomen articulated republicanism's key insight meaningful action political or otherwise does and should take place outside the purview of government in spheres that not only include women but that women helped construct Drawing on the works of six women writers of the period the book examines their writings and explores the key themes and concepts that they build upon From Republic to Restoration Janet Clare, 2018-04-03 Republic to restoration cuts across artificial divides between periods and disciplines often imposed for reasons of convenience rather than reality Challenging the traditional period divide of 1660 essays in this volume explore continuities with the decades of civil war and the Republic shedding new light on religious political and cultural conditions before and after the restoration of church and king Transdisciplinary in conception it includes essays on political theory poetry pamphlets drama opera art scientific experiment and the Book of Common Prayer Essays in the volume variously show how unresolved issues at national and local level including residual republicanism and religious dissent were evident in many areas of Restoration life and were recorded in memoirs diaries plays historical writing pamphlets and poems An active promotion of forgetting and the erasing of memories of the Republic and the reconstruction of the old order did not mend the political religious and cultural divisions that had opened up during the Civil War In examining such diverse genres as women's religious and prophetic writings the publications of the Royal Society the poetry and prose of Marvell and Milton plays and opera court portraiture contemporary histories of the civil wars and political cartoons the volume substantiates its central claim that the Restoration was conditioned by continuity and adaptation of linguistic and artistic discourses Republic to restoration will be of significant interest to academic researchers in a wide range of related fields and especially students and scholars of seventeenth century literature and history **Women and the Reformations** Merry E. Wiesner-Hanks, 2024-10-22 A compelling authoritative history of how women shaped the Reformations and transformed religious life across the globe The Reformations both Protestant and Catholic have long been told as stories of men But women were central to the transformations that took place in Europe and beyond What was life like for them in this turbulent period How did their actions and ideas shape Christianity and influence societies around the world In this rich and definitive study renowned scholar Merry E Wiesner Hanks explores the history of women and the Reformations in full for the first time Wiesner Hanks travels the globe examining well known figures like Teresa of Avila Elizabeth I and Anne Hutchinson as well as women whose stories are only now emerging Along the way we meet converts in Japan Spanish nuns in the Philippines and saints in Ethiopia and America Wiesner Hanks explores women's experiences as monarchs mothers migrants martyrs mystics and missionaries revealing that the story of the Reformations is no longer simply European and that women played a vital role Secretaries of God Diane Watt, 1997 The English women prophets and visionaries whose voices are recovered here all lived between the twelfth and the seventeenth centuries and claimed through the medium of trances and eucharistic piety to

speaking for God Through prophecy they were often able to intervene in the religious and political discourse of their times the role of God's secretary gave them the opportunity to act and speak autonomously and publicly Back cover *A History of Early Modern Women's Writing* Patricia Phillippy, 2018-01-18 *A History of Early Modern Women's Writing* is essential reading for students and scholars working in the field of early modern British literature and history This collaborative book of twenty two chapters offers an expansive multifaceted narrative of British women's literary and textual production in the period stretching from the English Reformation to the Restoration Chapters work together to trace the contours of a diverse body of early modern women's writing aligning women's texts with the major literary political and cultural currents with which they engage Contributors examine and take account of developments in critical theory feminism and gender studies that have influenced the reception reading and interpretation of early modern women's writing This book explicates and interrogates significant methodological and critical developments in the past four decades guiding and testing scholarship in this period of intense activity in the recovery dissemination and interpretation of women's writing Writing Fundamentalism Axel Stähler, Klaus Stierstorfer, 2009-05-27 Given its discursive amplification and its very real impact on contemporary societies fundamentalism has become the focus of much scholarly attention However whereas it is commonly recognized to be centred on texts the complex and at times paradoxical relationship of fundamentalism with literature remains as yet largely unexplored Based on new research by an international team of scholars working in the fields of literary and cultural studies the essays gathered in this volume are based on a number of theoretical frameworks and debates and open up a historical perspective which engages critically with received notions of fundamentalism by exploring literary representations of fundamentalisms and the function of literature in fundamentalism they enquire into the underlying generic differences and incompatibilities as well as perhaps more unexpected the similarities and affinities between fundamentalism and literature Opening up a historical perspective reaching back to the early sixteenth century concepts of fundamentalism as a response to exclusively modernist tendencies since the beginning of the twentieth century are challenged in this volume and several contributors begin to explore the rise of fundamentalisms at various points in history characterized by the crisis experience of cultural change While taking this conceptual base as a point of departure the articles collected here then spread out on a plurality of theoretical frameworks Alert to the productive friction between these discourses which it aims to elicit the volume confronts earlier research in the disciplines of theology history of religion sociology political history anthropology and if less copious literary studies with postcolonial and cultural studies With its general focus on writing in English including American and British literatures as well as the new literatures in English worldwide the collection takes into account cultural and historical affinities and differences which have contributed to the ongoing negotiations of fundamentalism and literature in the English language and transcends borders of both nations and academic disciplines In exploring new perspectives on fundamentalism and literature the volume offers tools for a better understanding of this

interrelation which should be of interest to scholars across all disciplines concerned with fundamentalism as a social and cultural phenomenon of ever growing global importance and impact

