Department of the Army, 1964 *Department of the Army Pamphlet* , 1964 Research on the American Republics , 1952 **Trujillo: The Life and Times of a Caribbean Dictator** Robert D. Crassweller, 2023-01-28 This is the most satisfactory study of Rafael Trujillo 1891 1961 yet published Mr Crassweller has used printed materials and interviews to reconstruct the life of the Caribbean strongman and his book is not the typical sycophantic panegyric published during Trujillo s rule or a recapitulation of the worst excesses of his dictatorship It is a surprisingly well balanced attempt to understand the man his motives and his regime Trujillo was the product of the United States occupation between 1916 and 1924 Born in humble circumstances in 1891 his career had been inauspicious until he discovered that he might be able to obtain a commission in a new constabulary being formed by the occupation forces within ten years he was in charge of the nation s armed forces and by 1930 he was President From that time until his death he ruled his country with an iron hand and the author lucidly shows how he converted it into his own personal estate through political and economic manipulation A vain man Trujillo used the vanity of others to achieve his goals He thought everyone had his price and all too often he was right Not only would Dominicans debase themselves in order to receive the dictator s largesse but there is evidence as the author shows that United States Congressmen and even the Vatican accepted favours from Trujillo But in his quest for power he made more enemies than friends and the account of his decline is both informative and dramatic International Journal Crassweller has produced a superb volume about the man in Caribbean politics from the early 1930 s until the rise of Fidel Castro This portrait of Dominican politics and the ascendancy of Trujillo is chilling in its implications and far surpasses what the average critic of Trujillo imagined The former dictator is portrayed as a tyrant in the absolute sense operating through a series of clever tactics to intimidate those around him this volume must stand as an achievement The Review of Politics Here we have a small miracle Crassweller has produced the best work on Trujillo the man and the Dominican Republic the country that we have or are likely to get in the years immediately ahead In scope the book is both expansive and intimate paying careful

attention to the changing historical circumstances as it concentrates on the personal characteristics and activities The New York Times Book Review This book deserves to be read no comparable picture of the Caribbean saga exists in English a devastating history This biography of Trujillo may be read as a super detective story or as colorful history or as a commentary on our times No one starting the book is likely to put it down and he will be left at the end with a pressing question of how sane clean and healthy forces can be made to triumph in this area so vital to the safety of the United States The New York Herald Tribune s Book Week This is a remarkable account of a remarkable period in Caribbean history well planned and well written Chicago Tribune Mr Crassweller s account of this power crazy dictator and his times is a monumental job of historical and biographical research and writing Christian Science Monitor This biography of Trujillo is by far the best available In a vivid very readable style it presents a mass of information much of it hardly known most of it of historical interest highly recommended as a lively portrait of a fascinating character Caribbean Studies I suppose everyone has told you what a subtle elegant and penetrating account you have written of Trujillo But let me also add my word This combination of artistry and craftsmanship happens only about once every five years John Kenneth Galbraith *External Research* United States.
