Reform Of Elementary School Education:

Success for All Robert E. Slavin, Nancy A. Madden, 2001-01-01 Success for All is a comprehensive reform model for elementary school that combines state of the art curriculum research based instructional methods assessments and professional development with one to one tutoring extensive family support services and other strategies to ensure that every child is successful in the early grades and then builds on that success throughout the elementary years Started in 1987 it is the most widely used of all reform designs It is currently in about 1800 schools serving more than a million U S children mostly in high poverty schools It is also the most extensively researched comprehensive reform program with two dozen evaluations carried out in eight research institutions Success for All Research and Reform in Elementary Education is the first edited volume presenting research on Success for All in the U S and in five other countries for which the program has been adapted This book presents a description of Success for All an overall summary of all achievement studies reviews of research original presentations of new research and discussions of the impacts and the implications of this research and dissemination for educational policy and practice in many arenas *The Reform of Elementary School Education* Bartley Frank Brown, 1992-01-01 **Evaluation and Reform** Milbrey Wallin McLaughlin, 1975 [Charting Chicago School Reform](#) Anthony Bryk, Penny Bender Sebring, David Kerbow, Sharon Rollow, John Easton, 2018-03-08 In 1989 Chicago began an experiment with radical decentralization of power and authority Intertwining extensive narratives and rigorous quantitative analyses this book tells the story of what happened to Chicagos elementary schools in the first four years of this reform In 1989 Chicago began an experiment with radical decentralization of power and authority This book tells the story of what happened to Chicagos elementary schools in the first four years of this reform Implicit in this reform is the theory that expanded local democratic participation would stimulate organizational change within schools which in turn would foster improved teaching and learning Using this theory as a framework the authors marshal massive quantitative and qualitative data to examine how the reform actually unfolded at the school level With longitudinal case study data on 22 schools survey responses from principals and teachers in 269 schools and supplementary system wide administrative data the authors identify four types of school politics strong democracy consolidated principal power maintenance and adversarial In addition they classify school change efforts as either systemic or unfocused Bringing these strands together the authors determine that in about a third of the schools expanded local democratic participation served as a strong lever for introducing systemic change focused on improved instruction Finally case studies of six actively restructuring schools illustrate how under decentralization the principals role is recast social support for change can grow and ideas and information from external sources are brought to bear on school change initiatives Few studies intertwine so completely extensive narratives and rigorous quantitative analyses The result is a complex picture of the Chicago reform that joins the politics of local control to school change This volume is intended for scholars in the fields of urban education public policy sociology of education

anthropology of education and politics of education Comprehensive and descriptive it is an engaging text for graduate students and upper level undergraduates Local state and federal policymakers who are concerned with urban education will find new and insightful material The book should be on reading lists and in professional development seminars for school principals who want to garner community support for change and for school community leaders who want more responsive local institutions Finally educators administrators and activists in Chicago will appreciate this detailed analysis of the early years of reform A Nation at Risk United States. National Commission on Excellence in Education,1983 An open letter to the American people **The Myth of Educational Reform** Thomas S. Popkewitz,B. Robert Tabachnick,Gary Wehlage,1982

Extending Educational Reform Amanda Datnow,Lea Hubbard,Hugh Mehan,2002-03-14 In an effort to improve student achievement thousands of US schools have adopted school reform models devised externally by universities and other organizations Such models have been successful in improving individual schools or groups of schools but what happens when educational reform attempts to extend from one school to many Through qualitative data from several studies this book explores what happens when school reform goes to scale Topics covered include why and how schools are adopting reforms the influence of the local context and wider constraints on the implementation of reform teachers and principals as change agents in schools the evolution of reform design teams the implementation sustainability and expiration of reform and its impact on educational change Each chapter concludes with guidelines for policy and practice This book will be of interest to educational leaders and staff developers educational researchers and policy makers in the US and internationally A Nation at Risk United States. National Commission on Excellence in Education,1983 Reform and Development of Educational System Ling Li,Jiafu Zheng,Zeyuan Yu,2017-12-29 In this book the authors pursue quantitative qualitative and mixed methods approaches conducting hundreds of large scale surveys and in depth interviews in 679 schools 67 counties and 13 provinces throughout China They also conducted longitudinal case studies in five municipalities and provinces to better reflect education reform and development in different education levels or sectors The authors used national statistical data from the 1970s to 2013 as well as a wealth of first hand documents and data from different levels of educational departments in schools counties municipals and provinces and grass roots input from 253 teachers principals education administrators and students The authors applied SEM HLM GCM and many other statistic techniques and qualitative methods to analyse the data and materials in order to explore correlations between development and reform internal and external factors in educational reforms as well as strategies for resolving core issues Their findings indicate that institutional reforms concerning financial investments allocation of teaching resources allocation of facilities curricula design systems and political economic social system reforms all contribute to the development of different levels and types of education in different modes and to different extents Topics of particular interest include five case studies conducted in five different municipalities and provinces that showcase the nation s education reform and development in a specific model and on the

basis of substantial data Further milestone events regarding educational reform and development that have taken place in China since 2013 are examined As a unique feature the book also includes 353 diagrams and tables on the development and reform of education in China offering extensive and up to date information on a part of the world that often remains difficult to access The book provides an expansive and in depth examination of the nation s education reform and development from its historical roots to the present and combining official and grass roots standpoints It will help readers to understand why and how Chinese education could lead students to win in international comparisons like PISA while at the same time often being the target of scathing criticism as well as how the nation is now working to provide a better education to serve the world s largest population **Development and Reform of Primary Education** International Bureau of Education,1984

Studies of Education Reform Margaret E. Goertz,1996 **Reform of Elementary Education in Austria** May Hollis Siegl,1933 **The Wiley International Handbook of Educational Foundations** Alan S.
