Proposition 12 For Decentralized Governance In Liberia Power Sharing For Peace And Progress:

Proposition 12 for Decentralized Governance in Liberia Yarsuo Weh-Dorliae,2004 Yarsuo Weh Dorliae analyzes the system of governance in the Republic of Liberia and the historical abuse of power by the office of the president His step by step prescriptions for decentralization of Liberia s public administration provides useful and important measures as the nation strives to build a more democratic and accountable system in its postwar era **Reconstructing the Authoritarian State in Africa** George Kieh, Jr.,Pita Agbese,2013-10-01 This work seeks to examine the nature and dynamics of authoritarianism in Africa and to suggest ways in which the states covered in the book can be democratically reconstituted In 1990 a wave of euphoria greeted the third wave of democratization that swept across the African Continent The repression wearied subalterns were hopeful that the third wave would have set into motion the process of democratically reconstituting the authoritarian state on the continent More than two decades thereafter although some progress has been made by and large the authoritarian state remains the dominant construct in the region Even in some of the countries in which democratic transitions have taken place the process of democratic consolidation remains an elusive quest as these states are sandwiched between authoritarianism and democracy Against this background the purpose of this book is to examine the travails of the authoritarian state in Africa including the Herculean task to democratically reconstruct it In order to do this six of Africa s perennial authoritarian states Cameroon the Democratic Republic of the Congo Egypt Liberia Rwanda and Uganda are used as the case studies The book has two major objectives First the various chapters probe the nature and dynamics of authoritarianism in Africa Second the chapters suggest ways in which the various authoritarian states covered in the book can be democratically reconstituted **Liberia, a Bulwark of Rage** Lawrence D. Taplah,2015-06-23 This is about racial profiling in Liberia and I feel it would be suitable for everybody to know about Throughout the existing accusatory writing sometimes Liberians and foreigners have dominant thought about whether racial profiling is ingrained in the people The founding of Liberia has exalted the descendants of American black free slaves at the expense of descendants of African natives The accusation of manipulation by each group has intensified the divisiveness of Liberians Such outflow of hostility has amounted to many wars and the interlocking system to belong in a group for an identity I want Liberians and non Liberians to read my book for the capsule of racial profiling which started in 1821 by agents of the American Colonization Society during an undetermined event and into the twenty first century **Bulletin of the Atomic Scientists** ,1986-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world