**Women and Dramatic Production 1550 - 1700** Alison Findlay, Gweno Williams, Stephanie Wright, 2014-09-25 There is a traditional view that women were absent from the field of dramatic production in the early modern period because of their exclusion from professional theatre *Women and Dramatic Production 1550 1700* challenges this view and breaks new ground in arguing that far from writing in closeted retreat a select number of women took an active part in directing and controlling dramatic self representations Examining texts from the mid sixteenth century through to the end of the seventeenth the chapters trace the development of a women centred aesthetic in a variety of dramatic forms Plays by noblewomen such as Mary Sidney Elizabeth Cary Mary Wroth Rachel Fane and the women of the Cavendish family form an alternative dramatic tradition centred on the household The powerful directorial and performative roles played by queens in royal progresses and masques are explored as examples of women s dramatic production in the royal court The book also highlights women s performances in alternative venues such as the courtroom and the pulpit arguing that the practices of martyrs like Margaret Clitherow or visionaries like Anna Trapnel call into question traditional definitions of theatre The challenges faced by women who were admitted to the professional theatre companies after 1660 are explored in two chapters which deal with the plays of Katherine Philips Elizabeth Polwhele Aphra Behn and Mary Pix among others By considering the theatrical dimensions of a wide range of early modern women s writing this book reveals the breathtaking panorama of women s dramatic production and will be essential reading for students of women s writing and renaissance drama

**Reading Early Modern Women's Writing** Paul Salzman, 2006-11-30 This book contains the first comprehensive account of writing by women from the mid sixteenth century through to 1700 At the same time it traces the way a representative sample of that writing was published circulated in manuscript read anthologised reprinted and discussed from the time it was produced through to the present day Salzman s study covers an enormous range of women from all areas of early modern society and it covers examples of the many and varied genres produced by these women from plays to prophecies diaries to poems autobiographies to philosophy As well as introducing readers to the wealth of material produced by women in the early modern period this book examines changing responses to what was written tracing a history of reception and transmission that amounts to a cultural history of changing taste

**Exploring Lost Dimensions in Christian Mysticism** Louise Nelstrop, Simon D. Podmore, 2016-04-15 Mystical theology has developed through a range of meanings from the hidden dimensions of divine significance in the community s interpretation of its scriptures to the much later science of the soul s ascent into communion with God The thinkers and questions addressed in this book draws us into the heart of a complicated beautiful and often tantalisingly unfinished conversation continuing over centuries and often brushing allusively into parallel concerns in other religions Raising fundamental matters of epistemology representation metaphysics and divine reality contributors approach the mystical from postmodern feminist sociological and

historical perspectives through thinkers such as Meister Eckhart Thomas Aquinas Catherine of Siena Ignatius of Loyola William James Evelyn Underhill Ernst Troeltsch Rudolf Otto Jacques Derrida Jean Luc Marion and Jean Louis Chr tien Medieval and early modern radical prophetic approaches are also explored This book includes new essays by Sarah Apetrei Tina Beattie Raphael Cadenhead Oliver Davies Philip Endean Brian FitzGerald Ann Loades George Pattison Simon D Podmore Joel D S Rasmussen and Johannes Zachhuber

**Marriage and Violence** Frances E. Dolan, 2010-11-24 Marriage is often described as a melding of two people into one But what or who must be lost fragmented or buried in that process We have inherited a model of marriage so flawed Frances E Dolan contends that its logical consequence is conflict Dolan ranges over sixteenth and seventeenth century Puritan advice literature sensational accounts of true crime and late twentieth century marriage manuals and films about battered women who kill their abusers She reads the inevitable *Taming of the Shrew* against William Byrd s diary of life on his Virginia plantation Noel Coward s *Private Lives* and Barbara Ehrenreich s assessment in *Nickel and Dimed* of the relationship between marriage and housework She traces the connections between Phillippa Gregory s best selling novel *The Other Boleyn Girl* and documents about Anne Boleyn s fatal marriage and her daughter Elizabeth I s much debated virginity By contrasting depictions of marriage in the sixteenth and seventeenth centuries and our own time she shows that the early modern apprehension of marriage as an economy of scarcity continues to haunt the present in the form of a conceptual structure that can accommodate only one fully developed person When two fractious individuals assert their conflicting wills resolution can be achieved only when one spouse absorbs subordinates or eliminates the other In an era when marriage remains hotly contested this book draws our attention to one of the histories that bears on the present a history in which marriage promises both intimate connection and fierce conflict both companionship and competition

*The Political Bible in Early Modern England* Kevin Killeen, 2017 This book explores the Bible as a political document in seventeenth century England revealing how it provided a key language of political debate

**Memoirs of Women Writers, Part III vol 8** Gina Luria Walker, 2024-10-28 Mary Hays was a radical feminist whose writings brought her to the attention of her contemporaries William Blake Thomas Paine Mary Wollstonecraft and William Godwin Her *Female Biography* is an ambitious and acclaimed work covering the lives of 294 women
